INDEPENDENT AUDITORS' REPORT

To the Trustees of
The RBA Group, Inc. Savings and Investment Plan and Trust

We were engaged to audit the accompanying statements of net assets available for benefits of The RBA Group, Inc. Savings and Investment Plan and Trust (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010 and supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held At End of Year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's Administrator.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 which was certified by Alerus Financial, N.A., the Custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certification from the Custodian as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

(See independent auditors' report)

Note 1 - Description of Plan:

The following description of The RBA Group, Inc. Savings and Investment Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General - The Plan is a voluntary contributory savings program for all eligible participants of The RBA Group, Inc. There is a minimum service requirement of 30 days and a minimum age requirement of 21 to participate in the plan.

Payment of Benefits - Participants of the Plan are entitled to distributions upon termination of employment, attainment of age 59-1/2, death, disability, retirement or if the Plan is terminated. Benefits are recorded when paid. Participants may elect to receive benefits in the following forms:

- o A lump sum payment or
- o Installments over 10 years

Loans - Participants may obtain loans from the Plan at a minimum of \$1,000 and a maximum of one-half of a participant's account balance, or \$50,000 whichever is less. Loans bear interest at current prevailing rates and are collateralized by the participant's account balance. Loans are generally payable through payroll deductions within five years.

Contributions - Eligible participants may elect to contribute a portion of their compensation to the Plan, subject to the Internal Revenue Code limitations for 401(k) plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary contributions to the Plan in which all eligible employees will receive a portion of the Company's contribution. The Company's discretionary match for 2010 and 2009 was 25% of the first 6% of the participant's deferred salary.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. Company contributions vest 20% for each year of service and are fully vested in 5 years.

Forfeitures - Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures are used to pay for certain plan expenses and to reduce employer's future matching contributions to the Plan. In 2010, \$10,518 of forfeitures were used to pay for certain plan expenses.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, if any, (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative Expenses - Professional and administrative fees are paid by the Plan.

PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS

(See independent auditors' report)

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates and Uncertainties - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions in net assets available for benefits during reporting period. Actual results, as determined at a later date, could differ from those estimates.

Common Collective Trusts - The Plan invests in investment contracts through its common collective trust (the "CCT"). The CCT's contract value is a relevant measurement attribute since the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's CCT fair value is estimated to reasonably approximate its contract value as of December 31, 2010 and 2009. As such, no adjustment from fair value to contract value has been recorded.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Risks and Uncertainties - Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the financial statements.

Benefit Payments - Benefits are recorded when paid.

Reclassification - Certain reclassifications have been made to prior year balances in order to conform with the current year presentation. Such reclassifications were limited to the Statements of Net Assets Available for Benefits and involved the removal of the notes receivable from participants from the investment classification.

Subsequent Events - The Plan trustee has evaluated subsequent events through October 6, 2011, the date the financial statements were available to be issued. The effects of those events and transactions that provide additional pertinent information about conditions that existed at the statement of net assets date have been recognized in the accompanying financial statements.

NOTES TO FINANCIAL STATEMENTS

(See independent auditors' report)

Note 3 - Information Certified by the Custodian:

The Plan Administrator has elected the method of reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly the trustee has certified that the following information included in the financial statements and supplemental schedule is complete and accurate:

- a) Investments, as shown in the statements of net assets available for benefits as of December 31, 2010 and 2009.
- b) Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2010.
- c) Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year), December 31, 2010.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 - Fair Value Measurements:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The carrying values of cash, receivables and payables included in the accompanying statements of net assets available for benefits at December 31, 2010 and 2009 approximate fair value and are not included in the following tables. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- *Level 2* - Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**THE RBA GROUP, INC. SAVINGS AND INVESTMENT
PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS

(See independent auditors' report)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

- *Mutual funds:* Valued at the net asset value (NAV) of shares held by the plan at year end.
- *Common collective trust:* Valued at the net asset value (NAV) of the units held by the Plan at year end, not including any adjustment to contract value.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009 respectively:

<i>Assets at Fair Value as of December 31, 2010</i>

NOTES TO FINANCIAL STATEMENTS

(See independent auditors' report)

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2010, there were no significant transfers in or out of levels 1, 2, or 3.

Note 5 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Internal Revenue Code. In the event of Plan termination, participants' contributions remain fully vested and Company contributions, if any become fully vested. Under no circumstances may the Company take ownership of any of the Plan's assets as a result of such termination.

Note 6 - Tax Status:

The Internal Revenue Service has determined and informed the Company by a letter dated September 4, 2003, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2007.

Note 7 - Party-in-Interest:

Certain Plan investments are managed by Alerus Financial, N.A. Alerus provides administrative services to the Plan and, therefore, these transactions qualify as party-in-interest. The fees paid by the Plan for these services for the year ended December 31, 2010 was approximately \$44,000.
