#### INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of W. G. Yates & Sons Construction Company Employee Trust Philadelphia, Mississippi

I was engaged to audit the accompanying statements of net assets available for benefits of W. G. Yates & Sons Construction Company Employee Trust (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the investment information summarized in Note 1, which was certified by Nationwide Life Insurance Company, FSB, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS Year Ended December 31, 2010

#### Note 1. Description of Plan

The following description of the W. G. Yates & Sons Construction Company Employee Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution plan covering eligible employees of W. G. Yates & Sons Construction Company (the Sponsor), The Yates Companies, Inc., Superior Asphalt, Inc., Merit Electrical, Inc., MEI Electrical, Inc., Kemper County Landfill Company, L.L.C., Yates Engineering Corporation and Edwards Electric Service LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### Plan Assets

Trustmark National Bank (Trustmark) is trustee of the Plan. The Nationwide Life Insurance Company (Nationwide) is custodian of the assets of the Plan. The values of plan assets and information about changes in net assets available for benefits have been certified by the custodian in 2010 and 2009, to be complete and accurate.

#### <u>Deferred Compensation Feature</u>

In 2010, a participant can defer up to the allowed limit (the lesser of 25% of earnings or \$16,500) of his compensation annually. Participants aged 50 and older may make an additional \$5,500 catch-up contribution. The Plan allows the Company to match a percentage, which is determined by the board of directors at their discretion. The Company matched 25% of the participants deferred amount with the match limited to 1% of the participant's compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

#### Eligibility

To be eligible for participation, employees must be 21 years of age and be employed for nine months. The entry date is quarterly on January 1, April 1, July 1, and October 1. Employees must work 500 hours in a year to avoid a break in service.

#### **Contributions**

Active participants are eligible to share in and benefit from the profits of the Company in such amounts as the Company determines in its discretion each year. A portion of the Company's profits each year may be placed in the Trust Fund for the benefit of all employees who participate in the Plan. The amount, if any, contributed to the Plan each year is determined by the Company. Except for 401(k) deferrals, participants are not allowed to contribute personal funds to the Plan.

#### Participant Accounts

Participant's accounts are credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS Year Ended December 31, 2010

#### Note 1. Description of Plan (continued)

#### **Vesting**

Participants are immediately vested in their contributions and the earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is fully vested after 5 years of service. A participant's nonvested equity is forfeited upon termination. The non-vested portions of employer matching contributions, which are forfeited, reduce future matching contributions.

#### Payment of Benefits

The Plan's normal form of benefit is a joint and 50% survivor annuity. Participants may opt for a lump sum payment, installment options, or a life annuity.

#### Loans to Participants

No loans to participants are allowed under this plan.

#### Insurance

A fidelity bond insures the Plan for \$1,000,000 for 2010 and 2009.

#### Investment Options

Employees can direct both employer and employee accounts in over eighty (80) investment options. Participants may change their investment options daily.

#### Forfeited Accounts

Forfeited nonvested accounts totaled \$45,586 and \$47,214 at December 31, 2010 and 2009, respectively. In 2010, employer contributions were reduced by forfeitures of \$22,009.

#### Administrative Fees

Administrative fees incurred by the Plan are paid by W. G. Yates & Sons Construction Company, the plan Sponsor. W. G. Yates & Sons Construction Company paid a total of \$24,433 in administrative fees on behalf of the Plan during 2010.

#### Reclassifications

Certain reclassifications have been made to the prior years' financial statements to conform to the current year presentation. These reclassifications had no effect on previously reported net assets available for benefits or change in net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS Year Ended December 31, 2010

#### Note 2. Summary of Accounting Policies

The following are the significant accounting policies followed by the Plan:

#### Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

#### Payment of Benefits

Benefits are recorded when paid.

#### Subsequent Events

The plan has evaluated subsequent events through September 20, 2011, the date the financial statements were available to be issued.

#### Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.   |  |  |  |  |
|---------|---|--|--|--|--|
| Level 2 | Inputs to the valuation methodology include:  |  |  |  |  |
|         | <ul> <li>quoted prices for similar assets or liabilities in active markets;</li> <li>quoted prices for identical or similar assets or liabilities in inactive markets;</li> <li>inputs other than quoted prices that are observable for the asset or liability;</li> <li>inputs that are derived principally from or corroborated by observable market data by correlation or other means.</li> </ul> |  |  |  |  |
|         | If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.   |  |  |  |  |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement.   |  |  |  |  |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end (Level 1).

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded (Level 1).

Common collective trust: Valued based on the market value of its underlying investments (Level 2).

Money Market funds: Approximate fair values due to their immediate and shorter-term maturities (Level 1).

#### Note 4. Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009:

| ·  | Assets at Fair Value<br>as of December 31, 2010 |  |                             |  |

#### Note 5. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Nationwide. Nationwide is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Trustmark performs certain recordkeeping functions for the Plan; therefore, the administrative expenses paid to Trustmark are party-in-interest transactions.

#### Note 6. Concentrations of Credit Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk consist principally of cash. The Plan places its cash with a financial institution and at times has deposits in excess of federal insurance limits.

#### Note 7. Tax Status

The Plan obtained its latest determination letter on November 19, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

#### Note 8. Vested Benefits of Separated Participants

At December 31, 2010, there were four hundred six (406) separated participants with vested benefits totaling \$4,094,213, which were still included in plan assets.

#### Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
