Independent Auditors' Report

Plan Administrator
SGT, Inc. Technical Services 401(k) Employee Savings Plan

We were engaged to audit the financial statements and supplemental schedule of ***SGT, Inc. Technical Services 401(k) Employee Savings Plan*** (the "Plan") as of and for the year ended December 31, 2010, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2009 were audited by Goodman & Company, LLP, who merged into Dixon Hughes Goodman LLP as of April 1, 2011. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed Goodman & Company, LLP not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 4, 2010, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Charles Schwab Trust Company, the trustee of the Plan, except for comparing such information to the related information included in the 2010 financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2010 financial statements and supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2010 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with ERISA.

SGT, Inc. Technical Services 401(k) Employee Savings Plan

Notes to Financial Statements

December 31, 2010 and 2009

1. Description of Plan

The following description of the ***SGT, Inc. Technical Services 401(k) Employee Savings Plan*** (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of SGT, Inc. (Company) subject to the Technical Services and Logistic Services contract. The Retirement Committee of the board of directors of the Company controls and manages the operation and administration of the Plan. Charles Schwab Trust Company serves as the trustee of the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees of the Company are generally eligible to participate in the Plan if they are full-time, or part-time that have worked at least 1,000 hours for the Company and have attained 18 years of age.

Contributions

Each year, participants may contribute up to 100 percent of their pretax annual compensation to the Plan, as defined in the plan document, subject to Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Company provides a matching contribution equal to 50 % of participants' contribution up to 4%. Additional discretionary matching contributions may be contributed at option of Company. No discretionary matching contribution was made by the Company for 2010. Contributions are subject to certain limitations.

Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds, including a money market fund, and common collective trusts as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contribution and all allocations of the Company's contributions, and plan earnings, and charged with benefit payments and transaction fees related to notes receivable from participants and distributions, and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all contributions plus earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. At December 31, 2010, outstanding loans bore interest rates from 4.25% to 9.25%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her accounts in a lump sum amount or various installment options as provided by the Plan. Hardship withdrawals are available upon demonstration of financial hardship with limitations as defined in the Plan. In-service distributions are permitted from fully vested accounts after attaining age 59 ½.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income from notes receivable from participants is recorded when received. Other interest income is on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants) are charged directly to the participant's account.

Reclassification

Effective January 1, 2010, the Plan adopted the Financial Standards Board (FASB) authoritative guidance on reporting loans to participants by defined contribution pension plans. In accordance with the provisions, participant loans are required to be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance. The adoption of this accounting standard requires reclassification of participant loans from investments to notes receivable from participants on the statements of net assets available for benefits as of December 31, 2009. Accordingly, the 2009 financial statements have been reclassified to conform to the 2010 presentation. There was no impact on net assets available for benefits or changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2011, the date the financial statements were available to be issued.

**Amount represents less than 5 percent of net assets at end of the year.*

During 2010, the Plan's investments in common collective trusts and mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$116,409 and \$314,200, respectively.

4. Fair Value Measurements

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets.
- Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3: Unobservable inputs about which little or no market data exists, therefore, requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

When quoted prices are available in active markets for identical instruments, investment securities are classified within Level 1 of the fair value hierarchy. Level 1 investments include mutual funds.

Level 2 investment securities include common collective trusts for which quoted prices are not available in active markets for identical instruments. The funds are valued at the closing net asset value of the units held by the Plan year end based on information provided and certified by the trustee.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2010 and 2009:

	Fair Value as of December 31, 2010			
	Level 1	Level 2	Level 3	Total
Mutual funds				
Target date funds (a)	\$ -	\$ 1,023,497	\$ -	\$ 1,023,497
Value funds	486,927	-	-	486,927
Growth funds	769,995	-	-	769,995
Blended funds	697,926	-	-	697,926
International	276,827	-	-	276,827
Bonds	437,067	-	-	437,067
Money market funds	317,318	-	-	317,318
Total	\$ 2,986,060	\$ 1,023,497	\$ -	\$ 4,009,557

Fair Value as of December 31, 2009				
	Level 1	Level 2	Level 3	Total
Mutual funds				
Target date funds (a)	\$ -	\$ 778,061	\$ -	\$ 778,061
Value funds	526,037	-	-	526,037
Growth funds	517,741	-	-	517,741
Blended funds	358,478	-	-	358,478
International	225,309	-	-	225,309
Bonds	365,173	-	-	365,173
Money market funds	292,862	-	-	292,862
Total	\$ 2,285,600	\$ 778,061	\$ -	\$ 3,063,661

The fair values of the investments have been estimated using the net asset value of the investment.

(a) Target date fund strategies seek to provide total return consistent with an asset allocation targeted at retirement in designated dates.

The investments with a reported estimated fair value using net asset per value do not have unfunded commitments, redemption restrictions, or redemption notice period. The redemption frequency is immediate.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Unaudited Information Certified by the Trustee

The accompanying financial statements and supplemental schedule include the following unaudited information as of December 31, 2010 and 2009 and for the year ended December 31, 2010 that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee:

	2010	2009
Investments at fair value	\$ 4,009,557	\$ 3,063,661
Notes receivable from participants	\$ 159,017	\$ 100,755
Net appreciation in fair value of investments	\$ 430,609	
Interest and dividend income	\$ 34,382	
Interest income on notes receivable from participants	\$ 5,901	

The certification mentioned above includes all investment information discussed in Notes 3 and 4 and in the supplemental schedule of assets (held at end of year).

6. Exempt Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by the trustee and Charles Schwab Investments (Schwab), an affiliate of the trustee. Charles Schwab is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid to the trustee or its affiliates by the Plan for participant initiated transactions were \$5,280 for the year ended December 31, 2010.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (IRS) stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the non-standardized prototype plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated May 23, 2008 that the prototype plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2007.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
