1. Plan Description

The following description of the Calscience Engineering & Laboratories, Inc. 401(K) Plan (the Plan) only provides general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - Calscience Engineering & Laboratories, Inc. (the Company) established the Plan, a defined contribution plan, effective January 1, 1997, to provide savings benefits for all eligible employees.

An employee is eligible for participation once he or she has attained the minimum age of 21 and there is no minimum service requirement.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions - Employer: The matching contributions equals 40% on the first 5% of the participant's compensation, which is deferred as an elective deferral. Matching contributions shall be determined each payroll period.

Employee: Each year, participants may contribute an amount up to 80% of their compensation for the contribution period, subject to annual dollar limits set by the Internal Revenue Service.

Participant Accounts - Each Participant account is credited with an allocation of the Company's contributions, Plan earnings, and forfeitures of terminated participant non-vested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant vested account.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. With respect to employer contributions, a participant becomes 20% vested after two years of service plus an additional 20% for each additional year of qualified service up to a maximum of 100%.

1. Plan Description – (Continued)

Notes Receivable from Participants - Under the terms of the Plan, participants may borrow from their accounts a minimum of $1,000 up to 50% of their vested account balance with a maximum loan of $50,000. The loans are secured by the balance in the participants' accounts and bear interest at a rate commensurate with market rates for similar loans.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments as permitted. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

2. Summary of Significant Accounting Policies

Basis of Accounting - The Plan's accounting records are maintained on the accrual basis.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Income Recognition - Interest and dividend income are recorded as earned on the accrual basis.

Investment Valuation - The Plan's investments in common/collective trusts and mutual funds are stated at fair value based on quoted market prices. Participant loans are valued at their outstanding balances, which approximate fair value.

Administrative Expenses - All expenses of the Plan are paid by the Company except for investment transaction fees.

Payment of Benefits - Benefits are recorded when paid.

2. Summary of Significant Accounting Policies – (Continued)

Investment Risks and Uncertainties - The Plan provides for investments in various instruments that, in general, are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for plan benefits.

Subsequent Events - The Company evaluated subsequent events through September 26, 2011, the date these financial statements were available to be issued. No significant events occurred subsequent to the balance sheet date and prior to September 26, 2011, that would have a material impact on the financial statements.

3. Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions, amend the Plan at any time, and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

4. Investments

Individual investments that represent 5% or more of the Plan's net assets at December 31, 2010 and 2009, are as follows:

	2010	2009
S & P 500 Index Fund	$384,857	$422,981
Stable Value Fund	700,700	484,186
Janus Forty Fund	Less than 5%	245,417
Government Money Market Fund	876,964	836,936
Core Fixed Income Fund	228,207	Less than 5%

5. Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administration and tax counsel believe that the Plan is currently designed and being operated in compliance with the qualification requirements of the IRC, and was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Information Prepared and Certified by Trustee

The following information included in the accompanying statements and supplemental schedule was obtained from data that has been prepared and certified as to its completeness and accuracy by the trustee.

	2010	2009
Investments, at fair value:		
State Street Bank	$3,374,316	$2,811,073
Participant Loans:		
State Street Bank	$ 74,896	$ 18,148
Investment Income:		
State Street Bank	$ 9,473	$ 7,904

7. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820 (formerly FAS 157), *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds and Common/Collective Trusts - Valued at the net asset value (NAV) of shares held by the plan at year end. These investments are level 1 measurements. The applied inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
