Board of Directors
Defined Benefit Pension Plan for
Employees of Youngstown Area
Jewish Federation
Youngstown, Ohio

We were engaged to audit the accompanying statements of net assets available for benefits of the Defined Benefit Pension Plan for Employees of Youngstown Area Jewish Federation (Plan) as of December 31, 2010 and 2009, the related statements of changes in net assets available for benefits for the years then ended, supplemental schedule of assets held at end of year as of December 31, 2010, and supplemental schedule of assets both acquired and disposed of within Plan year for the year ended December 31, 2010. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Mutual of America Life Insurance Company, the Custodian of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedules. We have been informed by the Plan Administrator that the Custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the Custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DEFINED BENEFIT PENSION PLAN FOR EMPLOYEES OF YOUNGSTOWN AREA JEWISH FEDERATION

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following is a brief description of the Defined Benefit Pension Plan for Employees of Youngstown Area Jewish Federation (Plan) and provides only general information. Participants should refer to the Plan document or the Summary Plan Description for a complete description of the Plan's provisions.

General: The Plan, established April 1, 1976, most recently amended as of December 31, 2009, provides for pension and death benefits for employees of the Youngstown Area Jewish Federation (Federation).

Funding policy: The Federation contributes additional amounts as are necessary to provide assets sufficient to meet the benefits to be paid to Plan members. The Federation's funding policy is to contribute annually at least an amount equal to the minimum funding requirements of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is fully funded to meet the ERISA minimum funding requirements.

Participation: The Plan provided for Federation employees, except leased employees, to become eligible to participate in the Plan upon completion of one year of service and having attained twenty-one years of age. Former participants of any Federation plan with Mutual of America were eligible immediately if over age twenty-one. Any prior employment in the nonprofit health or social services field within three years prior to employment with the Federation was included for the determination of eligibility. A year of service as defined by the Plan is 1,000 hours of continuous service. Effective December 31, 2009, participation in the Plan was frozen, and as of this date any future benefit accruals cease.

Retirement benefits: Employees with three or more years of service are entitled to annual pension benefits beginning at normal retirement age (65) equal to 1% of their final average earnings (highest average earnings during any five consecutive years) plus .65% of their final average earnings in excess of the social security average monthly wage multiplied by their total years of benefit accrual service not to exceed 35 years.

Death benefits: The Plan provides for death benefits to beneficiaries. If a partially or fully vested participant dies before retirement benefits have begun, the annual death benefit payable to the beneficiary is equal to 66 2/3% of the vested accrued benefit, reduced for early commencement, and further reduced to reflect an automatic form of payment.

Note 2. Summary of Significant Accounting Policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. All assets of the Plan are held by Mutual of America Life Insurance Company (Custodian). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Contributions: Contributions to the Plan are made annually as determined actuarially. In the event that a contribution for the current Plan year is not received by the end of the Plan year (December 31), the financial statements would recognize a receivable from the Federation for Plan contributions. Contributions of \$ 63,215 and \$ 55,723 were recorded as receivables as of December 31, 2010 and 2009, respectively.

Benefit payments: Benefit payments are recorded when paid.

Administrative expenses: The Plan's administrative costs are paid by both the Plan and the Federation, for which they are not reimbursed. Typically the Plan pays for monthly contract fees and the actuarial valuation charge.

Actuarial present value of accumulated Plan benefits: The actuarial present value of accumulated Plan benefits presented below is based upon the actuarial valuation as of January 1, 2010 and 2009, prepared by the Plan's actuary, Mutual of America Life Insurance Company, using the projected unit credit cost method.

Accumulated Plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on an employee's compensation during their last five years of credited service. The accumulated Plan benefits for an active employee is based on their average compensation during the five years ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances – retirement, death, and termination of employment – are included to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from Plan assets are excluded from accumulated Plan benefits.

The actuarial present value of accumulated Plan benefits as of January 1 is as follows:

	2010	2009
Vested benefits:		
Other inactive participants	\$ 3,616,910 *	\$ 908,110
Active participants	-	2,265,891
	3,616,910	3,174,001
Nonvested benefits	11,339	8,984
Total actuarial present value of accumulated Plan benefits	\$ 3,628,249	\$ 3,182,985

* Includes active participants with accrued benefits not separately identified.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Actuarial present value of accumulated Plan benefits (continued):

The changes in actuarial present value of accumulated Plan benefits during 2010 and 2009 are as follows:

	2010	2009
Actuarial present value of accumulated Plan benefits as of January 1:		
Beginning of year	<u>\$ 3,182,985</u>	<u>\$ 3,233,604</u>
Increase (decrease) during the year attributed to:		
Changes in actuarial assumptions	245,810	(39,714)

End of year	<u><u>\$ 3,628,249</u></u>	<u><u>\$ 3,182,985</u></u>

The significant actuarial assumptions used in determining accumulated Plan benefits as of January 1, 2010 and 2009, are as follows:

Method	For 2010, Projected Unit Credit Method For 2009, Aggregate Cost Method								
Retirement Age	Age 65, or immediate if beyond age 65

Age	Annual Percent Withdrawing								
25	23.1726								
40	15.4512								
55	2.8182								

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Actuarial present value of accumulated Plan benefits (continued):

Compensation Increase	For 2010, 2.7% per year at all ages is assumed for past and 0.0% per year at all ages is assumed for future compensation increases For 2009, 4.0% per year at all ages is assumed for both past and future compensation increases
Maximum Benefit and Compensation Increases	The maximum benefit and compensation limits are assumed not to increase in the future
Marital Status	80% of current participants are married
Spouse Age	Spouses of male participants are 3 years younger, and spouses of female participants are 3 years older

These actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

Subsequent events: In preparing these financial statements, the Federation evaluated events that occurred through October 3, 2011, the date of the financial statements were available to be issued, for potential recognition or disclosure.

Recent accounting pronouncements: In April 2009, the Financial Accounting Standards Board (FASB) issued additional authoritative guidance regarding fair value measurement when markets become inactive, which included guidelines for the determination of whether there have been significant decreases in the volume and level of activity for the asset or liability being valued. In addition, the guidance provides for increased disclosure requirements regarding the inputs and valuation techniques for certain securities as well as requiring increased disclosure requirements, which includes disclosing the values of securities segregated by major security types. The guidance is effective for fiscal years, and interim periods within those fiscal years, beginning on or after June 15, 2009. The adoption of this guidance did not have a material impact on the Plan's financial statements.

In January 2010, the FASB issued authoritative guidance on improving disclosures about fair value measurements to add additional disclosures about the different classes of assets and liabilities measured at fair value, the valuation techniques and inputs used, the activity in Level III fair value measurements, and the transfers between Levels I, II, and III. Levels I, II, and III of fair value measurements are defined in Note 4. The Plan adopted this new accounting standards update in the year ended December 31, 2010, except for the provisions of this update that will be effective in the year ending December 31, 2011. The adoption of this guidance did not have a material impact on the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS

Note 3. Information Certified by Mutual of America Life Insurance Company

The following is a summary of the investment information as of and for the years ended December 31, 2010 and 2009, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Custodian that information provided to the Plan Administrator by the Custodian related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedules related to the following investments as of December 31:

	2010	2009
Mutual of America General Account, at fair value	\$ 294,068	\$ 262,160
Investments in pooled separate accounts, at fair value	2,725,387	2,275,571
	<u>\$ 3,019,455</u>	<u>\$ 2,537,731</u>

Mutual of America Life Insurance Company also certified to the completeness and accuracy of \$ 315,944 and \$ 378,090 of net appreciation in fair value of investments and \$ 5,167 and \$ 5,899 of interest related to the aforementioned investments for the years ended December 31, 2010 and 2009, respectively.

Note 4. Investments and Fair Value Measurements

Authoritative guidance regarding fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

Level I Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS

Note 4. Investments and Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2010 and 2009.

Mutual of America General Account: Typically recorded at the stated contract value in accordance with authoritative guidance. Contract value equals fair value. The balance consists of the Youngstown Area Jewish Federation's contributions, less disbursements for benefit payments and contract and service fees.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010. The following table presents separately those assets that represent five percent or more of the Plan's net assets:

	Assets at Fair Value as of December 31, 2010

NOTES TO FINANCIAL STATEMENTS

Note 5. Plan Termination and Pension Benefit Guaranty Corporation Matters

Although it has not expressed any intent to do so, the Federation has the right to terminate the Plan at any time subject to the provisions of the ERISA. In the event the Plan is terminated, participants will become 100 percent vested in their respective account balances. If the fund is not sufficient to meet all benefit obligations, allocations will be made to provide benefits in the following order of precedence:

- (a) Payment of benefits derived first from any voluntary, and then any mandatory, employee contributions under the Plan;
- (b) Payments to retirees and beneficiaries whose benefits commenced at least three years before the Plan's termination;
- (c) Payments to individuals who would have been eligible to receive benefits at least three years before the Plan's termination;
- (d) Payment of all other benefits up to the amount guaranteed by the Pension Benefit Guaranty Corporation;
- (e) Payment of all nonforfeitable benefits; and
- (f) Any other benefits accrued before the Plan's termination.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan is terminated. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling on the amount of an individual's monthly benefit that the PBGC guarantees. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at the time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

Note 6. Related Party Transactions

Transactions with the Plan's Custodian, Mutual of America Life Insurance Company, qualify as party-in-interest. Fees paid by the Plan for management services and actuarial valuation expenses amounted to \$ 40,365 and \$ 26,533 for the years ended December 31, 2010 and 2009, respectively. Certain Plan administrative fees are also paid by the Federation for which it is not reimbursed. Certain administrative functions are performed by the officers or employees of the Federation. No such officers or employees receive compensation from the Plan.

Note 7. Tax Status

The Internal Revenue Service has determined and informed the Federation by a letter dated March 3, 2004, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable provisions of the IRC.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported on the statements of net assets available for benefits. During 2010, the credit and liquidity environment in the United States and throughout the global financial system resulted in substantial volatility in financial markets and the banking system.

NOTES TO FINANCIAL STATEMENTS

Note 8. Risks and Uncertainties (Continued)

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 9. Reconciliation of Federal Form 5500 to Financial Report

Differences occur between the federal Form 5500 filed with the Employee Benefit Security Administration and the financial report. These differences are due to the recording of the employer's contribution receivable at year end in the financial report. The following is a reconciliation of Form 5500 to the financial report as of and for the years ended December 31:

	2010	2009
Net assets available for benefits per federal Form 5500	\$ 3,019,455	\$ 2,537,731

ASSUMPTIONS/METHODS**

Plan Sponsor:	Youngstown Area Jewish Federation	EIN #:	34-1940740
Plan Name:	Employee Benefits Plan of Youngstown Area Jewish Federation	Plan #:	001

Actuarial Cost Method

Section 430(a) defines the minimum required contribution for a single employer plan as the sum of the plan's target normal cost and the shortfall and waiver amortization charges for the plan year. Under section 430(b), a plan's target normal cost for a plan year is the present value of all benefits expected to accrue or be earned under the plan during the plan year.

The shortfall amortization charge is determined based on the difference between the plan's funding target and the value of plan assets. Under section 430(d) a plan's "funding target" for a plan year is the present value of all benefits accrued or earned under the plan as of the beginning of the plan year.

Section 430(h)(2) specifies the interest rates that must be used in determining a plan's target normal cost and funding target. Under the provision, present value is determined using three interest rates (segment rates), each of which applies to benefit payments expected to be paid during a certain period. The first segment rate applies to benefits reasonably determined to be payable during the 5-year period beginning on the first day of the plan year. The second segment rate applies to benefits reasonably determined to be payable during the 15-year period following the initial 5-year period. The third segment rate applies to benefits reasonably determined to be payable after the end of that 15-year period.

Each segment rate is a single interest rate determined monthly by the Treasury Department on the basis of a corporate bond yield curve. The corporate bond yield curve used for this purpose is to be prescribed monthly by the Treasury Department and is to reflect the average, for the 24-month period ending with the preceding month, of yields on investment grade corporate bonds with varying maturities that are in the top three quality levels available.

In lieu of the segment rates described above, an employer may elect to determine the present value of benefits expected to be paid using interest rates from the full corporate bond yield curve.

Asset Valuation Method

The regulations would provide that plan assets must be valued either at their fair market value on the valuation date or at the "average" value of assets on the valuation date. Under this average value, the value of plan assets is set equal to the average of the fair market value of assets on the valuation date and the adjusted fair market value of assets determined for one or more earlier determination dates. The regulations would provide that the period of time between the valuation date and each of the earlier determination dates must be equal, not more than 12 months per period, and the earliest of these determination dates cannot be earlier than the last day of the 25th month before the valuation date of the plan year. The resulting average must be between 90 and 110 percent of the fair market value of plan assets.

For purposes of determining the minimum required contribution pursuant to the PPA, the Actuarial Value of Assets, under the plan's asset valuation method, is equal to the Average Value of Assets. The Average Value of Assets is determined by averaging the fair market value of assets on the valuation date with the adjusted fair market value of assets for the preceding year, and second preceding year. The resulting average is adjusted to remain between 90 and 110 percent of the fair market value of plan assets.

2010 SCHEDULE SB (FORM 5500) PART V – SUMMARY OF PLAN PROVISIONS

Plan Sponsor:	Youngstown Area Jewish Federation	EIN #:	34-1940740
Plan Name:	Employee Benefits Plan of Youngstown Area Jewish Federation	Plan #:	001

Effective Date of Plan	April 1, 1976.
Effective Date of Latest Amendment	February 1, 2000.
Fresh Start Date	December 31, 1988.
Eligibility	All employees become Participants of this Plan after completion of one year of service and attainment of age 21. Service with an organization in the health and social service field counts towards the service requirement for eligibility.
Compensation	Compensation includes all wages, salaries, fees and amounts received for personal service rendered in the course of employment. Compensation includes contributions made to a salary reduction or deferred compensation plan. Prior to 2002, compensation for any plan year, for benefit purposes, is limited to \$150,000 adjusted for increases prescribed by the Secretary of the Treasury. For the 2002 plan year, EGTRRA increased prospectively the limit to \$200,000 annually. For prospective years after 2002, the \$200,000 limit will be indexed for inflation. For 2010, the compensation limit is \$245,000.
Final Average Earnings	The highest average monthly compensation for 5 consecutive completed calendar years of employment within the last consecutive 10 completed calendar years of service.
Social Security Average Monthly Wage	Monthly average of the Social Security Taxable Wage Bases for the 35 calendar years ending with the year the Participant attains Social Security Retirement Age.
Benefit Accrual Service	Years and months of employment after completing the eligibility requirements.
Vesting	100% upon completion of 3 years of service or upon attaining age 55.
Retirement Dates	
Normal	The first of the month coincident with or next following the Participant's 65th birthday.
Early	The first of the month on or after attainment of age 55 (but before age 65), on which the Participant elects to retire.

2010 SCHEDULE SB (FORM 5500) PART V – SUMMARY OF PLAN PROVISIONS

Deferred	The first of any month following Normal Retirement Date on which the Participant elects to retire.
Frozen Accrued Benefit	The Accrued Benefit as of the Fresh Start Date determined under the provisions of the Plan then in effect. The Accrued Benefit is reduced by the retirement benefit provided by a prior plan of this Employer, or a plan of a Prior Employer attributable to Benefit Accrual Service also recognized by this Plan.
Benefit Formula	The monthly Normal Retirement benefit is determined as follows: The greater of (A) or (B): (A) The Frozen Accrued Benefit; (B) The sum of 1.00% of Final Average Earnings multiplied by Benefit Accrual Service and 0.65% of Final Average Earnings in excess of the Social Security Average Monthly Wage multiplied by Benefit Accrual Service not greater than 35.
Accrued Benefit	The Accrued Benefit is computed under the Benefit Formula above using Final Average Earnings and Social Security Average Monthly Wage at date of determination assuming the Participant continues to earn Benefit Accrual Service until his Normal Retirement Age or date of determination, if later, and adjusted as follows: The portion of the retirement benefit based on total Benefit Accrual Service (item (B) in the Benefit Formula above) is multiplied by a fraction (not to exceed one) equal to actual Benefit Accrual Service divided by projected Benefit Accrual Service at Normal Retirement Age. The multiplication by this factor does not apply to the Frozen Accrued Benefit (item (A) in the Benefit Formula above).
Early Retirement Benefit	The Accrued Benefit reduced by 1/12 for each of the first 3 years and 1/24 for each of the next 7 years by which the Early Retirement Date precedes the Normal Retirement Date.
Deferred Retirement Benefit	The Accrued Benefit reflecting Final Average Earnings and Benefit Accrual Service to the Deferred Retirement Date.

2010 SCHEDULE SB (FORM 5500) PART V – SUMMARY OF PLAN PROVISIONS

Maximum Benefit	The annual benefit shall not exceed the lesser of (i) \$160,000 indexed after 2002 for inflation adjustments and (ii) 100% of the average compensation for the 3 consecutive years producing the highest average. For 2010, the dollar amount of \$195,000 is in the form of a non-refund life annuity. This amount is adjusted to reflect commencement before age 62 or after age 65 or for forms of payment other than a non-refund life annuity and Cost of Living Supplements, if any. It is prorated for less than 10 years of participation in the Plan.
Minimum Accrued Benefit	The Accrued Benefit computed under the provisions of the plan as of the latest amendment adoption date.
Normal Form of Payment	A non-refund monthly life annuity.
Automatic Form of Payment	For a married Participant, a monthly Joint and 66 2/3% Survivor with 120 months certain and continuous annuity actuarially equivalent to the monthly benefit in the normal form.
Optional Forms of Payment	The Plan provides other possible forms of annuity, all actuarially equivalent to the normal form of payment.
Death Benefit Before Retirement	If a partially or fully vested participant dies before retirement benefits have begun, the annual death benefit payable to the spouse is equal to 66 2/3% of the vested Accrued Benefit, reduced for early commencement, and further reduced to reflect the Automatic Form of Payment. If the participant is not survived by a spouse, the annual death benefit payable for 10 years to surviving children is equal to the benefit that would have been payable had the participant retired on the day before his death and elected the 120 months Certain and Continuous Annuity. If the participant is not survived by any children, this benefit shall be payable to a beneficiary.
Disability Annuity Credit	Periods of disability while a participant receives a Social Security Disability Income are also counted as Benefit Accrual Service excluding the first six months of disability and ending on Normal or Early Retirement Date. The compensation rate in effect immediately prior to disability is assumed to continue while disabled. Such compensation rate shall not exceed 120% of the compensation rate in effect one year prior to disability.

Plan Amendment

This actuarial valuation reflects the plan amendment adopted in 2009 with an effective date of January 1, 2010, which modified the following major plan provisions:

Benefit accruals shall cease for all participants as of December 31, 2009.

Compensation after December 31, 2009 shall not be included in the Final Average Earnings.

No Employee shall be eligible to become a Participant in the Plan on or after the Effective Date of this Amendment.
