INDEPENDENT AUDITORS' REPORT

To the Plan Administration Committee of
Towers Watson & Co.
and the Trustee and Participants of the
Tillinghast-Towers, Perrin, Foster & Crosby, Inc. Money Purchase Pension Plan
Stamford, Connecticut

We have audited the accompanying statements of net assets available for benefits of the Tillinghast-Towers, Perrin, Foster & Crosby, Inc. Money Purchase Pension Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2010 and 2009, and the changes in net assets available for benefits for the year ended December 31, 2010, in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

NOTE A – DESCRIPTION OF THE PLAN

The following description of the Tillinghast-Towers, Perrin, Forster & Crosby, Inc. Money Purchase Pension Plan (the Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

1. General

The Plan is a noncontributory defined contribution plan available to certain employees of Towers Watson Pennsylvania, Inc. (the Company or Plan Sponsor) (formerly Towers, Perrin, Forster & Crosby, Inc.). The Plan Administration Committee of the Board of Directors of Towers Watson & Co, the parent of the Company, controls and manages the operations of the Plan. State Street Bank & Trust Company serves as trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The assets of the Plan are combined with those of the Towers Perrin 401(k) Savings Plan (Savings Plan), another plan sponsored by the Company, and are invested in the Towers Perrin Master Trust (the Master Trust) (see Note C).

On January 1, 2010, pursuant to the Agreement and Plan of Merger, as amended, Watson Wyatt Worldwide, Inc. and the Company combined their businesses through two simultaneous mergers and became wholly-owned subsidiaries of Jupiter Saturn Holding Company, which changed its name to Towers Watson & Co. (Towers Watson) on that date. Additionally, as a result of the merger, the Plan Sponsor was changed from Towers Perrin, Forster & Crosby, Inc. to Towers Watson Pennsylvania, Inc.

2. Plan Termination

Effective June 30, 1986, participation in the Plan was frozen and participants became fully vested to the extent of their account balances. Employer and employee contributions have been discontinued and there are no minimum funding requirements. Although Towers Watson has not expressed any intent to terminate the Plan, it may do so at any time. Upon termination of the Plan, the rights of all affected participants to their account balances shall remain fully vested and non-forfeitable.

3. Participant Accounts

Each participant's account is credited allocations of the Plan net earnings, and charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A – DESCRIPTION OF THE PLAN – Continued

4. Payment of Benefits

Upon termination of employment, participants may elect to receive the balance in their accounts in a single lump sum either at that time or at a later date or in installments. Participant distributions are made net of applicable taxes. If a participant is terminated from the Company and has not reached age 69-1/2, the participant fails to consent to such distribution, and if their account balance exceeds \$1,000 but not \$5,000, the participant's vested balance will be transferred into an individual retirement account selected by the Plan Sponsor. Benefit payments to participants are recorded when paid.

5. Administrative Expenses

Under the Plan document, the Master Trust bears all investment management expenses, trustee fees and other fees incidental to the management of the Master Trust. Allocated fees are included as a component of the change in fair value of investment of the Master Trust in the accompanying statement of changes in net assets available for benefits.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

3. Investment Valuation and Income Recognition

Investments are carried at fair value. The Plan follows the guidance of Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* (ASC 820), which establishes a framework for measuring fair value. See Note E for a discussion of fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

4. Adopted Guidance

In January 2010, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2010-06, *Improving Disclosures About Fair Value Measurements*, which amends ASC 820 to require disclosure of significant transfers between levels 1, 2 and 3 of the fair value hierarchy, further disaggregation of derivative contracts for fair value measurement disclosures and additional disclosures about fair value measurement inputs and valuation techniques. This standard is effective for interim and annual periods beginning after December 15, 2009 and is therefore applicable to the Plan for the year ended December 31, 2010. See Note E for the additional disclosures required by the standard.

NOTE C – INTEREST IN THE MASTER TRUST

The assets of the Plan are combined with those of the Savings Plan and are invested in a Master Trust. At December 31, 2010 and 2009, the Plan's interest in the net assets of the Master Trust was approximately 1.12% and 1.48%, respectively (see Note D).

The Master Trust was established to invest and manage the assets of the Plan and the assets of the Savings Plan. The trustee of the Master Trust is responsible for the safekeeping of the Plans' assets together with income (losses) and is responsible for making disbursements to participants on behalf of participating plans, as instructed. Investment decisions are made by investment advisors appointed by the Plan Administration Committee specifically for that purpose. Expenses incurred by the trustee and investment advisors in the performance of their duties under these agreements, including fees for their services, are paid by the Master Trust.

The following table presents the net assets of the Master Trust:

NOTE D – INVESTMENTS

Participants may invest in nine asset classes and five diversified portfolio mixes that are constructed based on different percentage interests in six of the asset classes. In addition, participants can choose to construct their own custom portfolio. Refer to Note E for a discussion of fair value measurements.

The relative percentage interest of the plans participating in the Master Trust, by asset class and mix, are as follows:

	2010		2009	
	<u>The Plan</u>	<u>Savings Plan</u>	<u>The Plan</u>	<u>Savings Plan</u>
Mix A*	1.69%	98.31%	0.63%	99.37%

Total allocation percentage	<u>1.12%</u>	<u>98.88%</u>	<u>1.48%</u>	<u>98.52%</u>

* Mixes A, B, C, D and E are comprised of varying combinations and percentages of some or all of the money market, bonds, large cap, small cap, international and TIPS funds.

The percentages above are utilized for purposes of allocating investments and the earnings (losses) thereon, from the Master Trust to the Plan and the Savings Plan.

NOTE E – FAIR VALUE MEASUREMENTS

The Plan follows the guidance of ASC 820, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

(Continued)

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2010 and 2009

NOTE E – FAIR VALUE MEASUREMENTS – Continued

Level 2 Inputs to the valuation methodology include

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability; and
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used.

Short-term investments and Commingled Trust Funds: Valued at the net asset value of shares held by the Plan at year end. The investment manager determines the net asset values of shares by reference to the quoted market prices of the underlying investments held in the portfolio and by reference to the closing market price of the underlying investment held in the fund.

Government securities: Valued at the closing price reported in the active market in which the individual security is traded. Other government securities are valued based on yields currently available for comparable securities of issues with similar credit ratings.

Common and Preferred Stock: Valued at the closing price reported in the active market in which the stock is traded.

Corporate Debt: Valued based on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual Funds: Valued at the closing price reported in the active market in which the fund is traded.

Mortgages: Valued on the basis of their future principal and interest payments discounted at prevailing interest rates for similar investments.

Other investments: Valued based on yields currently available on comparable securities of issuers with similar credit ratings.

NOTE E – FAIR VALUE MEASUREMENTS – Continued

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan and Master Trust believe its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by nature, risk and level within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2010:

** The Plan's interest in the net assets of the Master Trust at December 31, 2010 and 2009 was approximately 1.12% and 1.48%, respectively (Note D).

The Master Trust recognized a net \$98,271,916 gain for the year ended December 31, 2010 included in the change in net assets that is attributable to the change in unrealized gains or losses relating to those assets and liabilities still held at December 31, 2010. The net unrealized gain was included within the Plan interest in the Towers Perrin Master Trust on the accompanying statement of changes in net assets available for benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2010, the Master Trust's investments in corporate debt and mortgages were transferred from level 1 investments to level 2 in their totality. This transfer was made to conform to the valuation policies of Towers Watson as part of Towers Watson's overall policy alignment activities following the Merger. There were no other significant transfers between levels 1, 2 or 3. The following table presents a summary of the activity for corporate debt and mortgages during the year ended December 31, 2010:

	Corporate debt		Mortgages	
	Level 1	Level 2	Level 1	Level 2
Balance, beginning of year	\$17,603,153	\$ 63,999	\$ 3,710,706	\$ 4,006
Transfer between levels	(17,603,153)	17,603,153	(3,710,706)	3,710,706
Realized gains	–	534,320	–	266,668
Unrealized gains	–	902,302	–	666,092

NOTE F – TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 24, 2002, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010 and 2009, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE G – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Master Trust investments are held in funds managed by State Street Bank & Trust Company, the trustee, or by investment managers responsible for managing the Master Trust's investment portfolio. Additional Master Trust investments are held in funds managed by J.P. Morgan Bank, N.A., the recordkeeper for the Plan. Transactions with the trustee, investment managers and recordkeeper qualify as party-in-interest transactions. Allocated fees are included as a component of the decrease in fair value of investment of the Master Trust in the accompanying statement of changes in net assets available for benefits.

NOTE H – RISKS AND UNCERTAINTIES

The Master Trust invests in various securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – SUBSEQUENT EVENTS

The Plan evaluated events occurring between the fiscal year end, December 31, 2010, and September 30, 2011, the date the financial statements were issued.
