The Plan Administrators and Management
MediSave 401(k) Plan
c/o David Urry and Michael Hess
56 East Broadway, 6th Floor
Salt Lake City, UT 84111

Ladies and Gentlemen:

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the MediSave 401(k) Plan (the Plan) as of and for the year ended December 31, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of the financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information described in Note 9 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all such deficiencies have been identified.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A deficiency in design exists when a control necessary to meet the control objective is missing, or when an existing control is not properly designed so that, even if the control operates as designed, the control objective would not be met. A deficiency in operation exists when a properly designed control does not operate as designed, or when the person performing the control does not possess the necessary authority or competence to perform the control effectively.

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

We consider the following to be a significant deficiency:

COMPENSATION APPROVAL
We observed that personnel files are not kept current and in some instances do not include approval of wage rate increases. We understand that, subsequent to year-end, management has begun including written approval for individual pay-rate increases. We recommend that policies and procedures be put into place to ensure that written approval for merit increases and other pay-rate changes are retained in the employees' files.

****

This communication is intended solely for the information and use of the Plan Administrators and management, and is not intended to be and should not be used by anyone else.

Sincerely,

Tanner LLC

Plan Administrators
MediSave 401(k) Plan
c/o David Urry and Michael Hess
56 East Broadway, 6th Floor
Salt Lake City, UT 84111

We have audited the financial statements of the MediSave 401(k) Plan as of December 31, 2010 and for the year then ended, and have issued our report thereon dated September 1, 2011. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrators instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in Note 9 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements taken as a whole and on the supplemental schedule. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 8, 2011. Professional standards also require that we communicate to you the following information related to our audit.

Qualitative Aspects of Accounting Policies

Management is responsible for the selection and use of appropriate accounting policies and practices. In accordance with the terms of our engagement letter, we advise management about the appropriateness of accounting policies and their application. The significant accounting policies used and new accounting policies adopted by the Plan are described in Note 2 to the financial statements. The application of existing policies was not significantly changed during 2010. We noted no transactions entered into by the Plan during 2010 for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Management has informed us that it used all the relevant facts available to it at the time to make its best judgments about accounting estimates, and we considered this information in the scope of our audit. The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no difficulties in dealing with management in performing the audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. One adjusting journal entry was made to record excess contributions payable in the amount of $13,924.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. No such disagreements arose during the course of the audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 1, 2011. A copy of that letter has been provided to you.

Management Consultations with Other Independent Accountants

Management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" in certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants and the Department of Labor.

Issues Discussed Prior to Retention as Independent Auditors

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Independence

Independence is crucial to the performance of audit services. We are subject to the independence standards of the American Institute of Certified Public Accountants and the Department of Labor.

All partners and employees of our firm are provided access to our policies and procedures relating to independence and conflicts of interest. Annually, we obtain written confirmation from partners and employees about their adherence to these policies.

There are no relationships between Tanner LLC and the Plan (or its Sponsor) that in our professional judgment may reasonably be thought to impair our independence.

Other Information in Documents Containing Audited Financial Statements

Other than Form 5500, we are not aware of any documents that contain the audited financial statements. If such documents were to be published, we would have a responsibility to determine that such financial information was not materially inconsistent with the audited financial statements of the Plan.

****

We will be pleased to respond to any questions you have about the foregoing. We appreciate the opportunity to continue to be of service to the Plan.

This information is intended solely for the use of the Plan Administrators, and is not intended to be and should not be used by anyone else.

Sincerely,

Tanner LLC

INDEPENDENT AUDITORS' REPORT

To the Plan Administrators
MediSave 401(k) Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the MediSave 401(k) Plan (the Plan) as of December 31, 2010 and 2009, the statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended, the Plan Administrators instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in Note 9, which was certified by American United Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. The Plan Administrators have informed us that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrators have obtained certifications from the trustee, as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the Plan Administrators by the trustee is complete and accurate. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America, and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended.

1. Description of the Plan

The following description of the MediSave 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all employees of Medicity, Inc. (the Plan Sponsor or Employer) who are 21 years of age or older. The Plan became effective January 1, 2006, was most recently amended October 7, 2009, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Contributions are made to the Plan by both participants and the Employer. Participating employees may contribute up to 100% of their annual eligible compensation not to exceed the dollar limit set by the Internal Revenue Code (IRC) of $16,500 ($22,000 for employees who were age 50 or older) for the year ended December 31, 2010. Eligible compensation is defined as wages, tips, and other compensation as reported in the participant's Form W-2. Participants may also make contributions by rollover of distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer may make discretionary matching contributions to the Plan for the benefit of each eligible participant each year. For the year ended December 31, 2010, the Employer provided a matching contribution of up to 4% of the participant's eligible compensation.

Participant Accounts

Each participant's account is adjusted for participant contributions, the Employer's contributions, and an allocation of the Plan's actual earnings or losses and administrative expenses specifically identified with the participant's investment account. The benefit to which a participant is entitled is the vested balance in the participant's account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Employer discretionary matching contributions vest at a rate of 20% per year over 5 years of service.

1. Description of the Plan
Continued

Payment of Benefits
Upon a participant's death, disability, retirement or termination of employment, the trustee distributes the vested account balance in a single, lump-sum cash payment to the participant or his/her beneficiaries. Under certain circumstances, including financial hardship, participants may withdraw their contributions. The Plan Administrators make determinations related to hardship withdrawals.

Forfeitures
Forfeitures of nonvested participant account balances may be used to pay Plan administrative expenses or to offset future Employer contributions. Forfeitures for the year ended December 31, 2010 were $19,314. Forfeited funds of $23,299 were used to reduce Employer contributions and forfeited funds of $60 were used to pay administrative expenses for the year ended December 31, 2010. Forfeited balances had earnings of $129 for the year ended December 31, 2010. As of December 31, 2010 and 2009, the balance of the forfeiture account was $0 and $3,916, respectively.

Administrative Expenses
Plan administrative expenses may be paid by the Plan or by the Plan Sponsor at the Plan Sponsor's option. During the year ended December 31, 2010, the Plan paid $13,232 in administrative expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments in mutual funds are stated at fair value based on quoted market prices. The investment contract with an insurance company is recorded at fair value which is materially equivalent to its contract value.

2. Summary of Significant Accounting Policies
Continued

Investment Valuation and Income Recognition – Continued
Purchases and sales of securities are recorded on a trade-date basis. The net appreciation in the fair value of investments, which includes realized gains and unrealized appreciation on those investments, is presented in the statement of changes in net assets available for benefits of the Plan and totaled $457,408 for the year ended December 31, 2010. Dividends and interest are reinvested as earned.

Payment of Benefits
Benefits are recorded when paid by the Plan.

Subsequent Events
The Plan Administrators have evaluated events occurring subsequent to December 31, 2010 through September 1, 2011 (the date the financial statements were available to be issued). No material events that require disclosure occurred subsequent to December 31, 2010.

Recent Accounting Pronouncements
In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2010-06, *Improving Disclosures about Fair Value Measurements*. ASU 2010-06 amended Accounting Standards Codification 820 to clarify certain existing fair value disclosures, to add new disclosure requirements for Levels 1 and 2, and to separate disclosures for purchases, sales, issuances, and settlements relating to Level 3 measurements. ASU 2010-06 was effective for fiscal years beginning after December 15, 2009, except for the requirement to provide Level 3 purchases, sales, issuances, and settlements on a gross basis, which is effective for fiscal years beginning after December 15, 2010. Other than requiring additional disclosures, the adoption of ASU 2010-06 did not have a material effect on the Plan's financial statements.

In September 2010, the FASB issued ASU 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*. ASU 2010-25 requires participant loans to be measured at their unpaid principal balance plus any accrued but unpaid interest and to be classified as notes receivable from participants in the statement of net assets available for benefits. Previously, loans to participants were required to be measured at their fair values and classified as investments. ASU 2010-25 was effective for fiscal years ended after December 15, 2010 and is required to be applied retrospectively. Because there were no participant loans outstanding for the years presented, the adoption of ASU 2010-25 did not have a material effect on the Plan's financial statements.

3. Investment Contract with Insurance Company

During the year ended December 31, 2010, the Plan had a fully benefit-responsive investment contract with American United Life Insurance Company (AUL). The contributions were maintained in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract was included in the financial statements at fair value, which is materially equivalent to the contract value, as reported to the Plan by AUL. Contract value represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. There were no reserves against contract value for credit risk of the contract issuer or otherwise.

4. Plan Investments

The following table separately presents investments (at fair value) that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2010 and 2009. All investments are participant directed.

	December 31, 2010	December 31, 2009

Total mutual funds	3,615,501	2,246,892
Total investments	$ 3,946,298	$ 2,487,215

4. Plan Investments ***Continued***

The Plan's investments (including investments bought, sold and held during the year) appreciated in value by $457,408 during the year ended December 31, 2010, as follows:

Mutual funds	$ 449,429
Investment contract with insurance company	7,979
	$ 457,408

5. Fair Value Measurement

Fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, the fair value hierarchy prioritizes observable and unobservable inputs used to measure fair value into three broad levels. These levels, in order of highest priority to lowest priority, are described as follows:

Level 1 – Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities.

Level 2 – Observable prices that are based on inputs not quoted on active markets, but corroborated by market data.

Level 3 – Unobservable inputs that are used when little or no market data is available.

5. Fair Value Measurement ***Continued***

The following table summarizes Plan assets that are required to be measured at fair value on a recurring basis as of December 31, 2010 and 2009:

	Fair Value Measurements on a Recurring Basis As of December 31, 2010

6. Exempt Party-In-Interest Transactions

Certain Plan investments are managed by AUL. AUL is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Income Tax Status

The Plan has adopted a standardized prototype plan. The Internal Revenue Service (IRS) has issued an opinion letter dated March 31, 2008, in which the IRS stated that the standardized plan, as then designed, was acceptable under Section 401 of the IRC. The Plan has been amended since receiving the opinion letter. The Plan Administrators believe that the Plan continues to operate in accordance with the requirements to qualify for tax-exempt status. Accordingly, no provision for income taxes is included in the accompanying financial statements.

US GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by taxing authorities. The Plan's management analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions for tax years for which the applicable statutes of limitations have not expired; however, there are currently no audits for any tax periods in progress. The Plan's management believes the Plan is no longer subject to income tax examinations for years prior to 2007.

9. Information Certified by the Trustee

All investment balances disclosed in the accompanying financial statements and supplemental schedule as of December 31, 2010, the net appreciation in fair value of investments for the year ended December 31, 2010 and all investment transactions for the year ended December 31, 2010, were obtained or derived from information supplied to the Plan Administrators and certified as complete and accurate by AUL, the trustee of the Plan.

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
