The Plan Administrator of Bay Dermatology &
Cosmetic Surgery, P.A. Employees Savings Plan:

We were engaged to audit the accompanying statements of net assets available for plan benefits of the Bay Dermatology & Cosmetic Surgery, P.A. Employees Savings Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2010, and the supplemental schedule as of December 31, 2010. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 5, which was certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2010 and 2009, and for the year ended December 31, 2010 that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

BAY DERMATOLOGY & COSMETIC SURGERY, P.A.
EMPLOYEES SAVINGS PLAN

Notes to Financial Statements

December 31, 2010 and 2009

(1) Description of Plan

The following description of Bay Dermatology & Cosmetic Surgery, P.A. Employees Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document and adoption agreement for a more complete description of the Plan's provisions. The Plan is sponsored by Bay Dermatology & Cosmetic Surgery, P.A. (the Company).

(a) General

The Plan is a defined contribution plan generally covering all employees of the Company who have attained age 18 and completed one year of service. Eligible employees may make elective deferrals to the Plan and receive safe harbor matching contributions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options via phone service or via the internet.

The Company provides a safe harbor matching contribution as defined by the Plan. Additional discretionary profit sharing amounts may be contributed at the option of the Company in accordance with the Plan document. Company contributions are subject to certain limitations and are also invested as directed by the participants.

(c) Participant Accounts

Each participant's account is credited with the participant's salary deferral contributions and allocations of (a) the Company's contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(Continued)

(d) Vesting

Participants are immediately vested in their contributions and the company safe harbor contribution, plus actual earnings thereon. Company discretionary contributions begin vesting after two years of service at a rate of 20% per year.

Non-vested, forfeited amounts are used to reduce future contributions of the Company. Forfeited contributions available to reduce Company contributions were $701 and $11,959 at December 31, 2010 and 2009, respectively.

(e) Payment of Benefits

Upon retirement, disability, termination of employment or death, the Plan permits the participant or beneficiary to elect distributions in a lump-sum amount equal to the vested value of his or her account. Hardship distributions are permitted.

(f) Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the rate which is commensurate with local prevailing rates as at the time the loan is made. Principal and interest are paid ratably through payroll deductions over a term not to exceed five years.

Participant loans have historically been classified as investments and measured at fair value in the Plan's statement of net assets available for plan benefits. However, in September 2010, the FASB issued Accounting Standards Update (ASU) No. 2010-25, *Plan Accounting - Defined Contribution Pension Plans (ASC Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*. ASU No. 2010-25 requires participant loans to be classified as notes receivable from participants and measured at their unpaid principal balances plus any accrued but unpaid interest. ASU No. 2010-25 is effective for years ending after December 15, 2010, with early adoption permitted. The guidance in ASU No. 2010-25 has been applied retrospectively to the Plan's 2009 statement of net assets available for plan benefits.

(2) Summary of Significant Accounting Policies

(a) Accounting Basis

The financial statements of the Plan are presented on the accrual basis.

(b) Payment of Benefits

Benefits are recorded when paid.

(Continued)

(c) Financial Accounting Standards

In June 2009, the Financial Accounting Standards Board (FASB) issued authoritative guidance establishing two levels of U.S. generally accepted accounting principles (GAAP) - authoritative and nonauthoritative - and making the Accounting Standards Codification (ASC) the source of authoritative, nongovernmental GAAP, except for rules and interpretive releases of the Securities and Exchange Commission. This guidance, which was incorporated into ASC Topic 105 - *Generally Accepted Accounting Principles*, was effective for interim and annual periods ending after September 15, 2009. The adoption changed certain disclosure references to U.S. GAAP, but did not have any other impact on the Plan's financial statements.

(d) Valuation of Investments and Income Recognition

The Plan has adopted FASB ASC Topic 820 relating to *Fair Value Measurements and Disclosures*, which provides a common definition of fair value, establishes a framework for measuring fair value under U.S. generally accepted accounting principles and requires additional disclosures about fair value measurements.

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 7 for discussion of fair value measurements.

The fair value of participation units owned by the Plan in the pooled separate account are based upon quoted redemption values on a daily basis.

The Plan's insurance company general account investment is valued at contract value, as estimated by John Hancock Life Insurance Company (U.S.A.), which represents contributions made under the contract, plus interest at the contract rate, less the sum of funds used to pay retirement benefits and administrative expenses. At December 31, 2010 and 2009, fair value of the general account is equal to the contract value.

(e) Estimates in Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

(3) Investment Contract with Insurance Company

On January 1, 2002, the Plan entered into an investment contract with John Hancock Life Insurance Company (U.S.A.) (John Hancock) for the purpose of investing certain Plan assets. The contract is an "unallocated" group annuity contract. The assets of the Plan are held in either a general account or in a pooled separate account. A variety of investment options are available to Plan participants through the pooled separate account. Contributions directed to the pooled separate account purchase units of various funds of the separate account. The funds of the separate account include a number of registered investment companies with various investment objectives. Benefit payments to participants or their beneficiaries are made directly by John Hancock from the funds accumulated under the contract. The insurance contract and underlying funds are reported at contract value which represents the accumulation of contributions made, plus earnings, less benefit payments and administrative expenses.

(4) Investments

The fair value of individual investments that represent 5% or more of the Plan's net assets are as follows:

	2010	2009
Insurance company investment contract:		
Pooled separate account -		
John Hancock Lifestyle Growth fund	$ 854,586	570,435
John Hancock Lifestyle Balanced fund	$ 2,065,750	1,551,880

(5) Information Certified by Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Plan's custodian as of December 31, 2010 and 2009 and for the year ending December 31, 2010:

	2010	2009
Insurance company pooled separate account	$ 3,352,743	2,378,313
Insurance company general account	$ 12,772	11,326
Interest income on notes receivable from participants	$ 1,101	n/a
Interest income	$ 226	n/a
Net appreciation in fair value of separate account investments	$ 381,122	n/a

(Continued)

The custodian's certification also covers all information included in notes 4 and 7 and all information presented in the accompanying supplementary schedule.

(6) Contributions Receivable

The 2009 employer contributions receivable included in the statement of net assets available for plan benefits of $131,783 is reported net of forfeitures.

(7) Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value:

Investment contract with insurance company - Pooled Separate Account	The Plan's ownership in the pooled separate account is carried at fair value based on the investment's net asset value per unit.
Investment contract with insurance company - General Account	Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

	Level 1	Level 2	Level 3	Total
Insurance company investment contract:				
Pooled Separate Account -				
Large-Cap funds	$ -	3,203,301	-	3,203,301

Notes to Financial Statements

(8) Income Tax Status

The Plan has adopted a prototype plan, which has received an opinion letter from the Internal Revenue Service dated August 30, 2001, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

(9) Party-in-Interest Transactions

John Hancock, the custodian of the Plan, provides certain investment management and administrative services to the Plan. Fees paid by the Plan for investment management and administrative services for the year ended December 31, 2010 were $18,977.

Certain administrative expenses of the Plan, such as professional fees, may be paid directly by the Plan or the Plan sponsor, Bay Dermatology & Cosmetic Surgery, P.A.

(10) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(11) Risks and Uncertainties

The Plan invests in various investment securities. Plan investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain Plan investments, it is at least reasonably possible that changes in the value of Plan investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(12) Subsequent Events

Subsequent events were evaluated by Plan management through October 7, 2011, which is the date the financial statements were available to be issued.

In September 2011, the Plan was amended and restated to comply with certain IRS regulations and modify certain eligibility requirements, effective October 1, 2011.
