We were engaged to audit the accompanying financial statements of Hyatt Holding Corporation 401(k) Retirement Savings Plan (the "Plan") as of December 31, 2010 and 2009, and for the years then ended, and the supplemental schedule as of December 31, 2010, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Hartford Life Insurance Company (the "Custodian"), the custodian of the Plan's assets, except for comparing the information with related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the Custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan administrator by the Custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Hyatt Holding Corporation (the "Company" or "Sponsor") 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering eligible employees of Hyatt Holding Corporation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Participation - Employees of the Sponsor over twenty-one years of age are eligible to participate in the Plan. Eligible employees may commence participation on the entry date, which is the first day of the month following the satisfaction of eligibility requirements.

Pension benefits - Employees are entitled to pension benefits, in the form of a lump-sum distribution of the total account balance, beginning at the later of age 55 or on the 5th anniversary of participation, unless an alternate form of payment is selected, as defined in the Plan agreement.

If a participant dies before retirement benefits have begun, the participant's spouse is entitled to 100% of the account balance.

Tax status - The Plan is a prototype plan offered by Hartford Life Insurance Company (the "Custodian"). The Internal Revenue Service has determined and informed the Custodian by letter, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (the "Code"). The Plan has been amended since adoption; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Participant contributions - Participant salary reduction contributions to the Plan may be deferred as a flat amount or as a percentage ranging from 1% to 100% of regular compensation. However, the total of these salary deferral contributions may not, in any calendar year, exceed limitations set by the Code.

Sponsor contributions - The Sponsor, at its discretion, may make additional profit sharing contributions. Contributions are subject to certain limitations defined in the Code. The Sponsor elected not to contribute to the Plan for the years ended December 31, 2010 and 2009.

NOTE 1 - DESCRIPTION OF PLAN, Continued

Participants accounts - Separate accounts are maintained for each participant's deferred compensation, rollover contributions, and allocations of the Sponsor's profit sharing contributions, if any. All gains, income, or losses are allocated separately to each participant's account, based on the performance of the investments within that account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their contributions into any or all of the investment accounts with the Custodian.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Sponsor's profit sharing contributions, plus actual earnings thereon, is based on years of continuous service, as follows:

Year of Service	Percent Vested
Less than 2	0%
3	20%
4	40%
5	60%
6	80%
7	100%

Payment of benefits - Upon termination of service, a participant may elect to receive either a lump-sum distribution or direct transfer to either an Individual Retirement Account or a qualified retirement plan. Other withdrawals and loans from the Plan can be made under certain circumstances, as defined in the Plan agreement. Participants who are 100% vested and 59 ½ years of age may take an in-service withdrawal of all or a portion of the value of their vested accounts once each plan year.

Hardship withdrawals - In the event a participant experiences a financial hardship as defined in the Plan agreement, the participant may be eligible to request a hardship withdrawal. There were no hardship withdrawals for the years ended December 31, 2010 and 2009.

Notes receivable from participants - Participants may borrow against their accounts in amounts not less than $1,000 and not to exceed limitations defined in the Code. Participants may have only one note outstanding at any given time. Repayment schedules for notes receivable from participants are as agreed upon by the participant and the Plan administrator, but cannot exceed repayment terms defined by the Code. Interest on outstanding note receivable balances is charged at rates determined by the Custodian. Interest on new notes is based on the prime lending rate plus 1%, determined at the time the note is disbursed.

NOTE 1 - DESCRIPTION OF PLAN, Continued

Forfeitures - Non-vested Sponsor contributions forfeited by participants upon termination are available to reduce future payments of the Sponsor's contributions. During 2010 and 2009, there were no forfeitures.

Plan termination - Although it has not expressed an intent to do so, the Sponsor reserves the right under the Plan, to cease contributions and terminate the Plan, subject to action by the Sponsor's Board of Directors and subject to the provisions of ERISA and the Code. Upon termination of the Plan, all participants become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, consistent with the reporting in the Form 5500.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Valuation of investments - Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan provides for investment in various combinations of mutual funds and a guaranteed investment contract with different investment strategies. These investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Fair value measurements - The Plan measures fair value under a framework that utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs which prioritize the inputs used in measuring fair value are:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

When the Plan changes its valuation inputs for measuring financial assets and liabilities at fair value, either due to changes in current market conditions or other factors, it may need to transfer those assets or liabilities to another level in the hierarchy based on the new inputs used. The Plan recognizes these transfers at the end of the reporting period that the transfers occur. For the years ended December 31, 2010 and 2009, there were no significant transfers of financial assets or liabilities between the hierarchy levels.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Guaranteed investment contract with an insurance company - The Plan invests in a benefit-responsive guaranteed investment contract with the Custodian. The Custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attributed for the portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is reported on the face of the Statements of Net Asset Available for Benefits at contract value which does not materially differ from the fair value per the contract interest rate. As a result, no adjustments were made from contract value to fair value for the investment in the guaranteed investment account. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The value of the investment contract which approximates fair value at December 31, 2010 and 2009 was $414,169 and $360,898, respectively. The crediting interest rate is agreed upon with the issuer. The guaranteed interest rate on the guaranteed investment contract as of December 31, 2010 and 2009 was 3.00%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes in the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable or occurring.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields:	2010	2009
Based on actual earnings	3.00%	3.00%
Based on interest rate credited to participants	3.00%	3.01%

Realized and unrealized appreciation (depreciation) - Realized and unrealized appreciation (depreciation) is based on the contract and market values of the assets at the end of the Plan year compared to the contract and market values of the assets at the beginning of the Plan year, or at the time of purchase for assets purchased/exchanged during the Plan year. In the Statements of Changes in Net Assets Available for Benefits, the Plan presents the net appreciation or depreciation in the fair value of investments, which consists of realized gains or losses and unrealized market value appreciation or depreciation of investments.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the term of the Plan document. Outstanding notes receivable from participants at December 31, 2010 and 2009 bear interest at 4% and mature through June 2014.

Participant distributions - Benefits paid to participants are recorded when paid. As of December 31, 2010 and 2009, there were no amounts payable to withdrawing participants that had been requested but not paid.

Plan expenses - Non-investment costs and certain administrative expenses of the Plan are paid by the Sponsor, which is a party-in-interest. These expenses are not reflected in the accompanying financial statements and constitute exempt transactions under ERISA. Investment service fees are paid by the Plan and are netted against the related investment income. Certain administrative expenses are paid by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Income taxes - Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2007.

Reclassifications - Certain information presented in the prior year financial statements may have been reclassified to conform to current presentation.

Subsequent events - Subsequent events have been evaluated by the Sponsor through September 21, 2011, which is the date these financial statements were issued, and no subsequent events have arisen that would require disclosure in these financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual fund investments - Valued at the net asset value of shares held by the Plan at year-end (level 1).

Guaranteed investment contract with an insurance company - The guaranteed investment contract with an insurance company is stated at contract value. The fair value of the guaranteed investment contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations (Level 3).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting deadline.

NOTE 3 - FAIR VALUE MEASUREMENTS, Continued

The following table set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31:

Interest credited during the year	11,268
Purchases, sales, issuances, and settlements (net)	42,003

NOTE 4 - INVESTMENTS

The Custodian holds the Plan's investments and executes investment and other transactions of the Plan. Plan investments that represent 5% or more of the total fair value of the Plan's net assets as of December 31 are as follows:

	2010	2009
Janus Investments Twenty Fund	$ 246,431	$ 224,286
Janus Investments Balanced Fund	$ 396,620	$ 349,430

Guaranteed investment contract with The Hartford	$ 414,169	$ 360,898
Franklin Investments Small Mid Cap Growth Fund	$ 150,414	$ 113,863

During 2010 and 2009, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $138,184 and $253,095, respectively.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2010 are reported in net change in fair value of investments in the Statements of Changes in Net Assets Available for Benefits.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest, by definition, include a plan sponsor or employee, fiduciaries (including those who provide investment advice or who have discretionary control over Plan assets), and those who provide services to the Plan. Notes receivable from participants qualify as exempt party-in-interest transactions. Plan investments include certain investments in mutual funds and a guaranteed investment contract managed by the Custodian. The Custodian is also the third-party-administrator of the Plan and, therefore, transactions with these entities qualify as exempt party-in-interest transactions.

NOTE 6 - INFORMATION CERTIFIED BY THE CUSTODIAN OF PLAN ASSETS (Unaudited)

The following unaudited information in the financial statements was certified to be complete and accurate by the Custodian of the Plan's assets within the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA:

- All amounts included as investments in the Statements of Net Assets Available for Benefits;
- Investment income included in the Statements of Changes in Net Assets Available for Benefits;
- All amounts enumerated in the Supplemental Schedule of Assets (Held at End of Year), except for notes receivable from participants; and
