Comprehensive Pharmacy Services, Inc. and Affiliates 401(k) Plan

Notes to Financial Statements

December 31, 2010 and 2009

1. Plan Description

The following description of the Comprehensive Pharmacy Services, Inc. and Affiliates 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all of the employees of PPS, Inc. and its subsidiaries (Comprehensive Pharmacy Services, Inc. ("CPS"), Institutional Pharmacy Services, Inc. ("IPS"), Medication Management ("MM") and Medication Management Puerto Rico ("MMPR") (the "Company" or "Employer"). During April 2008, the Company purchased MM and MMPR and in accordance with Plan requirements, all employees became eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

All employees are eligible to participate immediately upon hire; however, to participate in the Company match the employee must have been employed for six months and worked 1,000 hours. Additionally, employees are required to be employed at year end to be eligible to receive the match.

Contributions and Vesting

Each year participants may contribute up to the maximum allowable amount of their pre-tax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code ("IRC") limitations. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The contributions made by participants, plus earnings thereon, are 100% vested.

Effective January 1, 2009, the Plan was amended to include a safe harbor matching contribution, which all employees as of December 31, 2009, were eligible to receive. The Company provides an employer match of 100% on the employee's deferral amount for up to 3% of the employee's annual compensation; after that, the Company provides an employer match of 50% on the dollar on the employee's deferral amount in excess of 3% for up to 5% of the employee's annual compensation. Employees are 100% vested in the safe harbor match immediately.

1. Plan Description (continued)

Contributions and Vesting (continued)

For those employer contributions that were made prior to January 1, 2009, the employee will still vest at the vesting schedule established by the previous Plan agreements.

Investment Options

Participants may specify the manner in which their own contributions and their allocated portion of Company matching contributions are invested. Investment options include several common/collective trust funds managed by Diversified Investment Advisors, Inc. ("Diversified") and Transamerica Asset Management, and other self-directed investments in Vanguard, American Funds mutual funds and a Schwab retirement account.

Participant Accounts

Individual accounts are maintained for each Plan participant. The Plan offers participant-directed investment options. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and Plan earnings, and charged with withdrawals (such as participant loans) and an allocation of the Plan's losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note Receivables from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of (a) the lesser of 50% of the vested account balance or (b) \$50,000 less the amount of the participant's outstanding loan balance in the previous 12 months. The loans are secured by the balance in the participant's account and bear interest at the prime rate in effect at the date of the loan. At December 31, 2010, outstanding loans bore interest rates ranging from 3.25% to 8.25%. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments over a period of time not to exceed the life expectancy of the participant or the joint life expectancy of the participant and his or her designated beneficiary, or an annuity for the life of the participant or any other permitted period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

1. Plan Description (continued)

Forfeitures

Forfeitures are used to reduce future Employer contributions. For 2010 and 2009, \$57,484 and \$45,004, respectively, were used to reduce contributions. At December 31, 2010 and 2009, there was \$59,973 and \$45,004, respectively, in forfeited accounts available for future use.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from estimates and assumptions.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded upon distribution.

2. Summary of Significant Accounting Policies (continued)

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Employer, as provided by the Plan document. Certain administrative functions are performed by employees of the Employer. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (participant loans and distributions) are charged directly to the participant's account.

Reclassifications

Effective January 1, 2010, the Plan adopted the Financial Accounting Standards Board ("FASB") authoritative guidance on reporting loans to participants by defined contribution pension plans. In accordance with the provisions, participant loans are required to be classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance, plus any accrued but unpaid interest. The adoption of this accounting standard requires reclassification of participant loans from investments to notes receivable from participants on the Statement of Net Assets Available for Benefits as of December 31, 2010 and 2009. Accordingly, the 2009 financial statements have been reclassified to conform to the 2010 presentation. There was no impact on Net Assets Available for Benefits or Changes in net Assets Available for Benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2011, which is the date of the financial statements were available to be issued.

3. Unaudited Information Certified by the Trustee

The Plan's unaudited information was certified as complete and accurate by State Street Bank and Trust Company, the trustee of the Plan, at December 31, 2010 and 2009.

	<u>2010</u>	<u>2009</u>
Investments	\$ 32,368,933	\$ 22,700,880
Notes receivable	<u>591,961</u>	<u>497,109</u>
	<u>\$ 32,960,894</u>	<u>\$ 23,197,898</u>
Net appreciation	<u>\$ 3,296,841</u>	<u>\$ 3,829,176</u>
Interest and dividend income from investments	<u>\$ 136,575</u>	<u>\$ 54,406</u>
Interest income from notes receivable from participants	<u>\$ 22,254</u>	<u>\$ 21,240</u>

The certification mentioned above includes all investment information discussed in Note 4 and in the Supplemental Schedule of Assets (Held at End of Year).

3. (Unaudited) Information Certified by the Trustee (continued)

Investments greater than 5% of net assets available for benefits as of December 31, 2010 and 2009 were as follows:

	<u>2010</u>	<u>2009</u>
Transamerica Intermediate/Long Horizon Asset Allocation Fund	1,790,172	1,425,630
Transamerica Intermediate Horizon Asset Allocation Fund	9,500,329	6,095,594
Diversified Large Growth Fund	2,145,180	1,654,410
Diversified Stock Index Fund	3,438,826	2,553,460
Vanguard Small Cap Index Fund	1,879,710	420,155*

* Did not exceed 5% for the Plan year.

4. Fair Value Measurements

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value.

These tiers include:

Level 1 – Observable inputs such as quoted prices in active markets.

Level 2 – Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3 – Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entity based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

When quoted prices are available in active markets for identical instruments, investment securities are classified within Level 1 of the fair value hierarchy. Level 1 investments include self-directed accounts invested in stocks, bonds and U.S. government securities, mutual funds, and money market mutual funds.

4. Fair Value Measurements (continued)

Level 2 investment securities include common collective trust funds for which quoted prices are not available in active markets for identical instruments. The Plan utilizes a third party pricing service to determine the fair value of each of these investment securities. Because quoted prices in active markets for identical assets are not available, these prices are determined using observable market information such as quotes from less active markets and/or quoted prices of securities with similar characteristics.

The following table sets forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2010 and 2009:

	As of December 31, 2010

4. Fair Value Measurements (continued)

- (a) These categories include investments in domestic or international mid to large cap stocks and index funds.
- (b) This category includes investments in a diversified mix of fixed income securities, such as corporate bonds, asset-backed securities, commercial and residential mortgage-backed securities, and government bonds.
- (c) This category includes investments in a combination of proven stocks and bonds in order to provide reasonable returns while mitigating the risks associated with both the stock and bond markets.
- (d) This category includes investments in short-term debt securities such as U.S. Treasury bills and commercial paper.

Investments as of December 31, 2010 and 2009, also include cash in a money market account of \$59,973 and \$45,004, respectively, which does not fall under a level as prescribed the fair market value hierarchy.

5. Exempt Party-In-Interest Transactions

The recordkeeper for the Plan is Diversified, who also provides investment services which qualify as party-in-interest transactions. State Street is the trustee of the Plan, and therefore investment services with them also qualify as party-in-interest transactions. Fees paid by the Plan for investment services were \$73,728 and \$68,724 for the years ended December 31, 2010 and 2009, respectively.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. Tax Status

The Internal Revenue Service (the "IRS") has determined and informed the Company by letter dated July 7, 2010, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken

7. Tax Status (continued)

or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2007.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
