Independent Auditors' Report

To the Plan Administrator
Esco Communications, Inc. 401(k) Plan

We were engaged to audit the accompanying financial statements of Esco Communications, Inc. 401(k) Plan as of December 31, 2010 and 2009, and for the year ended December 31, 2010, and the supplemental schedule as of December 31, 2010, as listed in the accompanying table of contents. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Frontier Trust Company, the trustee of the Plan, except for comparing the investment information certified by the Trustee with the related investment information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the Trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the investment information provided to the Plan Administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As discussed in Note 8 to the financial statements, the Plan changed its method of reporting loans to participants in 2010, as required by the provisions of FASB ASC 962.

ESCO COMMUNICATIONS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES

The following description of Esco Communications, Inc. 401(k) Plan (the Plan) provides only general information. Plan participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective January 1, 2003, as a defined contribution retirement savings plan covering all employees of Esco Communications, Inc. (the Employer) who have at least three consecutive months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions: Each year, Plan participants may elect to contribute to the Plan up to 100% of their annual compensation, subject to the maximum annual amount permitted under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2010, Roth elective participant salary reduction contributions are permitted by the Plan. Participants may also make rollover contributions from amounts representing distributions from other qualified plans.

The Employer makes matching contributions equal to 10% of the first 18% of base compensation that each participant contributes to the Plan. The Employer may elect to make discretionary profit-sharing contributions to the Plan. No Employer profit-sharing contributions were made to the Plan in 2010.

Participants direct the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and Employer matching contributions, as well as allocations of the Employer's profit-sharing contributions and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures: Participants are vested immediately in their contributions and the Employer's matching contribution, plus actual earnings thereon. Participants are vested in the Employer's discretionary profit sharing contributions based on years of continuous service. A participant becomes 100% vested after three years of credited service.

At December 31, 2010 and 2009, forfeited nonvested accounts of terminated participants totaled \$0 for both plan years. In 2010, no forfeited nonvested accounts were used to reduce Employer contributions.

NOTE 1 – PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants: Participants may borrow from their account a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The terms of the notes range up to 5 years except notes issued to purchase a principal residence, for which the terms may exceed 5 years. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates, as determined by the Plan Administrator. Principal and interest are paid ratably through regular payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan Agreement.

Payment of Benefits: Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account. Hardship withdrawals, as defined in the Plan Agreement, are also permitted from a participant's account. Benefits are recorded by the Plan when paid.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As discussed in Note 4, the Plan invests in a collective trust fund (a stable value fund) which is a fully benefit-responsive fund. The Plan's statement of net assets available for benefits presents the fair value of this investment, as well as the adjustment of this investment from fair value to contract value. The Plan's statement of changes in net assets available for benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Expenses: Administrative expenses for maintaining the Plan may be paid by the Employer or the Plan, at the Employer's discretion. Loan administration fees are charged directly to the participant's account and are included in administrative expenses.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

Tax Status: The Plan has adopted a prototype plan document whose sponsor has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the prototype plan document was designed in accordance with the applicable sections of the IRC. Although the Plan and the prototype plan document have been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

NOTE 1 – PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounting principles generally accepted in the United States require management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2007.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through September 19, 2011, the date the financial statements were available to be issued.

NOTE 2 – FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

NOTE 2 – FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used by the Plan for investment assets that are measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual Fund Shares and Money Market Fund Shares: Valued at the published net asset value (NAV) of the shares held by the Plan at the reporting date.

Collective Trust Fund: Valued at the unit price of the fund reported by the sponsoring trust company. Generally, the unit price is based on quoted market prices of the fund's underlying investments, less any accrual of fees and expenses borne by the fund, and divided by the number of units outstanding.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

Following is a summary, by major nature and risks class within each level of the fair value hierarchy, of the Plan's investment assets that are measured at fair value on a recurring basis as of December 31, 2010 and 2009:

NOTE 4 – STABLE VALUE FUND

The Plan had an investment in the OFI Stable Value Trust Fund at December 31, 2010, which is a benefit-responsive fund. As described in Note 1, because this investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by the fund administrator, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield rate based on actual earnings of the fund was approximately 2.66% for 2010, and the average interest rate credited to participants was approximately 2.748% for 2010.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) communications from the Plan's sponsor designed to induce participants to transfer from the fund, (4) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (5) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 5 – PLAN AMENDMENTS

Effective January 1, 2010, the Plan was amended and restated to allow an enhanced mutual fund offering, to participants to permit Roth elective salary reduction contributions and Roth rollover contributions to the Plan, and to allow participants to make contributions to the Plan up to 100% of their eligible compensation subject to the maximum annual amount permitted under the IRC.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain of the Plan's investments are managed by an affiliate of Frontier Trust Company, the trustee of the Plan, and therefore, transactions in these investments qualify as exempt party-in-interest transactions under ERISA. Administrative fees paid by the Plan to the Trustee and/or its affiliate totaled \$16,334 in 2010.

The Employer provides certain accounting, administrative and investment management services to the Plan for which it receives no compensation.

Notes receivable from participants are permitted party-in-interest transactions.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

NOTE 8 – ACCOUNTING CHANGE

In September 2010, the Financial Accounting Standards Board issued an amendment to the Accounting Standards Codification (ASC) 962, *Reporting Loans to Participants by Defined Contribution Pension Plans*, which requires that loans made to participants from their plan account balances be reported as notes receivable from participants, rather than as investments. Accordingly, the Plan adopted ASC 962 and has reclassified participant loans as notes receivable from participants as of December 31, 2010. This change had no effect on the net change in the Plan's net assets available for benefits for the year ended December 31, 2010. The statement of net assets available for benefits as of December 31, 2009, has been retroactively adjusted to reflect such loans as notes receivable from participants.

2010 SOFT DOLLAR DISCLOSURE SUPPLEMENT
CAPITAL RESEARCH AND MANAGEMENT COMPANY

This disclosure supplement provides information regarding “soft dollars” received by Capital Research and Management Company in 2010 relating to the investment by your retirement plan in the American Funds, managed by Capital Research and Management Company. This information may be used for purposes of completing Schedule C (Service Provider Information) to Form 5500. Further information can be found in the prospectuses and statements of additional information for each one of the American Funds (available at AmericanFundsRetirement.com) under the heading “Execution of Portfolio Transactions.”

Capital Research and Management Company places orders with broker-dealers for the American Funds portfolio transactions. In selecting broker-dealers, Capital Research and Management Company strives to obtain “best execution” (the most favorable total price reasonably attainable under the circumstances) for the funds’ portfolio transactions, taking into account a variety of factors. Subject to best execution, Capital Research and Management Company may consider investment research and/or brokerage services provided to Capital Research and Management Company in placing orders for the funds’ portfolio transactions.

Capital Research and Management Company assesses the reasonableness of commissions in light of the total brokerage and investment research services provided by each particular broker-dealer. In valuing the brokerage and investment research services that Capital Research and Management Company receives from broker-dealers in connection with its good faith determination of reasonableness, Capital Research and Management Company does not attribute a dollar amount to such services, but rather takes various factors into consideration, including the quantity, quality and usefulness of the services to Capital Research and Management Company.
