NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010

1. DESCRIPTION OF PLAN

The following description of the Paul Scherer & Company LLP 401(k) Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Internal Revenue Service Code Section ("Code Section") 401(k) effective June 9, 1990.

The Plan covers substantially all employees of Paul Scherer & Company LLP ("Company") who are not hourly employees. The effective date of participation is the first day of each month.

The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to contribute up to 60% of eligible compensation into the plan up to an annual limit of \$16,500 in 2010 as a salary reduction plus catch-up contributions for participants over age 50. This amount cannot exceed the limit specified under Code Section 402(g) in effect at the beginning of such taxable year. Participants direct the investment of their contribution into various investment options offered by the Plan. The Plan currently offers over twenty mutual funds as investment options. Participants are immediately vested in their contributions plus actual earnings thereon.

Employees may make rollover contributions only in the form of cash or allowable mutual fund shares. Rollover contributions are subject to the terms of the Plan and are fully vested and non-forfeitable.

The Company contributes 25% of the first 4% of base compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are invested in accordance with each participant's investment option. Contributions are subject to certain limitations.

Vesting

Participants are 100% vested after three years of service.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010

Hardship Withdrawals

A participant may request a hardship withdrawal under certain conditions as specified in the Plan. Hardship withdrawals must be approved by the Plan administrator.

Participant Accounts

Each participant's account is credited with the participant's and employer's contribution and allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans

The participants may borrow from their fund accounts up to specified limits with interest payable at prevailing interest rates. The minimum loan is \$1,000 and the maximum is up to 50% of the vested account balance but not more than \$50,000. Generally, loans are paid through payroll deductions.

Payment of Benefits

Benefits are recorded when paid. On termination of service due to death, disability or termination, a participant may request that the vested portion of his or her account be paid in one of the following forms of payment: 1) a lump sum; or 2) in installment payments over a period of time. Normal retirement age is 65 under the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

2. SUMMARY OF ACCOUNTING POLICIES

Accounting Standards Codification

The Financial Accounting Standards Board ("FASB") has issued FASB Statement No. 168, The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles, effective for periods ending after September 15, 2009. This Statement establishes the FASB Accounting Standards Codification ("ASC") as the single source of authoritative United States generally accepted accounting and reporting standards for nongovernmental entities, in addition to guidance issued by the SEC and these financial statements are referenced accordingly.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plans investments are stated at fair value. Quoted market prices are used to value investments. Money market balances and cash accounts are valued at cost, which equals current value. Participants' loans are value at amortized cost, which approximates fair value. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management of the Plan to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

3. INVESTMENTS

The Plan's investments are held by an administered trust fund. The following table presents investments at December 31, 2010 and 2009. Investments that represent 5% or more of the Plan's net assets are separately identified.

Investments, at fair value:	<u>2010</u>		<u>2009</u>

During 2010 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,462,324, all of which were from registered investment companies.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010

4. INFORMATION PREPARED AND CERTIFIED BY TRUSTEES

The following information included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2010 and 2009 was obtained from data that has been prepared and certified to as complete and accurate by the Plan's trustee, Fidelity Management Trust Company.

Investments, at fair value: Mutual Funds	\$ 2010 13,363,665	\$ 2009 11,369,959
Net change in fair value of investments Interest and dividends	1,462,324 184,036	2,052,983 165,204

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants will become 100% vested in their accounts.

6. TAX STATUS

The Trust established under the Plan to hold the Plan's assets is qualified in accordance to the appropriate section of the Internal Revenue Code and, accordingly, the Plan's net investment income is exempt from income taxes.

The Plan has obtained a favorable tax determination letter from the Internal Revenue Service as amended, and the Plan sponsor believes that the Plan continues to qualify and to operate as designed.

7. RELATED PARTY TRANSACTIONS

Certain Plan investments are registered investment companies and other investments managed by Fidelity Management Trust Company. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Administrative expenses of the Plan are the responsibility of the Company.

8. RISKS AND UNCERTAINTIES

The Plan invests in various registered investment companies. Registered investment companies are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010

materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

 December 31, 2010
 Fair Value

 December 31, 2009
 Fair Value
 Level 1

 Investments, at fair value:
 \$ 11,369,959
 \$ 11,369,959

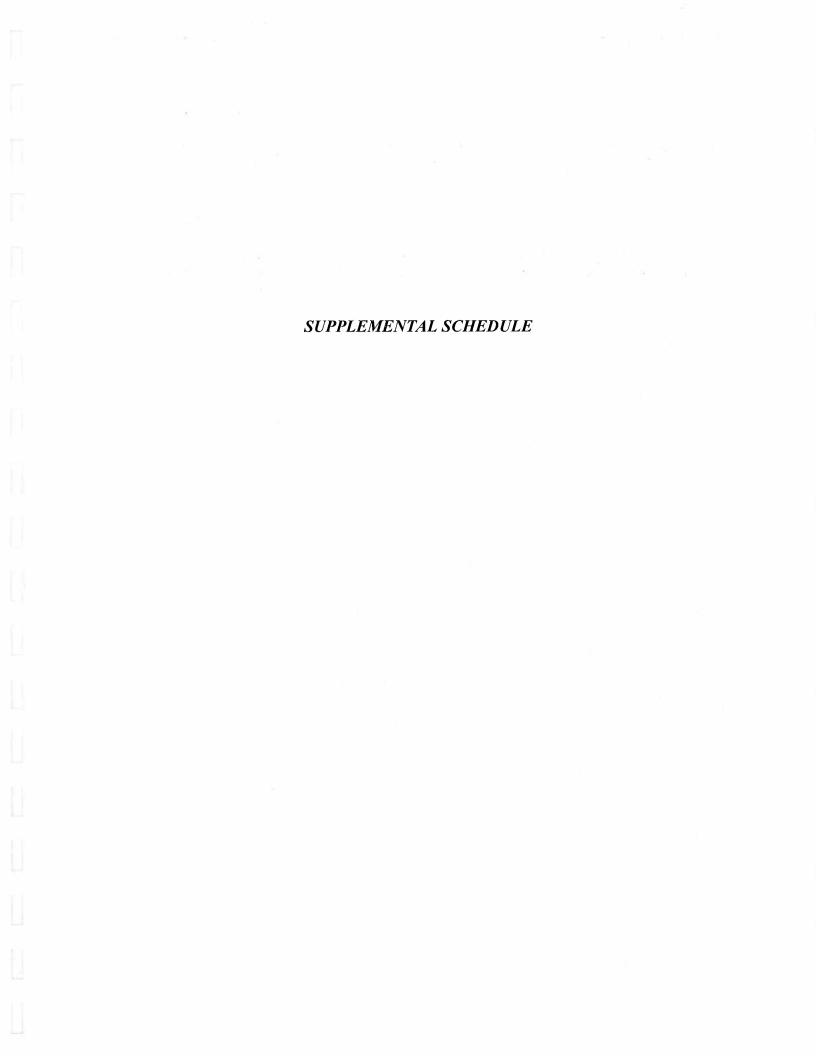

FASB ASC Topic 820, Fair Value Measurements and Disclosures, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 – The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2010 are reported in net change in fair value of investments.

10. SUBSEQUENT EVENTS

In preparing the accompanying financial statements, the Plan has reviewed events that have occurred after December 31, 2010, through the date of issuance of these financial statements on August 30, 2011
