INDEPENDENT AUDITORS' REPORT

The Plan Committee
American Excelsior Company 401(k) Plan:

We were engaged to audit the financial statements and supplemental schedules of American Excelsior Company 401(k) Plan (the "Plan") as of December 31, 2010 and 2009 and for the year ended December 31, 2010, as noted in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2010 and 2009 and for the year ended December 31, 2010 that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the American Excelsior Company 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established to provide retirement, disability, and death benefits for qualified employees of the American Excelsior Company (the "Company"). The Plan covers all employees of the Company who completed 500 hours of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(b) Contributions

Contributions from the Company are accrued based on actions of its board of directors. Participants eligible to participate in the Plan may contribute a percentage of gross pay from 1 to 15 percent of pretax annual compensation or a specific dollar amount of their total compensation determined by the Internal Revenue Service ($16,500 for 2010 and 2009) in each calendar year. Contributions from participants are recorded when withheld from the participants' wages.

Certain Company divisions are required to contribute a discretionary match based on collective bargaining agreements. The Company may make an additional discretionary or qualified non-elective contribution each year to eligible persons, as defined, in amounts determined by the Board of Directors. The Company's discretionary matching contributions are based on collective bargaining agreements for the year ended December 31, 2010 totaled $66,151. During 2010, the Company made an additional qualified discretionary contribution for all employees not eligible for contribution in the American Excelsior Company Employee Stock Ownership Plan totaling $80,052.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, Company's contributions and plan earnings, and is charged with an allocation of administrative expenses as defined by the Plan. Allocations are based on account balances. There are no other benefits to which a participant is entitled other than the vested balance in the participant's account.

(d) Vesting

Participants are immediately vested in their pretax contributions and the Company's qualified non-elective contributions and, related earnings thereon. Participants become fully vested in the Company's matching contributions and discretionary contributions after completing three years of service or in the event of retirement, disability, or death.

1. DESCRIPTION OF PLAN (Continued)

(e) Notes Receivable from Participants

Participants may borrow from their accounts an amount not in excess of the lesser of (1) the greater of 50% of the vested account balance or (2) $50,000 reduced by the highest outstanding note balance within the previous 12 months. A participant may have a maximum of two notes outstanding at any time. The repayment terms of notes may not exceed five years except for notes used to acquire the participant's principle residence, which may not exceed 10 years. Each note receivable bears a reasonable rate of interest and repayments are made via payroll deductions.

(f) Payment of Benefits

In accordance with the Plan document and as allowed under Section 401(k) of the Internal Revenue Code (the "Code"), benefit payments of participants' pretax contributions are available upon retirement, death, disability, or separation from service and in amounts necessary to satisfy a financial hardship as defined by the Plan and in accordance with the Code.

(g) Forfeited Accounts

Forfeited non-vested accounts may be used for several purposes such as the payment of Plan expenses and to reduce employer contributions. Forfeiture activity in 2010 included approximately $800 of current year forfeitures used to reduce administrative expenses. There were no unallocated forfeitures as of December 31, 2010 and 2009.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

As described in Financial Accounting Standards Board Accounting Standards Codification ("ASC") Topic 946-210, Other Presentation Matters, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the ASC, investments in the accompanying statements of net assets available for benefits include fully benefit-responsive investment contracts recognized at fair value with a corresponding adjustment to reflect these investments at contract value which approximates fair value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(c) Investment Valuation and Income Recognition

Investments in pooled separate accounts are stated at the current fair value of the underlying assets, as determined by published market prices by Principal Financial Group ("Principal"). Investments in Principal's guaranteed interest accounts are stated at fair value, as determined by Principal. A surrender fee may be assessed if a participant withdraws funds prior to the respective contract's maturity date. Participant loans are stated at cost, which approximates fair value.

The Plan's investments are stated at fair value based on quoted market prices. Mutual funds are valued at the net asset value of shares held by the Plan at year-end. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(d) Operating Expenses

Certain expenses of the Plan are paid by the Plan.

(e) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(f) New Accounting Pronouncements

In September 2010, the FASB issued new guidance regarding reporting presentation of participant loans in defined contribution plans. This guidance requires that participant loans be classified as notes receivable rather than a plan investment and measured at unpaid principal balance plus accrued but unpaid interest rather than fair value. The Plan retrospectively adopted the new accounting in 2010. The adoption did not have a material effect on the Plan's financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(f) New Accounting Pronouncements (Continued)

In January 2010, the FASB issued new guidance to amend the disclosure requirements related to fair value measurements. This guidance requires a new disclosure for transfers in and out of Level 1 and 2, stating that a reporting entity should disclose separately the amounts of significant transfers in and out of Level 1 and 2 fair value measurements and describe reasons for the transfers. It also requires additional disclosure for the activity within Level 3 measurements, stating that a reporting entity should present separately information about purchases, sales, issuances, and settlements in the reconciliation for fair value measurements using significant unobservable inputs (Level 3). This amendment also clarifies that a reporting entity should provide fair value measurement disclosures for each class of assets and liabilities and should provide disclosures about the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements that fall in either Levels 2 or 3. This new guidance is effective for periods beginning after December 15, 2009, except for the disclosures of the rollforward of activity within Level 3 fair value measurements, which is effective for fiscal periods beginning after December 15, 2010. The adoption of this guidance did not have any impact on the Plan's financial statements.

(g) Reclassifications

Certain amounts in the prior year financial statements have been reclassified to conform to the presentation in the current year.

3. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a benefit-responsive investment contract with Principal. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the statement of net assets available for benefits at fair value as determined using the market approach based on market prices of similar contracts. The adjustment from fair value to contract value for the investment contract is based on the contract value as reported to the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The average yield and crediting interest rates were approximately 3.06% and 1.29% for 2010 and 3.44% and 1.68% for 2009, respectively.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Principal. The Plan administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with Plan participants is not probable.

4. INVESTMENTS

Investments at December 31, 2010 and 2009 that represent 5% or more of the Plan's net assets available for benefits consisted of the following:

	2010	2009
Investment Contract with Insurance Company	$ 522,221	$ 504,177
Pooled Separate Accounts:		
Money Market	852,031	829,303
Large Cap S&P 500 Index	930,275	820,190
Large Cap Growth	752,181	614,329
Small Cap Blend	872,830	705,079
Diversified International	589,577	481,915
Bond and Mortgage	680,738	524,708
Stock Emphasis Balanced	475,147	452,309

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $981,057 for the year ended December 31, 2010.

5. INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator elected the method of compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investments reflected on the statement of net asset available for benefits as of December 31, 2010 and 2009 and for the year ended December 31, 2010, the investments included on the schedule of assets held at end of year as of December 31, 2010, the net appreciation in market value of investments and interest reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2010, except for comparing such information certified as complete and accurate by the custodian to information included in the Plan's financial statements and supplemental schedule.

6. FAIR VALUE MEASUREMENTS

FASB ASC topic *Fair Value Measurements*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

6. FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy under FASB ASC topic 820, *Fair Value Measurements*, are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

	Assets at Fair Value as of December 31, 2010			
	Level 1	Level 2	Level 3	Total
Investment contract with insurance company	$ -	$ -	$ 522,221	$ 522,221
Pooled separate accounts	-	7,519,353	122,268	7,641,621
	$ -	$ 7,519,353	$ 644,489	$ 8,163,842

The following is a summary of changes in the fair value of the Plan assets that were measured using significant unobservable inputs for the year ended December 31, 2010:

	Investment Contract with Insurance Company	Pooled Separate Account	Total
Beginning balance	$ 504,177	$ 100,800	$ 604,977
Purchases, sales, issuances and settlements	18,044	21,468	39,512
Ending balance	$ 522,221	$ 122,268	$ 644,489

(Continued)

6. FAIR VALUE MEASUREMENTS (Continued)

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Investment contract with insurance company	$ -	$ -	$ 504,177	$ 504,177
Pooled separate accounts	-	6,224,359	100,800	6,325,159
	$ -	$ 6,224,359	$ 604,977	$ 6,829,336

The following is a summary of changes in the fair value of the Plan assets that were measured using significant unobservable inputs for the year ended December 31, 2009:

	Investment Contract with Insurance Company	Pooled Separate Account	Total
Beginning balance	$ 518,064	$ 118,234	$ 636,298
Purchases, sales, issuances and settlements	(13,887)	(17,434)	(31,321)
Ending balance	$ 504,177	$ 100,800	$ 604,977

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

8. TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated February 11, 2010, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognized a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and the Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to examinations for years prior to 2007.

9. RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by The Principal Financial Group. The Principal Financial Group is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

	2010	2009
Net assets available for benefits per the financial statements	$ 8,743,414	$ 7,362,208
Adjustment to/from fair value to contract value	(2,131)	(3,335)
Net assets available for benefits per Schedule H to Form 5500	$ 8,741,283	$ 7,358,873

11. SUBSEQUENT EVENTS

The date to which events occurring after December 31, 2010, the date of the most recent financial statements, have been evaluated for possible adjustment to the financial statements for disclosure is August 29, 2011, which is the due date on which the financial statements were available to be issued.
