CURREY ADKINS 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

1. DESCRIPTION OF THE PLAN

The following description of the Currey Adkins, LP ("Company") 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan covering all full-time employees of the Company who have three months of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions

Participants may contribute up to the maximum allowed by law. The IRS limits the maximum amount that can be contributed as salary deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Company matches 100 percent of the first 3 percent of base compensation then 50% up to 5%, that a participant contributes to the Plan. The matching Company contributions are invested in the same proportion as the participant directed their personal moneys. Contributions are subject to certain limitations.

c. Participant Accounts

Each participant's account is credited with the participant's contribution, and the Company's matching contribution and allocations of (a) the Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

e. Participant Loans

Participants are not allowed to borrow funds from their account.

f. Payment of Benefits

On termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

g. Forfeited Accounts

At December 31, 2010 and 2009, forfeited non-vested accounts totaled $0. Amounts from forfeitures will be used to reduce future employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Date of management's review

Subsequent events were evaluated through October 5, 2011, which is the date the financial statements were available to be issued.

b. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

c. Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

d. Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

e. Payment of benefits

Benefits are recorded when paid.

f. Administrative Expenses

Administrative expenses associated with investments maintained by John Hancock Life Insurance Company and other expenses, including record keeping, commissions, legal and accounting fees, may be paid by the Company directly or allocated to the participants.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurements Using:
	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)
December 31, 2010		
Mutual funds	$1,427,909	$1,427,909
December 31, 2009		
Mutual funds	$1,152,843	$1,152,843

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consists of unadjusted quoted market prices in active markets for identical assets and have the highest priority, and level 3 inputs have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No level 2 or level 3 inputs were available.

Level 1 Fair Value Measurements-The fair value of the mutual funds is based on quoted net assets values of the shares held by the Plan at year-end.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2010 are reported in unrealized appreciation of assets.

4. INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets:

	December 31,	
	2010	2009
JH Lifestyle Growth	$674,823	$1,152,843
JH Lifestyle Aggressive	328,935	244,677
JH Lifestyle Balanced	324,043	270,950

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $178,749.

5. INFORMATION PREPARED AND CERTIFIED BY PROVIDER

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the provider.

	2010	2009
Investments		
Mutual funds	$1,427,909	$1,152,843
Investment income (loss)	$178,749	$260,410

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. TAX STATUS

The Plan obtained its latest determination letter on January 1, 2007, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

9. RISKS AND INCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate market and credit risks. Due to the level of risk associates with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.
