Independent Auditors' Report

To the Plan Administrator of The Levy Group, Inc. 401(k) Plan:

We were engaged to audit the financial statements and supplemental schedule of The Levy Group, Inc. 401(k) Plan (the "Plan") as of December 31, 2010 and 2009 and for the year ended December 31, 2010, as listed in the accompanying index. The financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note H, which was certified by Hartford Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the custodian as of December 31, 2010 and 2009 and for the year ended December 31, 2010 that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A. PLAN DESCRIPTION:

The following description of The Levy Group, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan sponsored by The Levy Group, Inc. (the "Company") covering substantially all employees who have attained the age of 21 and who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to 15% of their pretax annual compensation (as defined in the Plan), subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make an additional pretax "catch-up" contribution subject to IRC limitations. Qualified nonelective contributions may also be made by the Company. These contributions are fully vested when made and are subject to the same restrictions on withdrawal applicable to employee deferral contributions. The Company did not make any qualified nonelective contributions for the year ended December 31, 2010.

Participant Accounts

Each participant's account is credited with the participant's contributions, the participant's allocation of Company contributions, the participant's proportional allocation of the Plan's earnings, including realized and unrealized gains and losses, and the participant's allocation of forfeitures. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Vesting

Participants are immediately fully vested in both their contributions and Company contributions, and the income earned thereon.

Distribution of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other severance of employment. Participants who terminate employment and have a vested account balance of less than $1,000 will receive a lump sum distribution of 100% of their vested benefits. Distributions to participants with vested account balances greater than $1,000 but not in excess of $5,000 who terminate employment and fail to make a timely distribution election will be paid to an individual retirement account designated by the plan administrator. Participants who have a vested account balance in excess of $5,000

may leave their funds invested in the Plan or may elect a lump sum distribution or installment payments.

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

Loans

A participant may borrow a minimum of $1,000 up to the lesser of $50,000 or 50% of the participant's vested account balance. Loans must bear a reasonable rate of interest. Loans are collateralized by the participant's interest in the Plan and are supported by a promissory note. Loans must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence, in which case a longer repayment period is allowed. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for plan benefits.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Adoption of Accounting Pronouncement

In January 2010, FASB issued Accounting Standards Update No. 2010-06, "Fair Value Measurements and Disclosures: Improving Disclosures about Fair Value Measurements" ("ASU 2010-06"). ASU 2010-06 requires new disclosures relating to certain transfers and other activity within the fair value hierarchy and provides clarification with respect to disclosures about inputs and valuation techniques and the level of disaggregation required for fair value measurement disclosures. The Plan adopted required provisions of this amendment on December 31, 2010, resulting in no effect on its financial position.

In September 2010, FASB issued Accounting Standards Update No. 2010-25, "Plan Accounting - Defined Contribution Pension Plans: Reporting Loans to Participants by Defined Contribution Pension Plans" ("ASU 2010-25"). ASU 2010-25 requires participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Participant loans were previously classified as investments at fair value. The Plan has retrospectively adopted the amendment for the Plan years ending December 31, 2010 and 2009, resulting in no effect on its financial position.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for plan benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

In accordance with the Plan, all administrative expenses are paid by the Plan unless paid by the Company. During the year ended December 31, 2010, substantially all administrative expenses incurred were paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Reclassification

Certain 2009 amounts have been reclassified to conform with the presentation in the 2010 financial statements.

C. INVESTMENTS:

The following presents the Plan's investments that as of December 31, 2010 or 2009 represented 5% or more of the net assets available for plan benefits:

	2010		2009	
Fixed Account	$ 791,685	*	$ 844,298	*
Janus Twenty Fund	547,219	*	535,605	*
Janus Balanced Fund	630,668	*	649,818	*
Franklin Small-Mid Cap Growth Fund	387,865	*	271,744	*
Hartford Capital Appreciation HLS Fund	253,373	*	214,459	*
T. Rowe Price Mid Cap Growth Fund	329,930	*	163,973	

* Represents 5% or more of the net assets available for plan benefits.

During the year ended December 31, 2010, the Plan's guaranteed account and pooled separate accounts (including investments bought, sold and held during the year) appreciated in value by $29,496 and $412,145, respectively.

D. FAIR VALUE MEASUREMENTS:

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable and supported by little or no market activity and are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Guaranteed Investment Contract – Valued based on contributions, interest, expenses, and other transfers or withdrawals that are transacted within the fund. (see note E).

Pooled separate accounts - Valued at net asset value based on information reported by the custodian with reference to the market value of the fund's underlying assets at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level and by investment class, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2010			
Description	Total	Level 1	Level 2	Level 3
Pooled separate accounts:				
Blend (a)	$ 561,450	$ -	$ 561,450	$ -

Guaranteed account	844,298	-	-	844,298
Total	$ 3,900,827	$ -	$ 3,056,529	$ 844,298

The Plan's pooled separate accounts are held by Hartford Life Insurance Company ("Hartford"). There are no restrictions on these investments. All investments in this category can be redeemed at any time, and have no unfunded commitments. Investment strategies for the pooled separate accounts, by major investment class, are as follows:

(a) Blend pooled separate accounts invest in stocks with a positive reward to risk ratio and limited downside risk.
(b) Growth pooled separate accounts invest primarily in undervalued funds that have sustainable earnings growth potential.

(c) Value pooled separate accounts invest primarily in companies that have above-average yields and are trading at discounts to historical valuations or are undervalued based on relative valuations.
(d) Bond pooled separate accounts invest strictly in bonds, and focus on income.
(e) Moderate allocation pooled separate accounts invest in stocks, bonds, and cash. These portfolios tend to hold higher stock-to-bond ratios.
(f) Intermediate government pooled separate accounts invest primarily in government bonds that mature between one and 15 years.
(g) World Stock pooled separate accounts invest primarily in overseas securities with a focus on growth and capital over the long term.

The table below sets forth a summary of changes in the fair value of the Plan's level three investment assets for the year ended December 31, 2010:

	Guaranteed Account
Balance at beginning of year	$ 844,298
Purchases, settlements, issuances (net)	(82,109)
Total gains or losses (realized/unrealized) included in earnings (or changes in net assets)	29,496
Balance at end of year	$ 791,685

E. INVESTMENT CONTRACT WITH INSURANCE COMPANY:

The Plan has a benefit-responsive investment contract with The Hartford Life Insurance Company ("Hartford"). Hartford maintains the contributions in a guaranteed account. The account is credited with interest at a crediting rate announced in advance and guaranteed for a specific period of time as outlined in the group annuity contract, and charged for participant withdrawals and administrative expenses. The guaranteed account issuer is contractually obligated to repay the principal and interest.

As described in Note B, because the guaranteed account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed account. Contract value, as reported to the Plan by Hartford, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on many factors, including current economic and market conditions, the general interest rate environment and both expected and actual experience of a reference portfolio within the issuer's general account, but it may not be less than 0%.

In the event that the contract is discontinued the Plan may elect to receive 100% of the account balance over 60 months or accept a market value adjustment, as defined by the contract, and receive payment within 90 days.

Average yields:	2010	2009
Based on actual earnings	3.00%	3.01%
Based on interest rate credited to participants	3.00%	3.00%

F. PARTIES-IN-INTEREST TRANSACTIONS:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the custodian are considered party-in-interest transactions.

G. TAX STATUS:

The Plan has adopted the Volume Submitter 401(k) Savings/PS Plan of PDS Advantage. The volume submitter sponsor received a favorable opinion letter dated March 31, 2008 in which the Internal Revenue Service ("IRS") stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The prototype Plan document has been amended since the date of the letter for tax law changes. The plan administrator has not amended the prototype plan and believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC, and that the related trust is therefore tax-exempt. Accordingly, no provision for income taxes has been included in the financial statements.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan did not recognize any interest and penalty expense for the year ended December 31, 2010. The Form 5500 remains subject to examination by the IRS for the years ended December 31, 2007 through December 31, 2010.

H. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Hartford Life Insurance Co., the custodian of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The custodian has certified as to the completeness and accuracy of the investments (including notes receivable from participants) held by the Plan as of December 31, 2010 and 2009, the investment earnings and other investment-related transactions of the Plan for the year ended December 31, 2010, and the information contained in the Schedule of Assets (Held at End of Year).

I. PLAN TERMINATION:

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA.

J. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through October 10, 2011, the date these financial statements were available for issuance.

K. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for plan benefits on the financial statements to the Form 5500 for the years ended December 31:

	2010	2009
Net assets available for plan benefits on the financial statements	$ 4,286,616	$ 3,907,402

2010 Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in understanding the fees and compensation associated with your plan. If your plan is required to complete a *Form 5500 Schedule C*, this report identifies the different types of reportable compensation paid with respect to the Hartford product utilized by the retirement plan.

As permitted under the Schedule C reporting rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate, or a formula or rate.

- Where it is an actual dollar amount, no further notation is provided.
- Where it is an estimate, we have used a reasonable method to arrive at the estimate and described the method used to arrive at the estimated amount.
- Where a formula or rate is provided, the formula may be disclosed under the Schedule C reporting rules. Alternatively, for purposes of Schedule C or for your fiduciary review of the compensation paid with respect to the plan's product, you may calculate an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies. Thus, much of the compensation information being provided can be expressed in the form of a formula.

Please note that all compensation is being reported for the 2010 calendar year. This report includes compensation actually paid to or by The Hartford within the 2010 calendar year as part of your Hartford product. This report does not include amounts deducted from plan assets and paid to third parties (other than The Hartford). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here directly from other service providers.

Please note that we have provided suggested service codes with respect to services provided through our Hartford product. These service codes are listed in the 2010 Instructions for Schedule C (Form 5500). Please review with your experienced benefits counsel and other professionals to determine the most appropriate service codes for your plan.

Please contact your Hartford Client Service Team should you require additional information regarding the compensation paid to or by The Hartford with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice or accounting or other professional services. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

1. Direct Compensation **$224.00**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction. Of this amount, our records indicate that Hartford Life Insurance Company received **$210.00** . Please review your records to determine what other service providers (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, plan auditor) received all or any portion of the remaining amount.

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Hartford Life Insurance Company are the net result of aggregating direct compensation after the effects of adjustments processed in 2010, some of which may have pertained to prior years.

2. Indirect Compensation

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Hartford Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The list includes any investment option held by the plan during the 2010 calendar year. To arrive at an estimate of the dollar amount that Hartford received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

[2] This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. Please note that affiliates of Hartford Life Insurance Company act as advisor to the Hartford funds. Such affiliates are identified in the fund's prospectus' and receive management fees in the following amounts:

Hartford Advisers HLS Inv Opt	0.61% x assets
Hartford Capital Appreciation HLS Inv Opt	0.63% x assets
Hartford High Yield HLS Inv Opt	0.70% x assets
Hartford Total Return Bond HLS Inv Opt	0.46% x assets

Independent Auditors' Report

To the Plan Administrator of The Levy Group, Inc. 401(k) Plan:

We were engaged to audit the financial statements and supplemental schedule of The Levy Group, Inc. 401(k) Plan (the "Plan") as of December 31, 2010 and 2009 and for the year ended December 31, 2010, as listed in the accompanying index. The financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note H, which was certified by Hartford Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the custodian as of December 31, 2010 and 2009 and for the year ended December 31, 2010 that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A. PLAN DESCRIPTION:

The following description of The Levy Group, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan sponsored by The Levy Group, Inc. (the "Company") covering substantially all employees who have attained the age of 21 and who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to 15% of their pretax annual compensation (as defined in the Plan), subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make an additional pretax "catch-up" contribution subject to IRC limitations. Qualified nonelective contributions may also be made by the Company. These contributions are fully vested when made and are subject to the same restrictions on withdrawal applicable to employee deferral contributions. The Company did not make any qualified nonelective contributions for the year ended December 31, 2010.

Participant Accounts

Each participant's account is credited with the participant's contributions, the participant's allocation of Company contributions, the participant's proportional allocation of the Plan's earnings, including realized and unrealized gains and losses, and the participant's allocation of forfeitures. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Vesting

Participants are immediately fully vested in both their contributions and Company contributions, and the income earned thereon.

Distribution of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other severance of employment. Participants who terminate employment and have a vested account balance of less than $1,000 will receive a lump sum distribution of 100% of their vested benefits. Distributions to participants with vested account balances greater than $1,000 but not in excess of $5,000 who terminate employment and fail to make a timely distribution election will be paid to an individual retirement account designated by the plan administrator. Participants who have a vested account balance in excess of $5,000

may leave their funds invested in the Plan or may elect a lump sum distribution or installment payments.

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

Loans

A participant may borrow a minimum of $1,000 up to the lesser of $50,000 or 50% of the participant's vested account balance. Loans must bear a reasonable rate of interest. Loans are collateralized by the participant's interest in the Plan and are supported by a promissory note. Loans must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence, in which case a longer repayment period is allowed. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for plan benefits.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Adoption of Accounting Pronouncement

In January 2010, FASB issued Accounting Standards Update No. 2010-06, "Fair Value Measurements and Disclosures: Improving Disclosures about Fair Value Measurements" ("ASU 2010-06"). ASU 2010-06 requires new disclosures relating to certain transfers and other activity within the fair value hierarchy and provides clarification with respect to disclosures about inputs and valuation techniques and the level of disaggregation required for fair value measurement disclosures. The Plan adopted required provisions of this amendment on December 31, 2010, resulting in no effect on its financial position.

In September 2010, FASB issued Accounting Standards Update No. 2010-25, "Plan Accounting - Defined Contribution Pension Plans: Reporting Loans to Participants by Defined Contribution Pension Plans" ("ASU 2010-25"). ASU 2010-25 requires participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Participant loans were previously classified as investments at fair value. The Plan has retrospectively adopted the amendment for the Plan years ending December 31, 2010 and 2009, resulting in no effect on its financial position.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for plan benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

In accordance with the Plan, all administrative expenses are paid by the Plan unless paid by the Company. During the year ended December 31, 2010, substantially all administrative expenses incurred were paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Reclassification

Certain 2009 amounts have been reclassified to conform with the presentation in the 2010 financial statements.

C. INVESTMENTS:

The following presents the Plan's investments that as of December 31, 2010 or 2009 represented 5% or more of the net assets available for plan benefits:

	2010		2009	
Fixed Account	$ 791,685	*	$ 844,298	*
Janus Twenty Fund	547,219	*	535,605	*
Janus Balanced Fund	630,668	*	649,818	*
Franklin Small-Mid Cap Growth Fund	387,865	*	271,744	*
Hartford Capital Appreciation HLS Fund	253,373	*	214,459	*
T. Rowe Price Mid Cap Growth Fund	329,930	*	163,973	

* Represents 5% or more of the net assets available for plan benefits.

During the year ended December 31, 2010, the Plan's guaranteed account and pooled separate accounts (including investments bought, sold and held during the year) appreciated in value by $29,496 and $412,145, respectively.

D. FAIR VALUE MEASUREMENTS:

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable and supported by little or no market activity and are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Guaranteed Investment Contract – Valued based on contributions, interest, expenses, and other transfers or withdrawals that are transacted within the fund. (see note E).

Pooled separate accounts - Valued at net asset value based on information reported by the custodian with reference to the market value of the fund's underlying assets at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level and by investment class, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2010			
Description	Total	Level 1	Level 2	Level 3
Pooled separate accounts:

Guaranteed account	844,298	-	-	844,298
Total	$ 3,900,827	$ -	$ 3,056,529	$ 844,298

The Plan's pooled separate accounts are held by Hartford Life Insurance Company ("Hartford"). There are no restrictions on these investments. All investments in this category can be redeemed at any time, and have no unfunded commitments. Investment strategies for the pooled separate accounts, by major investment class, are as follows:

(a) Blend pooled separate accounts invest in stocks with a positive reward to risk ratio and limited downside risk.
(b) Growth pooled separate accounts invest primarily in undervalued funds that have sustainable earnings growth potential.

(c) Value pooled separate accounts invest primarily in companies that have above-average yields and are trading at discounts to historical valuations or are undervalued based on relative valuations.
(d) Bond pooled separate accounts invest strictly in bonds, and focus on income.
(e) Moderate allocation pooled separate accounts invest in stocks, bonds, and cash. These portfolios tend to hold higher stock-to-bond ratios.
(f) Intermediate government pooled separate accounts invest primarily in government bonds that mature between one and 15 years.
(g) World Stock pooled separate accounts invest primarily in overseas securities with a focus on growth and capital over the long term.

The table below sets forth a summary of changes in the fair value of the Plan's level three investment assets for the year ended December 31, 2010:

	Guaranteed Account
Balance at beginning of year	$ 844,298
Purchases, settlements, issuances (net)	(82,109)
Total gains or losses (realized/unrealized) included in earnings (or changes in net assets)	29,496
Balance at end of year	$ 791,685

E. INVESTMENT CONTRACT WITH INSURANCE COMPANY:

The Plan has a benefit-responsive investment contract with The Hartford Life Insurance Company ("Hartford"). Hartford maintains the contributions in a guaranteed account. The account is credited with interest at a crediting rate announced in advance and guaranteed for a specific period of time as outlined in the group annuity contract, and charged for participant withdrawals and administrative expenses. The guaranteed account issuer is contractually obligated to repay the principal and interest.

As described in Note B, because the guaranteed account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed account. Contract value, as reported to the Plan by Hartford, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on many factors, including current economic and market conditions, the general interest rate environment and both expected and actual experience of a reference portfolio within the issuer's general account, but it may not be less than 0%.

In the event that the contract is discontinued the Plan may elect to receive 100% of the account balance over 60 months or accept a market value adjustment, as defined by the contract, and receive payment within 90 days.

Average yields:	2010	2009
Based on actual earnings	3.00%	3.01%
Based on interest rate credited to participants	3.00%	3.00%

F. PARTIES-IN-INTEREST TRANSACTIONS:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the custodian are considered party-in-interest transactions.

G. TAX STATUS:

The Plan has adopted the Volume Submitter 401(k) Savings/PS Plan of PDS Advantage. The volume submitter sponsor received a favorable opinion letter dated March 31, 2008 in which the Internal Revenue Service ("IRS") stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The prototype Plan document has been amended since the date of the letter for tax law changes. The plan administrator has not amended the prototype plan and believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC, and that the related trust is therefore tax-exempt. Accordingly, no provision for income taxes has been included in the financial statements.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan did not recognize any interest and penalty expense for the year ended December 31, 2010. The Form 5500 remains subject to examination by the IRS for the years ended December 31, 2007 through December 31, 2010.

H. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Hartford Life Insurance Co., the custodian of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The custodian has certified as to the completeness and accuracy of the investments (including notes receivable from participants) held by the Plan as of December 31, 2010 and 2009, the investment earnings and other investment-related transactions of the Plan for the year ended December 31, 2010, and the information contained in the Schedule of Assets (Held at End of Year).

I. PLAN TERMINATION:

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA.

J. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through October 10, 2011, the date these financial statements were available for issuance.

K. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for plan benefits on the financial statements to the Form 5500 for the years ended December 31:

	2010	2009
Net assets available for plan benefits on the financial statements	$ 4,286,616	$ 3,907,402
