BRE, INC. PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF THE PLAN

The following brief description of the Bre, Inc. Profit Sharing Plan and Trust provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Bre MidAmerica, Inc. (Employer) who are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute up to the annual additions limitations provided for by Internal Revenue Code Section 415. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary contributions to the Plan on behalf of each Participant at the option of the Employer. Contributions are subject to certain limitations.

Contributions received from participants for 2010 are net of payments of \$12,514 made in 2011 to an active participant to return excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. That mount is also included in the plan's statement of net assets available for benefits as excess contributions payable at December 31, 2010.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Employer's contribution, plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Investment Options

Participants direct the investment of their contributions and the Company's contributions to selected investment options as offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of continuous service. Benefits vest as follows:

Years of Credited Service	Vested Percentage (%)
1	0
2	20
3	40
4	60
5	80
6 or more	100

Payment of Benefits

On termination of service due to death, disability or retirement, or other reasons, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount equal to the value of the participant's vested interest or a partial distribution of his or her account.

Forfeited Accounts

At December 31, 2010, forfeited nonvested accounts totaled \$191. These accounts may be used first to pay administrative expenses of the Plan, and any remaining forfeitures may be used to reduce any Employer contribution.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

The Employer may pay some Plan administration expenses with its own assets rather than using Plan assets. The Plan generally will pay the expenses of plan administration and will assess the expenses paid against each participant's account pro rata based on the value of each participant's account balance or per capita. However, the Plan may assess to an individual participant's account certain expenses incurred by or attributable to the individual participant.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the asset custodian.

Investments, at fair value:	
Registered investment companies	\$ 682,075
Investment income	17,765

NOTE 4. INVESTMENTS

The following presents investments that represent 5% or more of the plan's net assets:

Transamerica Stable Value Advantage Ret Opt	\$ 646,375

NOTE 5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level	Inputs to the valuation methodology are unadjusted quoted prices for
1	identical assets or liabilities in active markets that the plan has the ability to access.

Level 2	<p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"> • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	<p>Inputs to the valuation methodology are unobservable and significant to the fair value measurement.</p>

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Stable Value Advantage: Valued at the net asset value (NAV) of shares held by the plan at year end.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

	Total	(Level 1)	(Level 2)	(Level 3)
Investments at Fair Value				
Stable Value Advantage	\$ 646,375	\$ -	\$ 646,375	\$ -
Mutual Funds	35,700	-	35,700	-
Total investments at fair value	<u>\$ 682,075</u>	<u>\$ -</u>	<u>\$ 682,075</u>	<u>\$ -</u>

NOTE 6. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of stable value funds managed by Transamerica. Transamerica is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amount to \$5,848 for the year ended December 31, 2010.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8. INCOME TAX STATUS

The Plan adopted the Transamerica Financial Life Insurance Company LLC Volume Submitter 401(k) Profit Sharing Plan document as of December 30, 2009. The Employer is relying on an advisory letter issued by the Internal Revenue Service as evidence that the Plan is qualified and the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various invest securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10. SUBSEQUENT EVENTS

The Plan Administrator has evaluated events occurring subsequent to December 31, 2010 as to their potential impact to the financial statements through October 11, 2011, which is the date the financial statements were available to be issued.
