INDEPENDENT AUDITORS' REPORT

The Board of Trustees
American Excelsior Company Employee Stock Ownership Plan

We have audited the accompanying statements of net assets available for benefits of American Excelsior Company Employee Stock Ownership Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. The financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2010 and 2009, and the changes in net assets available for benefits for the year ended December 31, 2010 in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion of the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2010 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

The information presented in the schedule of assets (held at end of year) as of December 31, 2010, does not disclose the historical cost of investments. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following description of the American Excelsior Company Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all employees of American Excelsior Company, (the "Company" or the "Employer"), except for leased employees, nonresident aliens who received no earned income (as defined in the Internal Revenue Code (the "Code")), or employees who were members of a collective bargaining unit which has bargained separately for other retirement benefits. Eligible employees became participants in the Plan on their employment commencement date. Certain collective bargaining units have negotiated participation in the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(b) Administration of the Plan

The Plan is administered on behalf of the Company and Administration Committee. The members of this committee are appointed by the Company's board of directors. The Company pays all administrative expenses on behalf of the Plan.

Plan assets are invested in a Trust Fund which is managed and administered by the Trustee under the terms of a trust agreement executed by the Trustees and the Company. There shall be one or more individual trustee or one corporate trustee, or any combination thereof as determined from time to time by the Company.

(c) Contributions

The amount to be contributed each year, if any, shall be determined and authorized by the Company's board of directors and shall not exceed 25% of the aggregate compensation of all participants of the Plan. The contribution is subject to certain limitations further described in the Plan document. Contributions are made with shares of the Company's stock, cash or any combination.

Under the terms of the Plan, participants' contributions are not permitted.

(d) Payment of Benefits

Distributions from the Plan may be made upon retirement, death, total and permanent disability, or the termination of service of a participant. Benefits paid to participants are recorded when paid.

A participant, former participant, or the beneficiary of a deceased participant, or former participant may elect to have his/her vested accrued benefit distributed entirely in whole of shares of the common stock of the Company. If this election is not made pursuant to the terms of the Plan, the Administration Committee of the Plan, at its sole and absolute discretion, shall direct the Trustees to distribute vested accrued benefits in whole shares of the common stock of the Company, cash or any combination thereof.

1. DESCRIPTION OF THE PLAN (Continued)

(d) Payment of Benefits (Continued)

Benefit payments shall be made in any one or more of the following ways:

- (i) A lump-sum payment in whole and fractional shares of Company common stock; however, the stock received is subject to a put option, which requires the Company to repurchase the stock distributed, in accordance with the terms of the ESOP.
- (ii) A transfer to:
 - (A) Another plan qualified under Section 401(a) of the Code,
 - (B) An individual retirement account or annuity described in Section 408(a) and 408(b), respectively, of the Code, or
 - (c) An annuity plan described in Section 403(a) of the Code.
- (iii) If a participant elects to receive a distribution of stock and later wishes to sell such stock, the participant may require the Company to purchase the stock received from the ESOP at its fair market value. The participant has the right during the 60 day period after the date the stock is distributed, and, if the participant does not exercise this repurchase right within such time period, the participant will have an additional 60 day period in the following plan year. The Company has the right to pay the participant for the applicable shares, plus a reasonable rate of interest, over a five year period.

(e) Participant Accounts

Each participant's account is credited with allocations of the Company's contributions and Plan earnings or losses and charged with withdrawals. The Company's contributions shall be allocated to each participant in the proportion that the total annual compensation of such participant bears to the aggregate compensation of all participants for such year. The participant's benefit is equal to the vested balance of the participant's account.

(f) Vesting

Prior to normal retirement age, vesting of employer contributions is based upon years of credited service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0 %
2 to 3 years	20 %
3 to 4 years	40 %
4 to 5 years	60 %
5 to 6 years	80 %
More than 6 years	100 %

1. DESCRIPTION OF THE PLAN (Continued)

(g) Put Option

Under Federal income tax regulation, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock.

The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

(h) Forfeitures

The Plan requires forfeitures to be used to defray administrative expenses not paid by the Company. At December 31, 2010 and 2009, there were forfeited non-vested accounts totaling \$33,418 and \$18,037, respectively. No forfeitures were used during the year ended December 31, 2010.

2. SUMMARY OF ACCOUNTING POLICIES

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments of the Company common stock are stated at fair value. The fair value is determined by the Trustees of the Plan based upon the advice of the Plan's valuation consultant, Katzen, Marshall & Associates Inc. Other investments of the Plan consist of mutual funds, equity and fixed income securities, and money market securities which are also stated at fair value using Level 2 inputs as described in Note 4.

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

(d) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(e) New Accounting Pronouncements

In January 2010, the FASB issued new guidance to amend the disclosure requirements related to fair value measurements. This guidance requires a new disclosure for transfers in and out of Level 1 and 2, stating that a reporting entity should disclose separately the amounts of significant transfers in and out of Level 1 and 2 fair value measurements and describe reasons for the transfers. It also requires additional disclosure for the activity within Level 3 measurements, stating that a reporting entity should present separately information about purchases, sales, issuances, and settlements in the reconciliation for fair value measurements using significant unobservable inputs (Level 3). This amendment also clarifies that a reporting entity should provide fair value measurement disclosures for each class of assets and liabilities and should provide disclosures about the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements that fall in either Levels 2 or 3. This new guidance is effective for periods beginning after December 15, 2009, except for the disclosures of the rollforward of activity within Level 3 fair value measurements, which is effective for fiscal periods beginning after December 15, 2010. The adoption of this guidance did not have any impact on the Plan's financial statements.

3. INVESTMENT OF THE TRUST FUND

The Trustees shall invest the Trust Fund primarily in the stock of the Company, to the extent practicable, and may invest all of the Trust Fund in Company stock. The Trustees may also invest the Trust Fund in other investments from time to time.

The price to be paid by the Trustees for stock of the Company (whether purchased from the Company or from a shareholder of the Company) shall not exceed the fair value at the time of purchase as determined by the Trustees. It is the policy of the Trustees to utilize a qualified independent appraiser to determine such fair market value.

The Plan's nonparticipant-directed investment in the Company's common stock which represents 5% or more of the Plan's net assets at December 31, 2010 and 2009 is as follows:

	<u>2010</u>	<u>2009</u>
Number of shares	372,623	412,364

4. FAIR VALUE MEASUREMENTS

FASB ASC topic *Fair Value Measurements*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC topic, *Fair Value Measurements*, are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

<u>Assets at Fair Value as of December 31, 2010</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Ending balance	<u>\$ 7,567,977</u>	<u>\$ 5,422,591</u>

5. PLAN TERMINATION

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time. If the Plan is terminated, the Trustees shall distribute all property then constituting the Trust Fund, less any amount constituting charges against the Trust Fund in such a manner and at such time as may be directed by the Administration Committee.

6. TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated June 6, 2002, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has filed an application for a new determination letter from the IRS which is still pending as of the date of this report. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and the Department of Labor. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the plan is no longer subject to examinations for years prior to 2007.

7. SUBSEQUENT EVENTS

The date to which events occurring after December 31, 2010, the date of the most recent financial statements, have been evaluated for possible adjustment to the financial statements for disclosure is August 29, 2011, which is the date on which the financial statements were available to be issued.
