NOTE 1: DESCRIPTION OF THE PLAN

General

The ASSOCIATION MANAGEMENT, INC. 401(K) PLAN (the "Plan") was established October 1, 1990 as a defined contribution plan covering all of the eligible employees of ASSOCIATION MANAGEMENT, INC. (the "Company, or Plan Sponsor"). The Plan is a qualified plan as defined by Section 401(a) of the Internal Revenue Code and contains a provision for salary reduction contributions under Section 401(k) of the Internal Revenue Code. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility

For the year ended December 31, 2009 and for the period from January 1, 2010 through September 30, 2010, all employees were eligible to participate in the Plan, provided the employee had attained age 21. Effective October 1, 2010, the Plan was amended, and employees of the Company are eligible to participate in the Plan following the completion of one year of service (1,000 hours) with the Company, provided the employee has attained age 18.

Contributions

Employees may elect to contribute a portion of their annual compensation to the Plan, subject to Internal Revenue Service limitations, and may direct their contributions to various investment alternatives. The contribution limit applies to any calendar year and is adjusted annually by the Internal Revenue Service. For 2010 and 2009, the maximum contribution allowed for any employee was $16,500. Additionally, participants who attain age 50 during the plan year may make "catch up" contributions of up to $5,500 for 2010 and 2009. Participants may also contribute amounts representing distributions from other qualified plans. During 2010 and 2009, the Company matched 25% of participant contributions up to a maximum of 6% of eligible participant salary. The Company, at the discretion of the Board of Directors, may also make a profit sharing contribution to the Plan during the year. No discretionary contributions were made by the Company for 2010 and 2009.

Participant Accounts

Each participant's account is credited with the participant's contribution and (a) the Company's contribution and (b) investment income (less expenses). Income for each of the investment choices is allocated to the participants' accounts on a daily basis and is based on the relative units of participation. Benefits paid to participants under the Plan are limited to the vested balance in each participant's account.

NOTE 1: DESCRIPTION OF THE PLAN *(Continued)*

Vesting and Payment of Benefits

All participant contributions vest immediately. Company contributions vest according to the following schedule:

Years of Service	Percentage Vested
Less than 2	0%
At least 2, but less than 3	20%
At least 3, but less than 4	40%
At least 4, but less than 5	60%
At least 5, but less than 6	80%
6 or more	100%

Normal retirement age under the Plan is 65. During employment, vested benefits may be paid from the Plan under hardship provisions, or to electing participants that have attained the age of 65. Retiring participants may elect to receive payments over their life (or joint life) expectancy, a lump sum distribution, or periodic installments as required to meet the minimum distribution requirements of Internal Revenue Code regulations. Distributions for non-retiring separated employees may be paid as a lump sum in cash. Separating participants may elect to rollover their account into another plan, as permitted by Internal Revenue Code regulations.

Forfeitures

Forfeitures of profit sharing or matching contributions due to termination of employment are used to reduce Company contributions to the Plan. Certain forfeitures may also be used for the payment of Plan expenses. Total forfeitures for the years ended December 31, 2010 and 2009 were $1,864 and $6,139, respectively.

Notes Receivable from Participants

For the year ended December 31, 2009 and for the period from January 1, 2010 through September 30, 2010, participants may borrow a portion of the vested balance of their account, subject to a minimum of $500, and a maximum of $50,000. Effective October 1, 2010, participants may borrow a portion of the vested balance of their account, subject to a minimum of $1,000, and a maximum of $50,000. Notes receivable are valued at amortized cost, which approximates fair value. Notes receivable bear interest at reasonable interest rates and are secured by the participant's account. Principal and interest is paid ratably through payroll deductions for a period not to exceed sixty (60) months, except for loans to acquire a personal residence.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions and expenses during the reporting period. Actual results could differ from those estimates.

Investments

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade date basis.

Benefit Payments

Distributions to participants are recorded when paid.

NOTE 3: TAX STATUS

The Plan has adopted a "volume submitter" plan document prepared by ADP, the Plan's administrator (see Note 4). Under Internal Revenue Service Announcement 2001-77, if a volume submitter plan receives a favorable determination letter from the Internal Revenue Service, a Plan is no longer required to request an individual determination letter. The Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 4: ADMINISTRATION AND INVESTMENTS

Administration

For the year ended December 31, 2009 and for the period from January 1, 2010 through September 30, 2010, all of the Plan's investments were administered by JOHN HANCOCK. Effective October 1, 2010, all of the Plan's investments were administered by AUTOMATIC DATA PROCESSING, INC. ("ADP"). Among other duties, ADP receives contributions, invests and reinvests the Plan's assets, collects income and makes distributions from the Plan's assets as directed by the trustee for the Plan.

NOTE 4: ADMINISTRATION AND INVESTMENTS *(Continued)*

STATE STREET BANK AND TRUST ("SSB") certified that the accompanying investment balance and income information for the period from October 1, 2010 through December 31, 2010 was complete and accurate, and accordingly, both of the Plan's independent auditors did not perform any procedures with respect to this information, except comparing and reconciling such information to the financial statements.

NOTE 5: FAIR VALUE MEASUREMENTS

The Plan adopted FASB Accounting Standards Codification 820-10, "Fair Value Measurements" for all financial assets and liabilities. FASB ASC 820-10 provides standards and disclosures for assets and liabilities that are measured and reported at fair value. As defined in FASB ASC 820-10, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). FASB ASC 820-10 requires disclosure that establishes a framework for measuring fair value and expands disclosure about fair value measurements.

NOTE 5: FAIR VALUE MEASUREMENTS *(Continued)*

The statement requires fair value measurements be classified and disclosed in one of the following categories:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2: Measured based upon inputs that are observable, either directly or indirectly, for the asset or liability other than quoted market prices included in Level 1. These inputs include: a) quoted prices for similar asset or liabilities in active markets b) quoted prices for identical or similar assets or liabilities in markets that are not active c) inputs other than quoted market prices that are observable and d) inputs that are derived primarily from or corroborated by observable market data by correlation or other means.

Level 3: Measured based on unobservable inputs for the asset or liability for which there is little, if any, market activity for the asset or liability at the measurement date. This input includes management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. The inputs are developed based on the best information available in the circumstances, which might include management's own data.

The following is a description of the valuation methodologies used for assets measured at fair value. The changes in the methodologies used at December 31, 2010 and 2009 resulted from the change in administration of the Plan during the current year.

Mutual funds:
Mutual funds are valued at the net asset value (NAV) of shares held by the plan at year end and are classified as Level 1 investments.

Pooled separate accounts:
Pooled separate accounts are stated at fair value as determined by observable Level 1 quoted pricing inputs or by quoted prices for similar assets in active or non-active markets. While some pooled separate accounts may have publicly quoted inputs (Level 1), the account values of separate accounts are not publicly quoted and are therefore classified as Level 2 investments.

NOTE 5: FAIR VALUE MEASUREMENTS *(Continued)*

As required by FASB ASC 820-10, financial assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurement. The Company's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels.

The following table summarizes the valuation of the Company's financial instruments by FASB ASC 820-10 pricing levels as of December 31, 2010:

NOTE 6: RELATED PARTY TRANSACTIONS

The Plan invests in mutual funds that are managed by ADP and held by SSB (previously John Hancock for the year ended 2009 and for the period from January 1, 2010 through September 30, 2010). During the years ended December 31, 2010 and 2009, the Plan paid ADP and SSB a total of $10,699 and John Hancock $3,645, respectively, in administration fees that are included in administrative expenses. The Plan believes the fees charged by ADP and John Hancock's mutual funds and its administrative fees are no different than those that would be charged by other companies engaged in managing pension assets.

NOTE 7: RISKS AND UNCERTAINTIES

Plan participants make choices regarding their investments in securities, and are exposed to risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that reduction in value can occur in the near term and that such changes could materially affect participant account balances reported in the statement of net assets available for benefits.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, each participant's account balance becomes 100% vested.

NOTE 9: RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the Form 5500 to the financial statements:

	2010	2009
Net assets, Form 5500	$ 2,360,893	$ 1,858,502
Employee contributions receivable	17,375	3,032
Employer contributions receivable	2,968	1,563
Excess contributions payable	(1,240)	-
Net assets, per statements of net assets available for benefits	$ 2,379,996	$ 1,863,097

NOTE 10: INCOME TAXES

On January 1, 2009, the Plan adopted FASB ASC 740-10-25 which clarifies the accounting for uncertainty in income taxes recognized in the Plan's financial statements in accordance with FASB ASC 740-10-25 and prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. FASB ASC 740-10-25 also provides guidance on derecognition and measurement of a tax position taken or expected to be taken in a tax return. The adoption of FASB ASC 740-10-25 did not have a material effect on the Plan.

The Plan did not have unrecognized tax benefits as of December 31, 2010 and does not expect this to change significantly over the next 12 months. In connection with the adoption of FASB ASC 740-10-25, the Plan will recognize interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. As of December 31, 2010, the Plan has not accrued interest or penalties related to uncertain tax positions. The Plan remains subject to income tax examinations for tax years 2007 through 2009.

NOTE 11: SUBSEQUENT EVENTS

Management evaluated the period from January 1, 2011 through October 3, 2011, which was the date the financial statements were available to be issued. The Plan noted no significant subsequent events.
