NOTE 1: DESCRIPTION OF THE PLAN

Effective July 1, 2003, Coast Composites, Inc. (the “Company”) adopted a 401(K) profit sharing plan currently known as the Coast Composites, Inc. Employees Savings Trust (the “Plan”). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering any employee who has attained age 21 and completed three months of service. Participants may only enter the Plan on the Plan's entry dates of January 1 and July 1 of each Plan year. The Company and the Plan trustees administer the Plan. The assets of the Plan are held and invested by Fidelity Management Trust Company acting as custodian, record keeper, and third party administrator.

The Plan is designed to comply with Section 401(a) of the Internal Revenue Code as a defined contribution Plan and its incorporated Trust is intended to qualify as a tax-exempt trust under Section 501(a) of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

DRAFT

Contributions

Based on their elections, Plan participants are entitled to defer up to 75 percent of his/her compensation up to the maximum contribution amount permitted under the Internal Revenue Code. Employee contributions are matched 100% by the Company up to the first 3% and 50% of contributions between 3% to 5% of the employee’s eligible compensation (subject to certain limitations). Contributions from the Company are accrued by the Plan in the period when such contributions become an obligation of the Company. The maximum participant elective contributions allowed under the Plan for the years ended December 31, 2010 and 2009 were \$16,500 (\$20,500 for participants age 50 and over).

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of a) the Company contribution and, b) plan earnings, and charged with an allocation of certain expenses. Allocations are based on account balances.

NOTE 1: DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in their contributions and related earnings thereon. Participants are also immediately vested in the Company's safe-harbor matching contributions. Vesting in the Company's discretionary contributions, when applicable, is based on years of vesting service. Participant accounts become 100% vested upon normal retirement, disability, or death of the active participant. The following schedule describes the vesting percentages for discretionary employer contributions:

<u>Years of Vesting Service</u>	<u>Vested Benefit Percentage</u>
Less than 3	0 %
3 or more	100 %

Loans

Participants may borrow a minimum of \$1,000 up to 50% of their vested account balance. The loans will bear a reasonable rate of interest and will be repaid through payroll deductions over a period not to exceed five years.

Payment of Benefits

DRAFT

Upon termination of service before the normal retirement age of 65, a participant with benefits of over \$5,000 may elect to defer distribution until normal retirement age or receive a lump sum payment equal to the vested share of the participant's account.

Upon termination of service at the normal retirement age, benefits are available based on the vested share of the participant's accounts. Benefits can also be accessed in the event of disability or death.

Additionally, the Plan allows participants to make early withdrawals for certain financial hardships. The Plan allows one withdrawal by participants in any twelve-month period. Participants electing after they reach age 59 ½ to take withdrawals will be required to pay applicable taxes on the withdrawals but will not be subject to penalty taxes for early withdrawals.

NOTE 1: DESCRIPTION OF THE PLAN (continued)

Forfeitures

Forfeitures are applied to reduce employer-matching contributions or to pay Plan expenses. There were no forfeitures in 2010 or 2009.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting. Investment and other expenses are recorded as incurred. Benefits are reported when paid. Except for investment expenses of \$7,401 and \$7,419 in 2010 and 2009, respectively, administrative expenses are paid by the plan sponsor.

DRAFT

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Plan investments are included in the accompanying financial statements at fair value as determined by quoted market prices. Interest is recorded on the accrual basis and is recorded in the investment value. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

Contributions

Contributions include all participant elective and employer-matching contributions accrued through year-end.

Amounts Due Terminated Participants

Amounts due terminated participants, if any, are included in net assets available for plan benefits.

Subsequent Events

Subsequent events were evaluated through October 4, 2011, which is the date the financial statements were available to be issued.

NOTE 3: FAIR VALUE MEASUREMENTS OF INVESTMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for Plan benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total	<u>\$ 8,304,097</u>	<u>\$ 7,425,382</u>	<u>\$ 878,715</u>

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

NOTE 4: INVESTMENTS

Participants direct the investment of their contributions into various investments offered by the Plan. The Plan currently offers money market, stock and bond mutual funds. Fidelity Investments holds the Plan's investments and executes the Plan's investment transactions.

FA Freedom 2035 A Fund	439,484	537,969
PIMCO Total Return A Fund	224,351	445,657

The Plan's investments (including gains and losses in investments bought and sold, as well as held during the year and dividends reinvested) increased in value by \$1,132,113 and \$1,577,383 during 2010 and 2009, respectively.

DRAFT

NOTE 5: PLAN TERMINATION

Although the Company has not expressed an interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6: TAX STATUS

The trust established under the Plan to hold the Plan's assets is designed to qualify pursuant to Section 501(a) for the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes. As a Regional Prototype, the Plan has adopted a standardized 401(k) plan approved by the Internal Revenue Service in its letter to Fidelity dated December 5, 2001.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting. Investment and other expenses are recorded as incurred. Benefits are reported when paid. Except for investment expenses of \$7,401 and \$7,419 in 2010 and 2009, respectively, administrative expenses are paid by the plan sponsor.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Plan investments are included in the accompanying financial statements at fair value as determined by quoted market prices. Interest is recorded on the accrual basis and is recorded in the investment value. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

Contributions

Contributions include all participant elective and employer-matching contributions accrued through year-end.

Amounts Due Terminated Participants

Amounts due terminated participants, if any, are included in net assets available for plan benefits.

Subsequent Events

Subsequent events were evaluated through October 4, 2011, which is the date the financial statements were available to be issued.

NOTE 3: FAIR VALUE MEASUREMENTS OF INVESTMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for Plan benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.
