Note 1 - Description of the Plan and Significant Accounting Policies

The following description of GolfTEC 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established April 1, 1997, and was amended on February 1, 2008. The Plan is available to substantially all employees age 21 years or older. Participants may enter the Plan on the first day of each Plan quarter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Directors of GolfTEC Management LLC (the "Company") administers the Plan. Transamerica Financial Life Insurance Company ("Transamerica") serves as trustee, manages Plan assets, and maintains the Plan's records. Transamerica offers Plan participants a variety of investment options through various pooled separate accounts and a stable value fund. Individual accounts are invested in the various investment options at the direction of the participants.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Contributions

Participants may make before-tax contributions from 1% to 50% of their annual compensation, not to exceed limits established by the Internal Revenue Service ("IRS"), which are adjusted annually by the Secretary of Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. The Plan also allows rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions. The Plan also allows participants to make catch-up contributions to the Plan. Participants who have reached the age of 50 before the end of the Plan year may elect to defer up to $5,500 in additional contributions regardless of any additional contribution limits previously met. Employer matching contributions are not permitted by the Plan.

Participants direct the investment in their accounts by electing the percentages they wish to allocate between investment alternatives. Participants may choose between various pooled separate accounts and a stable value fund. Participants may change their investment allocations as often as they choose.

Employees are eligible to contribute on an after-tax basis through payroll deductions from 1% to 50% of eligible compensation as Roth 401(k) deductions. Provided requirements are met, withdrawals of contributions and any earnings are tax free. A participants' combined pre-tax and Roth 401(k) contributions cannot exceed the maximum annual amount allowed by law.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Participants' Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Plan earnings or losses and an allocation of expenses. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are 100% vested in their voluntary contributions and allocated earnings or losses thereon.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the participant's highest outstanding loan balance during the preceding 12 months, or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 8.5%, which are fixed at loan inception and are commensurate with local prevailing rates as determined quarterly by the Plan administrator. The loans mature at various dates through January 2016. The Plan allows for only one loan to be outstanding at any time. Principal and interest is paid ratably through payroll deductions. Loans are to be repaid no less than on a quarterly basis over a five-year period, with the exception of loans for a principal residence, which are to be repaid over a period not to exceed thirty years.

Payments of Benefits

Upon termination of service, death, disability, or retirement (the age of 65), a participant may receive a lump-sum amount equal to the value of the participant's vested account balance. A participant may receive the value of the vested account balance as a lump-sum distribution. Accounts with balances less than $1,000 will be automatically distributed upon a distribution event. For accounts with balances greater than $1,000 but not greater than $5,000, and where the participant has not elected to receive his or her vested interest under any form or payment allowed under the Plan, the balance will be paid in a direct rollover to an individual retirement plan designated by the Plan administrator. The Plan allows for distributions for financial hardship, subject to limitations. Benefits are recorded as distributions to participants when paid.

Valuation of Investments and Income Recognition

The assets of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The valuation technique used to measure the fair value of the pooled separate accounts was the per unit basis fair value of the investments comprising the separate funds.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition (continued)

The valuation technique used to measure the fair value of the stable value fund was the fair value of the stable value fund's underlying investments as determined by the trustee.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchase and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risk and Uncertainties

The Plan provides for various investments, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Additionally, some investments held by Transamerica are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Subsequent Events

The Company has evaluated subsequent events through September 21, 2011, the date the financial statements were available to be issued.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Recent Accounting Pronouncements

In September 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2010-25, *Reporting Loans to Participants by Defined-Contribution Pension Plans*, which requires participant loans to be classified as loans receivable and measured at unpaid principal balance plus accrued but unpaid interest. Previously, these participant loans were classified as Plan investments and were subject to the fair value measurement and disclosure requirements of Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures*. As permitted under ASU No. 2010-25, the Plan has retrospectively adopted ASU No. 2010-25 for the Plan years ending December 31, 2010 and 2009. The adoption of ASU No. 2010-25 did not have a material impact on the Plan's financial statements.

In January 2010, the FASB issued ASU No. 2010-06, *Improving Disclosures about Fair Value Measurements*. This guidance requires additional disclosure of transfers of assets and liabilities between Levels 1 and 2 of the fair value hierarchy and disclosure of activities on a gross basis, including purchases, sales, issuances, and settlements in the reconciliation of the assets and liabilities measured under Level 3 of the fair value hierarchy. This standard also clarifies existing disclosure requirements on levels of disaggregation and disclosures about inputs and valuation techniques. ASU No. 2010-06 was effective for the Plan year ended December 31, 2010, except for the disclosure requirements on Level 3 activity that will be effective for the Plan year ending December 31, 2011. The adoption of this standard did not have a material impact on the Plan's 2010 financial statements.

Note 2 - Assets Certified by Transamerica

Transamerica has certified in writing to the Plan administrator that the stated amounts for investments at fair value and participant loans at amortized cost as of December 31, 2010 and 2009, and the income earned thereon for the year ended December 31, 2010, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the information certified by the trustee, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

Note 2 - Investments (continued)

The fair values of investments greater than 5% of net assets were the following:

	December 31, 2010	December 31, 2009
Diversified Investors Intermediate/Long Horizon	$ 191,564	$ 139,323
Invesco International Growth	$ 109,407	$ 79,171
Transamerica Partners Stock Index	$ 84,274	$ 64,137
Oppenheimer Global	$ 79,308	$ 56,565
Transamerica Partners Mid Value	$ 74,101	$ 52,444
Transamerica Stable Value Advantage Option	$ 73,074	$ 68,732
Wells Fargo Adv Small Cap Value	$ 71,242	$ 53,741
Diversified Investors Long Horizon	$ 62,830	$ 49,648

During the year ended December 31, 2010, the Plan's pooled separate accounts and stable value fund investments (including gains and losses on investments bought and sold as well as held during the year) were as follows:

Pooled separate accounts	$ 147,647
Stable value fund	2,067
	$ 149,714

Note 3 - Fair Value Accounting

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Note 3 - Fair Value Accounting (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value measured on a recurring basis.

Note 4 - Income Taxes

On March 30, 2010, the IRS issued an opinion letter indicating that the prototype Plan document adopted by the Plan, as then designated, qualified under Section 401(a) of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2010 and 2009, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or their beneficiary.

Note 7 - Party-in-Interest

Certain Plan investments are pooled separate accounts and a stable value fund managed by Transamerica. Transamerica is the asset trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest, which are exempt from prohibited transaction rules.
