NOTES TO FINANCIAL STATEMENTS

MULTI PACKAGING SOLUTIONS RETIREMENT PLAN

December 31, 2010 and 2009

Note A – Description of Plan

The following description of Multi Packaging Solutions Retirement Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing and 401(k) plan covering all eligible employees of Multi Packaging Solutions and its affiliates (collectively, the Company). Eligible employees can become participants in the 401(k) portion of the Plan on the first day of the calendar quarter following the attainment of age 21 and completion of three months of employment. Upon participation in the 401(k) portion of the Plan, employees become eligible to receive discretionary contributions from the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make contributions to the Plan through payroll deductions from each participant's eligible compensation, as defined, subject to statutory limitations. Effective April 19, 2010 the Plan was amended to automatically enroll eligible participants at 2% of Plan compensation per payroll period. The Plan also allows participants to transfer funds from other employer qualified plans into the Plan.

The Company may make discretionary matching contributions based on a participant's deferral. For the plan years ended December 31, 2010 and 2009, the Company elected to match 50% of the first 6% of eligible compensation deferred by each participant. The Company may also make a discretionary profit sharing contribution to the Plan. No such contributions were made for the years ended December 31, 2010 and 2009.

Plan Operations

The Company has appointed Mercer Trust Company (Trustee) to serve as Trustee and the Company to act as plan administrator. The Trustee is responsible for holding the investment assets of the Plan, executing investment transactions and making distributions to participants. The plan administrator interprets and communicates the provisions of the Plan and ensures that all government and participant reporting requirements are fulfilled.

NOTES TO FINANCIAL STATEMENTS

MULTI PACKAGING SOLUTIONS RETIREMENT PLAN

December 31, 2010 and 2009

Note A – Description of Plan (Continued)

Participant Accounts

Individual accounts are maintained for each participant, with benefits limited to the amount contributed to the participant's account plus or minus any allocation of income, expenses, gains, or losses. Allocations to participant accounts are based on compensation or account balances, as specified by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan allows a participant to self-direct investment transactions associated with separate investment fund options made available by the employer for this purpose, as listed in the accompanying Schedule of Assets Held at End of Year.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer contribution accounts is based on years of continuous service, as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1 year	0%
1 year	25%
2 years	50%
3 years	75%
4 years or more	100%

A participant also becomes fully vested at the time of the participant's death, if the participant becomes disabled while employed or upon attainment of normal retirement age.

Loans to Participants

Under certain conditions a participant may obtain a loan from the Plan. A participant's loan cannot exceed the lesser of \$50,000 or one half of the participant's nonforfeitable interest in the Plan. The loan will bear a reasonable interest rate, be adequately secured, and not exceed a period of five years (longer for the purchase of a principal residence). Principal and interest is paid ratably through payroll deductions.

NOTES TO FINANCIAL STATEMENTS

MULTI PACKAGING SOLUTIONS RETIREMENT PLAN

December 31, 2010 and 2009

Note A – Description of Plan (Continued)

Payment of Benefits

On termination of service a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. In-service withdrawals are permitted upon attaining age 59½ and in cases of financial hardship.

Costs and Expenses

Certain investment expenses are paid by the Plan and are based on reasonable and customary rates. Certain other costs and expenses incurred in connection with the operation of the Plan are borne by the Company.

Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are used to reduce future employer matching contributions. The balance in the forfeiture account at December 31, 2010 and 2009 was \$2,979 and \$19,904, respectively. Forfeitures of \$38,667 and \$16,538 were used to reduce matching contributions during the years ended December 31, 2010 and 2009, respectively.

Transfers

Assets from Great Western Industries 401(k) Plan were merged into the plan effective June 30, 2009. Assets from SVH 401(k) Profit Sharing Plan and Innovative Folding Carton Company 401(k) Plan were merged into the Plan effective December 15, 2009. The mergers were the result of the Company's purchase of each predecessor plan's sponsor, and resulted in an increase to Plan assets of \$12,779,837.

Note B – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

MULTI PACKAGING SOLUTIONS RETIREMENT PLAN

December 31, 2010 and 2009

Note B – Summary of Accounting Policies (Continued)

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through the date of the accompanying independent auditor's report, which is the date the financial statements were available to be issued.

Investment Contracts

As described in Financial Accounting Standards Board Accounting Standards Codification 962, *Defined Contribution Pension Plans* (ASC 962), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by ASC 962, the Statements of Assets Available for Benefits present the fair value of the Stable Value Fund, which participates in such investment contracts, as well as the adjustment of the Stable Value Fund from fair value to contract value. The Statements of Changes in Assets Available for Benefits are prepared on a contract value basis.

Investments

Investments are reported in the Plan's financial statements at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Income Recognition

Income from interest and dividends is recorded as it is earned. Purchases and sales of securities are recorded on a trade date basis. Net appreciation or depreciation of investments is determined using the value at the beginning of the year or purchase price if acquired since that date. Management fees and operating expenses charged to the Plan for investments in mutual funds and common/collective trust funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

MULTI PACKAGING SOLUTIONS RETIREMENT PLAN

December 31, 2010 and 2009

Note B – Summary of Accounting Policies (Continued)

Reclassification

Certain amounts have been reclassified in 2009 to conform to the 2010 presentation. The reclassifications had no effect on assets available for benefits.

Note C – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs are unadjusted quoted prices in active markets for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets and liabilities in markets that are not active
- other inputs that are observable or can be corroborated by observable market data
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs are generally unobservable and significant to the fair value measurement. Such inputs typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability, including certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

MULTI PACKAGING SOLUTIONS RETIREMENT PLAN

Note C – Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued based on quoted net asset values of the shares held by the Plan on the last business day of the Plan year.

Common/collective trust funds: Valued based on the closing price for underlying securities, reported on the active market on which underlying securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010 and 2009:

MULTI PACKAGING SOLUTIONS RETIREMENT PLAN

Note C – Fair Value Measurements (Continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2010 and 2009, there were no significant transfers in or out of levels 1, 2 or 3.

Note D – Investments

The following table presents the fair market values of investments at December 31, 2010 and 2009. Investments that represent 5% or more of the Plan's assets are separately identified.

	2010	2009
Investments at Fair Value:		
The Growth Fund of America	\$ 5,042,848	\$ 4,884,276
PIMCO Total Return Administrative Fund	3,868,090	3,491,449
Harbor International Fund	6,324,145

	\$ 73,915,718	\$ 62,308,241

NOTES TO FINANCIAL STATEMENTS

MULTI PACKAGING SOLUTIONS RETIREMENT PLAN

December 31, 2010 and 2009

Note D – Investments (Continued)

During the years ended December 31, 2010 and 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

	2010	2009
Net Change in Fair Value:		
Common/collective trust funds	\$ 636,012	\$ 668,580
Mutual funds	8,051,369	9,157,020
	\$ 8,687,381	\$ 9,825,600

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of assets available for benefits.

Note E – Information Certified by Trustee

All investment information disclosed in the accompanying financial statements and supplemental schedule of assets held at end of year, including investments held at December 31, 2010 and 2009, and net appreciation in fair value of investments and interest and dividends for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

Note F – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

Note G – Tax Status

The prototype plan used by the Plan obtained an opinion letter dated March 31, 2008, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not requested or received an individual determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS

MULTI PACKAGING SOLUTIONS RETIREMENT PLAN

December 31, 2010 and 2009

Note G – Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.
