Camden-Clark Memorial Hospital Savings PLUS Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Camden-Clark Memorial Hospital (the “Hospital”) Savings PLUS Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Hospital established the Plan to provide employees with a systematic means of savings and investing for the future. All permissible employees of the Hospital, as defined in accordance with the universal availability standards are eligible to enroll on their date of hire. Deferrals begin on the first day of the month subsequent to enrollment. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions – Each year, participants may contribute compensation, as defined in the Plan document, subject to Internal Revenue Code (“IRC”) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Hospital contributes 25% of the first 4% of base compensation that a participant contributes to the Plan. Contributions are subject to certain limitations.

Investment Options – Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds and a money market fund as investment options for participants.

Participant Accounts – Each participant’s account is credited with the participant’s contribution, employer matching contribution, and allocation of Plan earnings, and charged with benefit payments, transaction fees related to notes receivable from participants and distributions, and allocations of administrative expenses and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Hospital’s contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after three years of credited service.

NOTES TO FINANCIAL STATEMENTS (Continued)

Notes Receivable From Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. At December 31, 2010, outstanding loans bore interest rates ranging from 4.25% to 9.25%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Amounts contributed on a before-tax basis may be withdrawn only upon demonstration of financial hardship, disability, or after the participants reach the age of 59 ½ years.

Forfeitures – At December 31, 2010 and 2009 forfeited non-vested accounts totaled approximately \$66,000 and \$34,000, respectively. These accounts will be used to pay administrative expenses and then reduce employer contributions. During 2010, no forfeitures were used to pay administrative expenses or reduce employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent principal loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits – Benefit payments to participants are recorded upon distribution.

NOTES TO FINANCIAL STATEMENTS *(Continued)*

Administrative Expenses – The Plan’s administrative expenses are paid by either the Plan or the Hospital, as provided by the plan document. Certain administrative functions are performed by the employees of the Hospital. No such employee receives compensation from the Plan. Expenses related to specific participant transactions (participant loans and distributions) are charged directly to the participant’s account.

Reclassifications – Effective January 1, 2010, the Plan adopted the Financial Accounting Standards Board (“FASB”) authoritative guidance on reporting loans to participants by defined contribution pension plans. In accordance with the provisions, participant loans are required to be classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance, plus any accrued but unpaid interest. The adoption of this accounting standard requires reclassification of participant loans from investments to notes receivable from participants on the Statement of Net Assets Available for Benefits as of December 31, 2009. Accordingly, the 2009 financial statements have been reclassified to conform to the 2010 presentation. There was no impact on Net Assets Available for Benefits or Changes in Net Assets Available for Benefits.

Subsequent Events – The Plan has evaluated subsequent events through October 4, 2011, the date the financial statements were available to be issued. See Note J.

NOTE E – FAIR VALUE MEASUREMENTS

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets.
- Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2010 and 2009.

When quoted prices are available in active markets for identical instruments, investment securities are classified within Level 1 of the fair value hierarchy. Level 1 investments include mutual funds. The fair value of the mutual funds held by the Plan are directly

NOTES TO FINANCIAL STATEMENTS *(Continued)*

observable as they each hold individual investments whose fair values are directly based on mutual funds traded in active markets.

Level 2 investments securities include a money market fund for which quoted prices are not available in active markets for identical instruments. Money market funds are public investment vehicles valued using the Net Asset Value ("NAV").

The following table sets forth by level, within the fair value hierarchy, the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2010 and 2009:

Fair Value as of December 31, 2010				
	Level 1	Level 2	Level 3	Fair Value
Mutual funds				
Equity funds	\$ 9,696,851	\$ -	\$ -	\$ 9,696,851
Fixed income funds	6,238,459	-	-	6,238,459
Money market funds*	<u>-</u>	<u>411,107</u>	<u>-</u>	<u>411,107</u>
Total investments	<u>\$ 15,935,310</u>	<u>\$ 411,107</u>	<u>\$ -</u>	<u>\$ 16,346,417</u>

Fair Value as of December 31, 2009				
	Level 1	Level 2	Level 3	Fair Value
Mutual funds				
Equity funds	\$ 8,015,607	\$ -	\$ -	\$ 8,015,607
Fixed income funds	5,275,033	-	-	5,275,033
Money market funds*	<u>-</u>	<u>375,893</u>	<u>-</u>	<u>375,893</u>
Total investments	<u>\$ 13,290,640</u>	<u>\$ 375,893</u>	<u>\$ -</u>	<u>\$ 13,666,533</u>

* Money market funds seek preservation of capital as well as to pay money market interest rates. There are no unfunded commitments, redemption frequency restrictions, or other redemption restrictions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE F – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Schwab Investments, an entity related to the Charles Schwab Trust Company, the trustee of the Plan. Such investment transactions, therefore, qualify as party-in-interest transactions. Fees paid to the trustee by the Plan for administrative services were \$107,053 for the year ended December 31, 2010. Additionally, certain administrative functions are performed by officers or employees of the Plan sponsor at no cost to the Plan.

NOTES TO FINANCIAL STATEMENTS (Continued)**NOTE G – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE H - INCOME TAX STATUS

The Plan terms has been drafted in reliance on the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan administrator intends to apply for a determination letter on the Plan when the government opens such program. The Plan is required to operate in conformity with the IRC to maintain its tax exemption. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2007.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE J – SUBSEQUENT EVENTS

Effective January 1, 2011, the Plan adopted an amendment to change its name to the Camden Clark Medical Center Savings PLUS Plan.
