INDEPENDENT AUDITORS' REPORT

The Plan Administrator
Materials Transportation Company
401(k) Defined Contribution Plan

We have audited the accompanying statements of net assets available for benefits of Materials Transportation Company 401(k) Defined Contribution Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Materials Transportation Company 401(k) Defined Contribution Plan as of December 31, 2010 and 2009, and the changes in its net assets available for benefits for the year ended December 31, 2010, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The Schedule of Delinquent Participant Contributions and the Schedule of Assets Held for Investment Purposes on pages 11 through 13 are presented for purposes of additional analysis and are not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MATERIALS TRANSPORTATION COMPANY 401(k) DEFINED CONTRIBUTION PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Materials Transportation Company (the Company) 401(k) Defined Contribution Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have completed at least three months of service and have attained the age of eighteen. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute up to 100% of their compensation to the Plan. During 2010, the Company contributed on behalf of each participant a qualified matching contribution of 25% of the participant's contribution, up to a maximum amount of 4% of the participant's compensation beginning July 9, 2010. Contributions are subject to certain limitations. Participants direct the investment of the contributions into various investment options offered by the Plan. The Plan currently offers twenty - one common trust funds. The Plan's forfeitures of terminated participant's nonvested accounts used to reduce employer contributions for the year ended December 31, 2010 were $ 4,493.

Participant Account

Each participant account is credited with the participant's contributions and allocations of (a) Company contributions, (b) Plan earnings, and (c) certain forfeitures of terminated participant's nonvested accounts. Allocations of earning are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

Payment of Benefits

On termination of service, a participant receives a lump-sum amount equal to the value of his or her account. The Plan also includes a provision for in-service and hardship distributions.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Employer contributions are 20 percent vested to the participant after the second full plan year of service, 20 percent for each additional year of service and fully vested after six years. Full vesting in employer contributions also occurs upon death, total disability or retirement at or after age 65.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments

The Plan's investments are stated at fair value. Common trust funds and mutual funds are valued at the estimated fair value of the Plan's undivided interest in the underlying assets of the trust.

Purchase and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Participant loans

Participants may borrow from their fund accounts. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loans fund. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through weekly payroll deductions.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

The Plan's portfolio investments were classified as follows, based on fair values:

	2010 Fair Value	2009 Fair Value
Level 1	$ -	$ -
Level 2	4,367,212	4,266,639
Level 3	217,443	146,991
Total portfolio investments	$ 4,584,655	$ 4,413,630

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

3. Fair Value Measurements (continued)

Pooled Separate Accounts: Valued at the net asset value ("NAV") of its underlying investments which include mutual funds, stocks, bonds and securities in varying proportions. The majority of the underlying investments have observable level 1 or 2 pricing inputs, including quoted prices for similar assets in active or non-active markets. Assigned input level: 2

Participant Loans: Participant loans are reported at unpaid balances which approximates fair value. There is no existing external exit market for these loans as all transactions are restricted to participants and the plan sponsor. These loans cannot be assumed or sold to outside parties. There is no credit risk involved with these loans as any participant defaults are than deemed taxable distributions to the participant. Assigned input level: 3

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Investments

The following table presents the fair value of investments of the Plan as of December 31, 2010 and 2009, all of which are participant directed.

	2010			2009
	Level 2 Inputs	Level 3 Inputs	Total Fair Value	Total Fair Value

Total	$ 4,367,212	$ 217,443	$ 4,584,655	$ 4,413,630

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2010, are reported in net appreciation in fair value of investments.

4. Investments (continued)

As required by SFAS No.157, the following table presents a reconciliation of the beginning and ending balances of the fair value measurements using significant unobservable inputs (Level 3):

	Participant Loans Fair Value
Balance, January 1, 2010	$ 146,991
Total gains or losses (realized and unrealized) included in changes in net assets	-
Interest credit	10,257
Purchases and sales, net	60,195
Balance, December 31, 2010	$ 217,443
Change in unrealized gains or losses related to assets still held at December 31, 2010	$ -

5. Tax Status

The Plan is using a standardized prototype profit-sharing plan document. During the year ended December 31, 2008, the Plan operated under a plan that the Internal Revenue Service (IRS) indicated in a letter dated August 7, 2001 the standardized form of plan is acceptable under Section 401 of the Internal Revenue Code (the code). During the year ended December 31, 2009, the Plan operated under a plan that the IRS accepted in a letter dated March 31, 2008. The IRS's opinion on the acceptability of the form of the Plan is not a ruling or determination as to whether the Plan qualifies under Code section 401 (a). However, the Plan administrator believes the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

7. Party-In-Interest Transactions

The Plan has not considered Company contributions to the Plan or benefits paid by the Plan to participants as party-in-interest transactions.

The Plan holds investments in common trust funds of the trustee. Fees incurred by the Plan for investment management services by the trustee of the Plan were paid for by the Company for 2010.
