We are providing this letter in connection with your audit of the financial statements of the Ad Art Company 401(k) Plan (the "Plan") as of December 31, 2010 and 2009, and for the year ended December 31, 2010, and the supplemental schedule as of December 31, 2010. As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have instructed you not to perform any auditing procedures with respect to information prepared and certified to by OFI Trust Company, the Trustee of the Plan, in accordance with DOL Regulations 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedule. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and the supplemental schedule taken as a whole.

We are responsible for the fair presentation in the Plan's financial statements of net assets available for benefits and changes in net assets available for benefits in conformity with U.S. generally accepted accounting principles and for the fair presentation of the accompanying supplemental schedule in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. We are also responsible for adopting sound accounting policies, establishing and maintaining internal control, and preventing and detecting fraud.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material if they involve an omission or misstatement of accounting information that, in the light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of October 3, 2011, the following representations made to you during your audit.

1. The financial statements and related footnotes are fairly presented in conformity with U.S. generally accepted accounting principles, and the notes include all disclosures required by laws and regulations to which the plan is subject, including the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

2. We have made available to you all:

   a. Financial records and related data.

   b. Plan instruments, trust agreements, insurance contracts, or investment contracts and amendments to such documents entered into during the year, including amendments to comply with applicable laws.

3. Minutes of the meetings of Plan committee, to the extent held, for the year ended December 31, 2010 and thereafter through the date of this letter have been prepared. Matters discussed at such meetings, to the extent held, were of usual nature and their impact, if any, have been adequately considered in the financial statements of the Plan.

4. There have been no communications from regulatory agencies concerning noncompliance with, or deficiencies in, financial reporting practices, that could have a material effect on the financial statements in the event of noncompliance.

5. We acknowledge our responsibility for the design and implementation of programs and controls to prevent and detect fraud.

6. We have no knowledge of any fraud or suspected fraud affecting the Plan involving –

   a. Management

   b. Employees who have significant roles in the plan's internal control

   c. Others where the fraud could have a material effect on the financial statements.

7. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communication from employees, participants, regulators, beneficiaries, service providers, third-party administrator or others.

8. We have no:

   a. Plans or intentions that may materially affect the carrying value or classification of assets and liabilities.

   b. Intentions to terminate the plan.

9. The following have been properly recorded or disclosed in the financial statements:

   a. Related-party transactions, including transactions with parties-in-interest, as defined in ERISA section 3(14) and regulations there under, including sales, purchases, loans, transfers, leasing arrangements, and guarantees, and amounts receivable from or payable to related parties, of which there were none.

   b. Guarantees whether written or oral under which the plan is contingently liable to a bank or other lending institution, of which there were none.

   c. All significant estimates and material concentrations known to management that are to be disclosed in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 275, *"Risks and Uncertainties"*. We have identified all accounting estimates that could be material to the financial statements, including the key factors and significant assumptions underlying those estimates, and we believe the estimates are reasonable in the circumstances. We understand that the significant estimates covered by this disclosure are estimates at the date of the statement of net assets that are reasonably possible of changing materially within the next year. Concentrations refer to the nature and type of investments held by the plan, or markets for which events could occur which would significantly disrupt normal finances within the next year.

   d. Amendments to the plan instrument, if any.

   The following summarizes related party transactions as of December 31, 2010 and 2009 and for the year ended December 31, 2010:

   - Certain Plan investments are shares of mutual funds managed by the Trustees and affiliates of the Trustees. Therefore, transactions in these mutual funds qualify as party-in-interest transactions. The fair value of investments managed by the Trustees and its affiliate amounted to $990,012 and $905,779 as of December 31, 2010 and 2009, respectively.

     Fees paid by the Plan for investment management services provided by the Trustee for the year ended December 31, 2010 amounted to $875.

   There were no other related party transactions requiring disclosure in the financial statements.

10. There are no:

    a. Violations or possible violations of laws and regulations (including ERISA, DOL and IRS regulations) whose effect should be considered for disclosure in the financial statements or as a basis for recording a loss contingency.

    b. We are not aware of any pending or threatened litigation, claims, or assessments or unasserted claims or assessments that are required to be accrued or disclosed in the financial statements in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 450, Contingencies, and the Plan has not consulted a lawyer concerning litigation, claims, or assessments.

    c. Other liabilities or gain or loss contingencies that are required to be accrued or disclosed by FASB ASC.

    d. Material transactions that have not been properly recorded in the accounting records underlying the financial statements.

    e. Other matters (e.g., breach of fiduciary responsibilities, nonexempt transactions, loans or leases in default, events reportable to PBGC, or events that may jeopardize the tax status) that legal counsel has advised us that must be disclosed.

11. The plan has complied with all aspects of debt and other contractual agreements that would have a material effect on the financial statements in the event of noncompliance.

12. Financial instruments with concentrations of credit risk, if any, have been properly recorded or disclosed in the financial statements.

13. All required filings of Plan documents with the appropriate agencies have been made.

14. The Plan has adopted a prototype plan prepared by the Trustee. This prototype plan obtained its latest determination letter on April 22, 2005, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Trustee believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and accordingly is exempt from income tax.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2006.

15. The Plan has complied with the Department of Labor's regulations concerning the timely remittance of participant contributions to trusts containing assets for the Plan.

16. The Plan has complied with the fidelity bonding requirements of ERISA.

17. The Plan has satisfactory title to all owned assets which are recorded at fair value, and all liens, encumbrances, or security interest requiring disclosure in the financial statements has been properly disclosed.

18. There are no:

    a. Nonexempt party-in-interest transactions (as defined in ERISA section 3(14) and regulations under the section) that were not disclosed in the supplemental schedule or financial statements.

    b. Investments or loans in default or considered to be uncollectible that were not disclosed in the supplemental schedule.

    c. Reportable transactions (as defined in ERISA section 103(b)(3)(H) and regulations under that section) that were not disclosed in the supplemental schedule.

19. We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the plan.

20. As of December 31, 2010 and 2009, investments amounted to $1,401,986 and $1,219,755, respectively, and have been certified by OFI Trust Company, the Trustee of the Plan.

21. Effective April 1, 2009, all employer contributions to the Plan became discretionary. The Company did not make any discretionary contributions to the Plan for the year ended December 31, 2010.

22. As of December 31, 2010 and 2009, there were no participant or employer contributions receivable.

23. As of December 31, 2010 and 2009, notes receivable from participants amounted $81,370 and $65,169 with interest at rates that ranges from 3.25% to 5.% per annum.

24. All employees concurred with their deferral contribution made to the plan.

25. Employees who meet the eligibility requirements of the Plan are notified and given an enrollment package. Employees who chose not to participate are not required to complete the forms indicating that they waive their right to participate.

26. The methods and significant assumptions used to estimate fair values of financial instruments, including non-readily marketable securities, are as described below. The methods and significant assumptions used result in a measure of fair value appropriate for financial measurement and disclosure purposes.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair

value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Investments in mutual funds are valued at the net asset value of shares held by the Plan at year end.

27. Participant contributions for the year ended December 31, 2010 are net of payments of $18,614 made in 2011 to certain participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. As of the date of this letter, $17,126 of excess participants' contributions has already been distributed and the Company is in the process of distributing the remaining amount. This is also included in the Plan's statement of net assets available for benefits as excess contributions payable as of December 31, 2010.

28. We are in agreement with the adjusting journal entries recorded by you.

29. During 2010 repayments of notes receivable from Edward Leon of $3,334, and from Michael Matthew Dyer of $224 were erroneously reported as 401k deferrals resulting in understatement of compensation on W-2s of respective employees. We confirm that such amounts will be included as compensation on W-2s of respective employees for the year 2011.

30. Except as disclosed in the notes to the financial statements, no events have occurred subsequent to the balance sheet date and through the date of this letter that would require adjustment to or disclosure in the financial statements.
