Notes to Financial Statements

December 31, 2010

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Groppetti Automotive 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions. The Plan was established with an effective date of January 1, 2009 (date of inception).

General
The Plan is a defined contribution plan covering all eligible employees of the following companies: GAF Holdings, Inc., Shel-Don, Inc., Gro-Frow, Inc., Groppetti Ltd., Inc., Six G's Automotive, Inc., 4-Gropps, Inc., Gav-Gro, Inc., and GAF Capital Management, Inc. GAF Holdings, Inc. is the Plan's sponsor. All participating companies will be hereafter referred to as the "Company". The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility
All employees of the Company, with the exception of certain union and non-resident aliens, who are twenty-one years or older and have completed a year of service and are generally eligible to participate in the Plan on Plan Entry Date. Employees will have completed a year of service when they have been credited with at least 1,000 hours of service in a twelve consecutive months.

Contributions
Generally, participants may contribute a portion of pretax compensation per payroll period, as defined in the Plan, subject to annual IRS limitations. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may, at its discretion, contribute a certain percentage of the amount a participant contributes and/or profit sharing contributions. For the period ended December 31, 2010 the Company made no contributions to the Plan.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeited balances of terminated participants' non-vested accounts may be used to reduce future Company contributions.

Vesting
Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings or losses thereon is based on years of continuous service. Three years for Company matching contributions and Company profit sharing contributions. Additionally, upon attainment of normal retirement age, death, or disability while still employed by the Company, participants become 100 percent vested in the Company's contribution portion of their accounts.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Generally, participants may borrow from their fund accounts a minimum of $1,000 and to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan terms range from one to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits
On termination of service due to death, disability, retirement or otherwise, a participant with vested benefits equal to or less than $1,000 will receive a single lump sum payment. A participant with vested benefits greater than $1,000 must consent to distribution. For these participants distributions may be deferred until the participant reaches the age of 70½.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The change in the difference between current value and the cost of investments together with realized gains and losses on investments sold and interest income earned during the year is reflected in the statement of changes in net assets available for Plan benefits. See Note 4.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution, Health and Welfare and Pension Plans (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. This applies even when the contracts are not held directly by the Plan but are underlying assets in Common Collective Trust (CCT) investments held by the Plan. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE 3 - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

NOTE 4 - INVESTMENTS

The Plan has invested funds at John Hancock, the custodian of the Plan. These investments are also managed by John Hancock. Net realized and unrealized gain for these investments was $229,321 for the year ended December 31, 2010. The investments at fair value at December 31, 2010 are as follows:

Mutual Funds	$ 2,201,312
Total	$ 2,201,312

Individual investments that represent 5 percent or more of the Plan's net assets are as follows:

Lifestyle Aggressive	$ 166,433
Lifestyle Balanced	$ 170,978
Lifestyle Conservative	$ 207,446
Lifestyle Growth	$ 514,642
Lifestyle Moderate	$ 403,732
Stable Value	$ 233,069

Due to the nature of the trustee and investment management services provided by John Hancock, they qualify as a party-in-interest of the Plan.

NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2010, net appreciation or depreciation in fair value of investments, and interest and dividend income for the year then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock, the trustee of the Plan.

NOTE 6 - TAX STATUS

On February 3, 2009 the Internal Revenue Service issued a favorable opinion letter with respect to the qualified status of the Plan's prototype form under §401, stating that the Plan, as it existed subsequent to the July 1, 2007 amendment, is acceptable in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 7 - ADP/ACP NONDISCRIMINATION TEST

The Plan passed the nondiscrimination test performed by the plan administrator for plan year ended December 31, 2010.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - FAIR VALUE MEASUREMENTS

FASB Statement No. 157, Fair Value Measurements provides a framework for measuring fair value under U.S. generally accepted accounting principles. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The following provides a general description of the three levels of inputs that may be used to measure fair value under FASB 157:

Level 1 - Inputs to the valuation methodology are based on quoted prices available in active markets for identical assets or liabilities on the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology include significant inputs that are generally unobservable from objective sources. These inputs may be used with internally developed methodologies that result in management's best estimate of fair value including assumptions regarding risk. Level 3 instruments include those that may be more structured or otherwise tailored to the Plan's needs.

As required by FASB No. 157, financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds are valued at the market value of shares held by the Plan at year-end.

Participant loans are valued at amortized cost, which approximates fair value.

NOTE 9 - FAIR VALUE MEASUREMENTS (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method are appropriate and consistent with other market participants, the use of different methodologies for assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets and liabilities measured at fair value as of December 31, 2010:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,201,312	$ -0-	$ -0-	$ 2,201,312
Participant loans	-0-	-0-	85,225	85,225
Total assets at fair value	$ 2,201,312	$ -0-	$ 85,225	$ 2,286,537

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2010:

Participant loans:	
Beginning of year	$ 108,020
Disbursements and receipts, net	(22,795)
