December 31, 2010

1. Description of the Plan

The TriHealth G, LLC 401(k) Retirement Savings Plan (the Plan) is a defined contribution profit sharing plan covering employees of TriHealth G, LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the Company.

Vesting

Participants are immediately vested in their 401(k) contributions and rollover contributions and discretionary matching contributions. The Company account consists of company supplemental contributions. Participants who terminate employment for reasons other than retirement, disability, or death are eligible to receive a vested portion of their company account according to the following schedule:

<u>Years of Vesting Service</u>	<u>Vested Percentage of Company Account</u>
Less than 3 years	0%
3 years or more	100%

Contributions

The Company makes a discretionary matching contribution of 100% of the first 3% of each eligible participant's deferred contribution and 50% of the next 2% of each eligible participant's deferred contribution. The Company may also elect to make company contributions or supplemental contributions on behalf of eligible participants. Employees classified by the Company as Physicians or members of the Senior Leadership Team are not eligible for discretionary matching contributions, company contributions, or supplemental contributions.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Each year, participants may contribute any whole percentage of pretax income to the Plan, subject to maximum dollar contribution limits (\$16,500 in 2010, adjusted for cost-of-living increases in years beyond). Participants over the age of 50 can make a catch-up contribution (\$5,500 in 2010, adjusted for cost-of-living increases in years beyond).

Investment Options

Participants can elect to invest their contributions as well as any company contribution in any of the fund options offered under the Plan. Participants can change their contribution allocations quarterly and may elect to transfer amounts between fund options throughout the year.

Participant Accounts

Each participant account is credited with the participant contributions, eligible company contributions and plan earnings. All amounts in the participant accounts are participant directed.

Forfeitures

Forfeitures represent the nonvested portions of participant account balances upon termination. Forfeited amounts are applied to reduce company contributions. During the 12 months ended December 31, 2010, no forfeitures were applied to reduce company contributions. As of December 31, 2010 and December 31, 2009, no amounts were available for application against future company contributions or plan administrative expenses.

Payment of Benefits

Participants become eligible for benefit payments upon retirement, terminations of employment, disability, or death. Benefits will be distributed in a single sum. Benefits are recorded when paid.

Distributions of vested balances are available upon termination subject to the approval of the Company, retirement, attaining age 55, death, or permanent and total disability. Distributions are made in lump-sum payments to designated beneficiaries and joint survivors.

Plan Termination

The Company has not expressed any intent to terminate the Plan; however, it may do so at anytime. In the event of such termination, all participant accounts shall be vested and subject to distribution under provisions of the Plan.

2. Summary of Significant Accounting Policies

The following describes the significant accounting policies followed in the preparation of these financial statements, which have been prepared on the accrual basis of accounting.

New Accounting Pronouncement

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements* (ASU 2010-06). ASU 2010-06 amended Accounting Standards Codification (ASC) 820 to clarify certain existing fair value disclosures and require a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each “class” of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2, and 3 of the fair value hierarchy and present information regarding the purchases, sales, issuances, and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 is effective for reporting periods beginning after December 15, 2009. The Plan adopted the applicable disclosure requirements of ASU 2010-06 on January 1, 2010. The adoption of ASU 2010-06 did not affect the Plan’s net assets available for benefits or its changes in net assets available for benefits.

In May 2011, the FASB issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU 2011-04). ASU 2011-04 amended ASC 820, *Fair Value Measurements and Disclosures*,

TriHealth G, LLC
401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies

to converge the fair value measurement guidance in U.S. generally accepted accounting principles (GAAP) and International Financial Reporting Standards (IFRS). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures although certain of these new disclosures will not be required for nonpublic entities. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

Investments

The Plan's investments are stated at fair value. Mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

In accordance with ASC 820, *Fair Value Measurements and Disclosures* (formerly FASB Statement No. 157), assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

- Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.
- Level 2 – Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 – Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

TriHealth G, LLC
401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Administrative Expenses

The Company pays a portion of the Plan's administrative expenses. Expenses not paid by the Company will be paid from plan assets.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

3. Investments

All information for the Plan disclosed in the accompanying financial statements and supplemental schedule including investments held at December 31, 2010 and 2009, and net appreciation in fair value of investments from mutual funds, and interest and dividend income for the year ended December 31, 2010, was obtained or derived from information provided to the Company and certified as complete and accurate by Vanguard Fiduciary Trust Company, the trustee of the Plan.

3. Investments (continued)

Individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

Vanguard Target Retirement 2025 Fund	\$ 14,703,935	\$ 12,688,604

4. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the assets in the Plan at fair value as of December 31, 2010 and 2009.

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Targeted Retirement Funds	\$ 31,708,165	\$ —	\$ —	\$ 31,708,165

Fixed Income Fund	4,387,194	—	—	4,387,194
Money Market Fund	1,183,648	—	—	1,183,648
Total mutual funds at fair value	<u>\$ 43,869,930</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 43,869,930</u>

Mutual funds market values are determined by quoted market prices reported on the active market on which they are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

TriHealth G, LLC
401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

6. Income Tax Status

The Plan has not received a determination letter from the Internal Revenue Service (IRS) stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code). The Plan has applied for, but not yet received, an IRS determination letter. The Plan Sponsor identified certain operational failures with respect to the Plan and in 2011 submitted an application under the Voluntary Compliance Resolution Program to the IRS. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010 and 2009, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

7. Related-Party Transactions

The Plan holds units of mutual funds managed by Vanguard Fiduciary Trust Company, the trustee of the Plan. The related transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.
