NOTE 1 – DESCRIPTION OF PLAN

The following description of the Tool Flo 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan, which covers all employees of Tool Flo Manufacturing, Inc. (the "Company"), was established September 1, 1997, as a 401(k)/profit sharing plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The amended and restated provisions of the Plan became effective on March 1, 2010. This restatement was made to conform the Plan to new tax laws and some provisions may be retroactively effective.

A. Eligibility – Qualifying employees may enter the Plan on the first day of each month of the Plan year after attaining eighteen (18) years of age and completing six (6) months of service.

B. Contributions – Each year, participants may elect to defer from one percent (1%) up to fifteen percent (15%) of their eligible earnings, not to exceed the maximum dollar amount allowed by law. Participants age fifty (50) or older may also make catch-up contributions in excess of their elective deferrals. Rollover contributions are permitted from other qualified plans and certain IRAs. Participants may increase or decrease their contribution percentage or suspend contributions at any pay date.

   The Company may make a matching contribution or a nonelective contribution, as determined annually. No employer contributions were made for the year ended December 31, 2010.

C. Participant Accounts – Each participant's account is credited with the participant's contributions, rollovers, employer contributions, investment earnings or losses, cost of investment management expenses, transactional costs and service charges. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting – Participants are immediately vested in their contributions and rollovers plus actual earnings or losses thereon. Vesting in the employer contribution portion of their accounts plus actual earnings or losses thereon is based on years of continuous service, with participants becoming one hundred percent (100%) vested at six (6) years of credited service. The nonvested portion of a participant's account balance is forfeited upon termination of service. A participant becomes one hundred percent (100%) vested in their full account balance immediately upon reaching normal retirement age, disability, or death.

E. Investment Options – Participants direct the investments of their entire interest in the Plan into various investment options offered by the Plan. The Plan currently offers a money market fund, collective trust funds and mutual funds as investment options for its participants. Participants may modify investment elections, transfer existing account balances, and obtain information regarding their investments each business day.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

F. Note Receivable from Participants – Participants may borrow from their fund accounts a minimum of $500 and up to fifty percent (50%) of their vested account balance not to exceed $50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the new loan is made. The loans are adequately secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the Company. Principal and interest payments are paid ratably through payroll deductions over a term not to exceed five (5) years, unless the loan was obtained to acquire a principal residence, which can extend the term. A participant may have no more than three outstanding loans at any given time and may only be granted two loans in any twelve (12) month period.

G. Payment of Benefits – Upon termination of service due to termination, death, disability or retirement, a participant may elect to receive either a single lump-sum payment equal to the value of the participant's vested interest in their account or a direct rollover to a qualified account. Federal law requires the Plan to automatically rollover a participant's vested account into a qualified IRA if it is more than $1,000, but less than $5,000, the participant is not age sixty-five (65), and the participant does not make a distribution election. Account balances less than $1,000 will be paid in a single lump-sum payment.

Hardship withdrawals are governed by Internal Revenue Service ("IRS") regulations and are only permitted under immediate and heavy financial need. A participant may also receive an in-service distribution upon reaching age fifty-nine and one-half (59½).

H. Forfeited Accounts – Forfeited amounts may first be used to pay Plan expenses and then used to offset employer contributions. At December 31, 2010 and 2009, there were no forfeited nonvested accounts. In addition, no forfeitures were utilized in 2010.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Recent Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2010-06, *Improving Disclosures about Fair Value Measurements*. This update requires a number of new disclosures including disclosure of significant transfers in or out of Level 1 and Level 2 and the reason for such transfers, an entity's policy for determining when transfers between levels are recognized, the valuation techniques and inputs used in determining the fair value of assets or liabilities classified as Level 2 or Level 3 and requires the changes in Level 3 fair value measurements to be disclosed separately rather than net. In addition, this update seeks to improve transparency by requiring fair value measurement disclosures for each class of assets and liabilities. This pronouncement is effective for reporting periods beginning after December 15, 2009, except for the disclosures about purchases, sales, issuances, and settlements in the roll forward of activity in Level 3 fair value measurements which are effective for fiscal years beginning after December 15, 2010. The Plan adopted this pronouncement in its entirety effective beginning January 1, 2010. The adoption of this pronouncement did not have a material impact on the Plan's financial statements.

In September 2010, the FASB issued ASU 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*. ASU 2010-25 was issued to clarify how loans to participants should be classified and measured by defined contribution plans. ASU 2010-25 requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This pronouncement is effective for fiscal years ending after December 15, 2010 and shall be applied retrospectively. The Plan adopted this pronouncement on a retrospective basis effective beginning on January 1, 2010. Prior to the adoption of this pronouncement, participant loans were held as an investment and carried at fair value. The Plan has reclassified amounts previously reported to conform to the current presentation. The adoption of this pronouncement did not have a material impact on the Plan's financial statements.

D. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Investment Valuation and Income Recognition (Continued)

- Level 1 – Quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

- Level 2 – Inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data by correlation or other means.

- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Money Market Fund: Investments in the money market fund are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Collective Trust Funds: The collective trust funds held by the Company include funds that invest in stocks and bonds. The collective trust funds are valued at fair value, which represent the net asset value of shares of the underlying investments held by the Plan at year-end.

Mutual Funds: Investments in mutual funds are stated at fair value based upon quoted market prices of the net asset value of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no significant transfers between Level 1 and Level 2 investments during the year ended December 31, 2010.

Net appreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation or depreciation of investments held at year-end. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

E. Benefits Payable

Benefits are recorded when paid. As of December 31, 2010, there were no amounts allocated to participants who elected to withdraw from the Plan, but have not been paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Administrative Expenses

The Plan incurs expenses related to general administration and recordkeeping. Certain expenses and accounting and auditing fees relating to the Plan are paid by the Company. Many of the investment funds under the Plan do pay fees and incur expenses that may reduce the returns generated by the investment funds.

G. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

H. Excess Participant Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants prior to March 15, 2011.

I. Subsequent Events

The Plan has evaluated events through October 10, 2011, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

Investments and investment activities included in the accompanying statements of net assets available for benefits, the statement of changes in net assets available for benefits, and supplemental schedule have been certified as accurate and complete by State Street Bank and Trust Company ("the Trustee") as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, under such election, the Company instructed the Plan's independent auditors not to perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – INVESTMENTS (UNAUDITED)

At December 31, 2010 and 2009, all investments of the Plan were participant-directed. The following presents investments that represent five percent (5%) or more of the Plan's net assets at December 31:

	2010	2009
SSGA Government Money Market*	**$ 216,331**	$ 199,862

Thornburg Intern Value Fund	**159,104**	**

* Indicates a party-in-interest.
** Represents less than five percent (5%) of the Plan's net assets as of December 31.

During 2010, the Plan's investments in mutual funds and collective trust funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by a total of $131,554 as follows:

Collective trust funds	$ 65,970
Mutual funds	65,584
NET APPRECIATION IN FAIR VALUE OF INVESTMENTS	$ 131,554

NOTE 5 – RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by the Trustee. These transactions qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. Fees paid by the Plan for the investment management services are netted against net appreciation in fair value of investments.

NOTE 6 – PLAN TERMINATION

While the Company expects to continue the Plan indefinitely, the Company reserves the right to terminate, discontinue making contributions to, amend or modify the Plan at any time. Upon termination, all participants will become one hundred percent (100%) vested in their account balance. The Company will arrange for distributions upon Plan termination as soon as administratively feasible.

NOTE 7 – TAX STATUS

The Plan adopted a prototype standardized profit sharing plan with a cash or deferred arrangement which received its latest opinion letter from the IRS on March 31, 2008, in which the IRS stated that the form of the prototype plan was acceptable under Section 401 of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. The Plan has since been amended. The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examinations for years that are considered closed for tax filing purposes.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the participants' account balances and the amounts reported in the statement of net asset available for benefits.

NOTE 9 – RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2010 and 2009, to Schedule H of the Form 5500:
