We were engaged to audit the financial statements and supplemental information of the Follett Retirement Savings Plan as of December 31, 2010 and 2009, and for the years then ended, as listed in the accompanying table of contents. These financial statements and supplemental information are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any of the normal auditing procedures with respect to asset information certified by T. Rowe Price Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental information. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental information taken as a whole. The form and content of the information included in the financial statements and supplemental information, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As of December 31, 2010, the Plan adopted Financial Accounting Standards Board Accounting Standards Update 2010-25, *Plan Accounting - Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*, which clarified how loans to participants should be classified and measured by defined contribution plans. This update was retrospectively applied to December 31, 2009.

Follett Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

NOTE A – DESCRIPTION OF PLAN

The following description of the Follett Retirement Savings Plan (“Plan”) provides only general information. Participants or other interested parties should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan’s provisions.

1. General

The Plan is a defined contribution 401(k) plan that covers eligible employees of Follett Corporation and its subsidiaries (“Company”). The Plan was established on April 1, 1985 for the purpose of permitting eligible employees to defer a portion of their compensation and to provide retirement benefits for eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974.

2. Eligibility

Full-time, part-time, and temporary employees become eligible for the Plan on the first day of the month following the one-year anniversary of their date of hire if they complete at least 1,000 hours of service in that year.

All full-time, part-time, and temporary employees are eligible for discretionary profit sharing contributions if they have been employed for 12 months, completed 1,000 hours of service, and are active employees on December 31 of each calendar year.

3. Contributions

The Plan is funded by voluntary contributions of the participants and by matching and discretionary profit sharing contributions of the Company. Participants may contribute to the Plan a percentage of eligible earnings, subject to limitations imposed by the Internal Revenue Code. Each pay period, matching contributions are made by the Company in amounts up to 100% of the first 4% of each participant’s eligible compensation that was contributed to the Plan. Company matching contributions were \$8,874,196 and \$8,647,207 for the years ended December 31, 2010 and 2009, respectively. Discretionary profit sharing contributions made by the Company are determined on an annual basis and are subject to certain limitations imposed by the Internal Revenue Code. The discretionary profit sharing contributions were \$3,808,744 and \$3,508,260 for the years ended December 31, 2010 and 2009, respectively. Participants may also roll over amounts representing distributions from other qualified retirement plans.

4. Vesting

Participants are immediately 100% vested in participant contribution and Company matching contributions plus the earnings thereon.

Participants are 100% vested in the Company’s profit sharing contributions after three years of service, provided the participant worked at least 1,000 hours in each year of service.

NOTE A – DESCRIPTION OF PLAN (Continued)

5. Forfeitures

Forfeitures may be used by the Company to reduce future matching contributions, pay plan expenses, or reallocate among the active eligible participants under the Plan as additional profit sharing contributions. Unallocated plan assets resulting from forfeited nonvested amounts totaled \$286,989 and \$152,611 at December 31, 2010 and 2009, respectively. Forfeitures reallocated to participants were \$274,472 and \$400,372 for the years ended December 31, 2010 and 2009, respectively.

6. Investment Options

Participants direct their salary deferral contributions and the Company's contributions into a variety of selected investment funds, including a self-directed brokerage account, as made available and determined by the Administrative Committee. Participants may change their investment options any time throughout the year via direct communication with T. Rowe Price Retirement Plan Services, Inc. ("T. Rowe Price"), the recordkeeper.

7. Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's match, the Company's discretionary profit sharing contribution, if applicable, and allocations of plan earnings plus forfeitures. The Company has directed the discretionary profit sharing contributions for fiscal years 2010 and 2009 to be credited to participants as a single, lump-sum amount plus a percentage of each participant's eligible earnings, as defined. Plan earnings are allocated to participants' accounts in direct proportion to their investment choices and respective account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

8. Administrative Expenses

Administrative expenses of the Plan are paid by the Company and the Plan.

9. Notes Receivable from Participants

Notes receivable from participants are measured at unpaid principal balance plus any accrued but unpaid interest. Participants may borrow the lesser of \$50,000 or 50% of their vested account balances, with a minimum loan amount of \$1,000. Interest is charged at a predetermined rate (ranging from 3.25% to 9.50% as of December 31, 2010). These loans are repaid through payroll deductions over a period not to exceed five years, unless the loan is taken to finance a participant's primary residence, for which the period shall not exceed 15 years. The loans are collateralized by each participant's respective vested account balance. Participant loans totaled \$8,408,937 and \$7,211,543 at December 31, 2010 and 2009, respectively. Related interest income was \$362,578 and \$410,054 for the years ended December 31, 2010 and 2009, respectively.

NOTE A – DESCRIPTION OF PLAN (Continued)

10. Payment of Benefits

Upon termination of service, a participant or their beneficiary is entitled to receive an amount equal to the value of the participant's vested account balance in the form of a lump-sum distribution. Alternatively, the funds, if greater than \$1,000, may be left in the Plan until the participant reaches age 70 ½. In the event of a participant's death, the beneficiary must take a distribution no later than the fifth anniversary of the participant's death.

In addition to a loan, eligible participants can withdraw funds (funds are comprised of rollover dollars, participant contributions to the Plan, Company match, and profit sharing contributions) from their account using one of three options:

- In-service withdrawal – allows a participant to withdraw rollover dollars contributed to the Plan if the participant is younger than 59½, but allows participants older than 59½ to withdraw all vested dollars.
- Special in-service withdrawal – allows a participant to withdraw up to 60% of the vested profit sharing contribution to purchase a primary residence.
- Hardship withdrawal – only available to participants who have already taken all available loans and in-service withdrawals, and are only allowed for six purposes: to purchase a primary residence, to prevent eviction or foreclosure on a primary residence, to pay for post-secondary education expenses, to pay for unreimbursed medical expenses, to pay for funeral or burial expenses for a parent, spouse, child or other dependent, or to pay for repair of catastrophic property damage to the participant's principal residence. The hardship withdrawal provisions of the Plan allow a participant to receive a hardship distribution based on the financial hardship of the participant's beneficiary even if the beneficiary is not the participant's spouse or dependent.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

As described in Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 962-325, *Plan Accounting - Defined Contribution Pension Plans, Investments - Other*, investment contracts held by a defined contribution plan are required to be reported at fair value.

Follett Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2010 and 2009

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

1. Basis of Accounting (Continued)

However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the ASC, the statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on the contract value basis.

2. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets (Level 1) measurements and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Follett Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2010 and 2009

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year-end (Level 1).

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (Level 2) (see Note D).

Mutual funds, common stocks, preferred stocks, and corporate bonds, which are included in participant-directed brokerage account assets: Valued at the closing price reported on the active market on which the individual securities are traded (Level 1).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Payments of Benefits

Benefit payments are recorded when paid.

5. Use of Estimates

In preparing the financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

6. Reclassifications

Certain amounts in the prior year's financial statements have been reclassified to conform to the current year's presentation.

7. Accounting for Uncertainty in Income Taxes

Plan management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

NOTE C – INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Investments and notes receivable from participants held at December 31, 2010 and 2009, net appreciation in the fair value of investments, and interest and dividends for the years ended December 31, 2010 and 2009, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by T. Rowe Price Trust Company, the trustee as of and for the years ended December 31, 2010 and December 31, 2009. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information certified by the trustee.

NOTE D - INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2008, the Plan entered into a benefit-responsive investment contract with T. Rowe Price Trust Company. T. Rowe Price Trust Company maintains the contributions in a general account. The account is credited with the earnings of the underlying investments and is charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note B, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by T. Rowe Price Trust Company, represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of Follett Corporation (the Plan Sponsor) or other Plan Sponsor events (for example, divestiture or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan Sponsor does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with the participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields:

	<u>2010</u>	<u>2009</u>
Based on actual earnings	3.65%	4.23%
Based on the interest rate credited to participants	4.10%	4.26%

NOTE E – INCOME TAX STATUS

The Plan obtained its latest determination letter on June 3, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan believes that all amendments to the Plan will not change the status of the last determination letter.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their respective account balances.

NOTE G – MARKET RISK

The value of the Plan's investments is subject to market risk associated with potential fluctuations in market values of the respective underlying investments. Fluctuations in the market values of the Plan's investments could be material to the financial statements.

NOTE H – PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds and guaranteed investment contracts managed by T. Rowe Price; therefore, these transactions qualify as party-in-interest transactions. Plan investments held with T. Rowe Price aggregated \$256,410,563 and \$219,584,754 at December 31, 2010 and December 31, 2009, respectively. Administrative fees of \$33,981 and \$31,617 were paid by the Plan to T. Rowe Price for the years ended December 31, 2010 and 2009, respectively.

NOTE I – RECONCILIATION OF AUDITED FINANCIAL STATEMENTS TO FORM 5500

The following are reconciliations of net assets available for benefits and investment income from these financial statements to the Form 5500. The reconciliation items are a result of the fact that the 2010 and 2009 net assets available for benefits were prepared at fair value rather than at contract value, as required by accounting principles generally accepted in the United States of America.

NOTE J – VARSITY GROUP, INC. 401(K) PLAN TRANSFER-IN

On April 16, 2008, Varsity Group, Inc. was acquired by VGI Holdings Corp., a wholly owned subsidiary of Follett Corporation. In connection with this acquisition, Follett Corporation froze the Varsity Group, Inc. 401(k) Plan as of January 1, 2009, and merged it into the Plan. On April 6, 2009, \$218,728 of plan assets were transferred from the Varsity Group, Inc. 401(k) Plan to the Follett Retirement Savings Plan.

NOTE K – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 11, 2011, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.
