An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note B, these financial statements (and supplemental information) were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Conner Industries, Inc. 401(k) Profit Sharing Plan as of December 31, 2010 and 2009, and the changes in net assets available for benefits for the years then ended on the basis of accounting described in Note B.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes (modified cash basis) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CONNER INDUSTRIES, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of the Conner Industries, Inc. 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of Conner Industries, Inc. and Conner Transportation, Inc. who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute up to $16,500 ($22,000 if over age 50) of pretax annual compensation, as defined by the Plan. The Companies may make contributions to the Plan at the option of the Companies board of directors. Contributions are subject to certain limitations.

Participant Accounts . Each participant's account is credited with the participant's contribution and allocations of (a) the Companies contribution and, (b) Plan earnings, and (c) forfeitures of terminated participant's nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Companies matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Self-Directed Investments. Upon entering the Plan, each participant must complete a Direction of Investment form indicating how each employer and employee contribution is to be allocated among a group of pooled funds selected by the Plan’s Advisory Committee.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or several different annuity options. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Estimates. Although the preparation of financial statements often requires estimating some information, estimates were not necessary to prepare the accompanying financial statements.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Pooled separate accounts are valued at market prices which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income, dividend income, and capital gain distributions are recorded on the modified cash basis.

Payments of Benefits. Benefits are recorded when paid.

Plan Expenses. All expenses of maintaining the Plan are paid by the Company.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820 *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

quoted prices for similar assets or liabilities in active markets;

quoted prices for identical or similar assets or liabilities in active markets;

inputs other than quoted prices that are observable for the asset or liability;

inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Pooled separate accounts: These accounts invest directly in various mutual fund shares. The net asset values of these shares are published daily. These accounts have been assigned level 1.

NOTE D - FAIR VALUE MEASUREMENTS - Continued

Registered investment companies (mutual funds): Valued at the net asset value (NAV) of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's investments at fair value as of December 31, 2010 and 2009.

As of December 31, 2010				
Investment Category	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Pooled separate accounts	$3,246,289	$3,246,289	$ -0-	$ -0-

As of December 31, 2009				
Investment Category	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Pooled separate accounts	$2,986,565	$2,986,565	$	$
Registered investment companies	1,571	1,571		
	$2,988,136	$2,988,136	$ -0-	$ -0-

NOTE E - PLAN TERMINATION

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE F - TAX STATUS

The Internal Revenue Service has determined and informed the Companies by a letter dated August 18, 1992, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
