Note 1 – Description of the Plan

The following description of the 12 Oaks Management Services In 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1998, and amended February 1, 2004, to eliminate the minimum plan entrance age. It is a defined contribution plan qualified under Section 401(k) of the U.S. Internal Revenue Code ("IRC") covering all employees of 12 Oaks Management Services, Inc. (the "Company"). Employees must have completed one year of service to be eligible to participate in the Plan. New participants may enter the Plan on the next payroll subsequent to their date of eligibility. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to the maximum allowable of their pretax annual wages, subject to certain limitations established by the federal government. These contributions are not subject to federal income taxes until withdrawn, in accordance with Section 401(k) of the IRC. In addition, the Company can make discretionary matching contributions, but is not required to do so. The Company's matching contributions for the year ended December 31, 2010, amounted to $34,319.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution, if any, and Plan earnings. Allocations are based on total investment earnings and average account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – Description of the Plan (continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contributions portion of their accounts plus earnings thereon is based on years of continuous service, whereby partial vesting begins after one year of service and are fully vested after five years of service. The nonvested portions of Company contributions are forfeited as of an employee's termination date and are added to any Company matching contributions. Any forfeitures not added to the Company matching contributions are allocated to participants according to the Plan provisions. Unallocated forfeitures amounted to $1,170 at December 31, 2010. There were no unallocated forfeitures at December 31, 2009.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, participants may receive the value of the participant's vested balance in his or her account. Participants may elect to defer distributions until retirement except for balances less than $5,000.

Participant Loans

The Plan does not permit participant loans.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 2 – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are stated at fair value as determined by quoted market prices. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for plan benefits as realized and unrealized gains and losses and investment income. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex- dividend date.

Payment of Benefits

Benefits are recorded when paid.

Tax Status

The Plan is a standardized prototype plan and has not been submitted to the Internal Revenue Service (IRS) for a determination as to whether it meets the qualification requirements of IRC Section 401(k). The IRS issued an opinion dated March 31, 2008, stating that the prototype plan was designed in accordance with applicable IRC requirements as of that date. Management of the Company believes that the Plan is designed and is being operated within the terms of the Plan, and in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements.

Note 3 – Investments

The plan assets are invested in mutual funds based on the participant's specified allocation percentages. The fair values of the individual funds that represent more than 5% of the Plan's net assets as of December 31, 2010 and 2009, are as follows:

	2010	2009
Black Rock Small Cap Growth	$ -	$ 52,268
Merril Lynch Ready Assets Trust	-	141,117
Black Rock International Opportunities Portfolio	-	47,307
Black Rock US Opportunities Portfolio	-	63,510
John Hancock Large Cap Equity	-	82,995
Thornburg International Value	-	44,376
AIM Developing Markets	-	56,170
Janus Flexible Bond Fund C	-	128,697
Janus Overseas Fund C	-	77,660
John Hancock USA Lifestyle Growth	93,311	-
John Hancock USA Lifestyle Balanced	466,953	-
John Hancock USA Lifestyle Moderate	106,224	-
	$ 666,488	$ 694,100

The Plan has no instrument that, in part or in whole, is accounted for as a derivative instrument during 2010 and 2009.

Note 4 — Fair Value Measurements

Accounting standards generally accepted in the United States of America establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consists of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were available to the Plan.

At December 31, 2010 and 2009, the Plan's investments consist entirely of publicly traded money market and mutual funds and all were valued using Level 1 inputs.

Note 5 – Plan Administration

Officers or employees of the Company perform certain administrative functions. No such officer or employee receives compensation from the plan. Administrative expenses amounting to $10,531 were paid directly by the Company in 2010.

Note 6 – Plan Amendment and Termination

The Company may amend the Plan at any time provided that no amendment will divert any part of the Plan's assets to any purpose other than for the exclusive benefit of the participants in the Plan or eliminate an optional form of distribution. Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of termination, all amounts credited to participants' accounts will be fully vested and will be paid to the participants.

Notes 7 – Risks and Uncertainties

The Plan invests in various mutual funds. Investment in mutual funds is exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain mutual funds, it is at least reasonably possible that changes in the values of mutual funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 – Information Prepared and Certified By the Custodians of the Plan

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as accurate and complete by the custodians.

	2010	2009
Investments at fair value	$ 977,369	$ 743,744
Unrealized gains and losses		105,918
Realized and unrealized gains and losses and investment income	98,532	

Investments at fair value and certain changes in net assets available for benefits, as certified by the custodian at December 31, 2009, differ from the financial statements due to timing differences between when certain transactions are recorded by the custodian and the Plan's record keeper. We were unable to determine the realized gains and losses or administrative expenses from the custodian's certification.

These financial statements reflect the amounts as shown by the Plan's record keeper and agree with the Plan's Form 5500.

Note 9 – Subsequent Events

The Plan had evaluated all other subsequent events and transactions through September 16, 2011, the date the financial statements were available for issue. The Plan has determined that there are no other subsequent events that require recognition or disclosure in the financial statements.
