INDEPENDENT AUDITOR'S REPORT

To the Trustees
A Plus Benefits, Inc.
401 (k) Profit Sharing Plan
Lindon, Utah

We have audited the accompanying statements of net assets available for benefits (modified cash basis) of the A Plus Benefits, Inc. 401(k) Profit Sharing Plan (the Plan) as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 2, these financial statements and the supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the A Plus Benefits, Inc. 401(k) Profit Sharing Plan as of December 31, 2010 and 2009, and the changes in net assets available for benefits for the year ended December 31, 2010 on the basis of accounting described in Note 2.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary schedule (modified cash basis) of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplementary schedule has been subjected to the audit procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

A PLUS BENEFITS, INC.
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 DESCRIPTION OF PLAN

The following description of the A Plus Benefits, Inc. 401 (k) Profit Sharing Plan (the Plan) provides only general information regarding the Plan in place as of December 31, 2010. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer defined contribution plan. Each employer may choose from nine available plan options or may make slight modifications to those plans. An employee must be 18 years of age to participate in these plans. Length of service ranges from none to one year with a minimum of 1,000 hours of service worked. All administrative fees are earned by the third party administrators. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). During 2009 the IRS finalized regulations regarding the Pension Protection Act of 2006 and the Plan was restated to be in compliance with this act.

Contributions

For each fiscal year, participants may elect to defer up to 100% of their salaries or the maximum amount allowed by the IRS, whichever is less. The maximum allowed by the IRS was \$16,500 and \$16,500 (\$22,000 and \$22,000 for participants age 50 or older), for the years ended December 31, 2010 and 2009, respectively. Employers match from 0% to 100% of participants' contributions, but not to exceed 4% of total wages.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and Plan earnings and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting schedules are either immediate 100% vesting or 20% per year for five years starting in year two. Vesting applies to the employer match portion of the contribution.

Participant Loans

Effective for the year ended December 31, 2010 the Plan has adopted *ASC 962-310-65 Plan Accounting-Defined Contribution Pension Plans: Reporting Loans to Participants*. As a result participant loans will be classified as participant loans receivable, segregated from investments, measured at their unpaid balance plus any accrued but unpaid interest.

Participants whose vested balance exceeds \$2,000 may apply for loans. Loans are limited to 50% of the participant's vested balance and may not exceed \$50,000. However, the Plan administrator may permit a participant whose vested aggregate account balance is \$20,000 or less to borrow an amount that does not exceed the lesser of \$10,000 or 100% of the participant's vested aggregate account balance if adequate security is provided to cover the 50% limitation mentioned above. Principal and interest payments will be made bi-weekly by means of a payroll deduction.

Payment of Benefits

On termination of service the participant will receive a lump-sum cash payment in the amount equal to the value of the participant's interest in his or her account unless the participant elects a direct rollover. The plan administrator may distribute a terminated participant's interest if it is less than \$1,000.

Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan Agreement to discontinue the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will have a 100% vested interest in their accounts as of the date of termination, and all accounts will be distributed in a lump sum.

NOTE 1 DESCRIPTION OF PLAN (Continued)

Forfeited Accounts

The un-vested amounts forfeited by withdrawing participants who were not fully vested totaled \$55,895 and \$35,179 for the years ended December 31, 2010 and 2009, respectively. These forfeited amounts may be used to offset administrative expenses, reserved to restore the forfeited portions of eligible returning employees' accounts who rejoin the Plan, or to reduce any matching contributions for the current Plan year or for a future Plan year. For the years ended December 31, 2010 and 2009, employer contributions were reduced \$0 and \$44,027 respectively, from forfeited accounts. As of year end December 31, 2010 and 2009, the balance of available forfeited accounts was \$85,537 and \$32,065 respectively.

Investment Funds

Participants have the option of directing both their contributions and the employers' contributions to be invested into various pooled separate account investment options or guaranteed investment contracts offered by the Plan. The Plan currently offers approximately 90 investment options (mutual funds) in pooled separate accounts for participants. The Plan offers three guaranteed investment contract options.

Plan Amendments

Effective June 1, 2010, a 30-year term will be allowed on residential (home) loans. During 2009 there were no amendments made to the plan.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on a modified cash basis of accounting. Under that basis the underlying cash basis statements have adjusted securities to fair value. All Plan contributions are recorded when received and all benefit payments and expenses are recorded when paid. That basis differs from generally accepted accounting principles because the Plan has not recognized contributions receivable from participants, benefit payments in process have not been recorded and administrative expenses incurred but not paid have not been recognized.

Valuation of Investments

The Plan's investments are stated at fair value, using quoted market prices when applicable. The pooled accounts are investments in underlying mutual funds, the purchases and sales of which are recorded on a trade-date basis. The guaranteed accounts (guaranteed investment contracts) are not fully benefit responsive, meaning that participant withdrawals are subject to a market value adjustment. At year end December 31, 2010 and 2009 these contracts are stated at fair value which is not materially different from contract value. Interest income is recorded when received. Dividends are recorded as of the ex-dividend date.

Estimates

The preparation of financial statements requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Concentration of Credit Risk The Plan maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Plan has not experienced any losses in such accounts. The Plan believes it is not exposed to any significant credit risk on cash and cash equivalents.

Payment of Benefits

Benefits are recorded when paid.

Reclassification

Certain reclassifications of amounts previously reported have been made to the accompanying financial statements in order to maintain consistency and comparability between the periods presented.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (Continued)

Date of Management's Review

Subsequent events were evaluated through August 29, 2011 which is the date the financial statements were available to be issued.

NOTE 3 FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature (ASC 820) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using level 1 inputs because those generally provide the most reliable evidence of fair value. No Level 2 or 3 inputs were available to the Plan.

Level 1 Fair Value Measurement

For pooled separate accounts held, the assets are classified as Level 1 due to the fair value of those accounts being published in the John Hancock statements, the unit values of all pooled separate accounts are published daily on the John Hancock website, and the investment and redemption of these units constitute an "active market" as referred to in Topic ASC 820.

For guaranteed accounts held, the fair value used is based on valuation from John Hancock fair value reports. This is considered Level 1 for Topic ASC 820 purposes.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010 and 2009.

NOTE 5 EXCESS CONTRIBUTIONS

Contributions received from participants for 2010 are net of payments of \$103,492 made in 2011 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. That amount is also included in the Plan's statement of net assets available for benefits as excess contributions payable at December 31, 2010.

NOTE 6 TAX STATUS

The Internal Revenue Service has determined and informed the third party administrator by a letter dated January 11, 2002 that the "Volume Submitter Profit Sharing 401 (k) Plan" is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Sponsor has adopted this plan and is intended to qualify under the IRC as a tax-qualified employees' Plan, and a "Multiple Employer" plan as described in Section 413(c) of the Code. Although the plan has been amended since adoption, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTE 7 PARTY IN INTEREST TRANSACTIONS

The third party administrators charge fees for the services they provide. Administrative fees for these services were \$508,426 and \$418,889 for the years ended December 31, 2010 and 2009 respectively. There were no administrative fees payable at year end December 31, 2010 and 2009.

The third party administrator pays commissions to an agent company which is owned by a relative of the Plan Trustees. The agent company provides services to participants. The related party was paid \$231,174 and \$190,159 in commissions from the third party administrator for the years ended December 31, 2010 and 2009, respectively.

Plan investments are in accounts administered by John Hancock Life Insurance Company. John Hancock is a custodian of the Plan assets and, therefore, these transactions qualify as party in interest.

NOTE 8 RISKS AND UNCERTAINTIES

Investment securities, which potentially subject the Plan to concentrations of credit risk, consist primarily of pooled separate accounts made up of mutual funds. Investment securities are exposed to various risks based on market valuations. Due to the level of risk associated with investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

For the years ended December 31, 2010 and 2009 there were no material differences between the financial statements and the information on Schedule H of Form 5500.
