INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
the Velocity Express, LLC 401(k) Plan

We were engaged to audit the accompanying statement of net assets available for benefits (modified cash basis) of the Velocity Express, LLC 401(k) Plan (Plan) as of December 31, 2010 and the related statement of changes in net assets available for benefits (modified cash basis) for the period February 1, 2010 (Inception) through December 31, 2010 and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Great-West Life & Annuity Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2010 and for the period February 1, 2010 (Inception) through December 31, 2010 that the information provided to the Plan administrator by the trustee is complete and accurate.

As described in Note 2, these financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Because of the significance of the information that we did not audit, we were unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

VELOCITY EXPRESS, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
FOR THE PERIOD FEBRUARY 1, 2010 (INCEPTION) THROUGH DECEMBER 31, 2010
(MODIFIED CASH BASIS)

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Velocity Express, LLC 401(k) Plan (Plan) is provided for general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was formed effective February 1, 2010 in connection with the termination of the Velocity Express, Inc 401(k) Retirement Plan. Participants were given the option of taking a distribution or transferring their funds from the terminated Plan into this Plan.

General - The Plan is a defined contribution Plan covering all full-time employees of Velocity Express, LLC (Company) (except union employees, nonresident alien employees, leased employees and employees working outside the United States) who have at least 2 months of service and are age 20 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants may contribute a portion of their eligible annual compensation as defined by the Plan within the salary deferral limitations imposed by Section 401(k) of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution Plans. Employer matching contributions are equal to a discretionary percentage of each participant's contribution, as determined by the Company's Board of Directors. The Company made no matching contributions during 2010.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earning or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions and actual earnings thereon. Vesting in the Company's contribution portion of participants' accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance in the prior 12-month period. The loan terms range from two to five years, provided, however, that if such loan is to be used to acquire or construct any dwelling unit which is to be used as a principal residence, the loan may be repayable over a period not to exceed 15 years. A participant may not have more than two loans outstanding at one time. Participant loans are secured by the participant's vested account balance, and bear interest at 1% over the prime lending rate published in the *Wall Street Journal* on the first day of the month before the loan is originated. Principal and interest are paid ratably through payroll deductions.

Investment Options - Participants direct the investment of their contributions to various investment options offered by the Plan. As of December 31, 2010, the Plan offered investments in 25 pooled separate accounts and one guaranteed investment contract.

NOTES TO FINANCIAL STATEMENTS
FOR THE PERIOD FEBRUARY 1, 2010 (INCEPTION) THROUGH DECEMBER 31, 2010
(MODIFIED CASH BASIS)

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits - Upon termination of service, death, disability or retirement, participants or beneficiaries are entitled to a distribution equal to the total value of the vested interest in their accounts. Participant distributions due to death, disability or retirement are 100% vested in the Plan. All participants with account balances of less than \$1,000 receive mandatory lump-sum distributions upon termination. Terminated participants with account balances more than \$1,000, but less than \$5,000, will be deposited into the specified IRA account with the trustee, unless otherwise instructed by the participant. In-service withdrawals are permitted in the event of severe and immediate financial hardship or attainment of age 59-1/2. Withdrawals based on financial hardship result in a suspension of employee contributions for six months.

Forfeited Accounts - Forfeitures are used to reduce future employer contributions or to pay Plan expenses. There were no forfeited amounts as of December 31, 2010.

Administrative Expenses - Expenses related to Plan administration will be paid from Plan assets (either from the use of Plan forfeitures or by allocations of costs to participant accounts), except to the extent the expenses are paid (or reimbursed) by the Company. All significant Plan expenses of maintaining the Plan are paid by the Company. Participants electing to withdraw their 401(k) contributions or take out loans are charged a fee, which is deducted from that participant's account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies applied by the trustee in preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements of the Plan were prepared using the modified cash basis of accounting. The statement of net assets available for benefits and the statement of changes in net assets available for benefits reflect only cash received, cash disbursed, changes in fair value of investments, and the notes held by participants. Therefore, contributions receivable, payables and accrued income and expenses, which may be material, are not reflected in the accompanying financial statements. The financial statements are not intended to present net assets available for benefits or changes in net assets available for benefits in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of the assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS
FOR THE PERIOD FEBRUARY 1, 2010 (INCEPTION) THROUGH DECEMBER 31, 2010
(MODIFIED CASH BASIS)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits - Benefits are recorded when paid.

Notes Receivable from Participants - Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document.

Subsequent Events - Management has evaluated subsequent events through October 11, 2011, which is the date that the financial statements were available to be issued.

NOTE 3 - INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan has an investment contract with Great-West Life & Annuity Insurance Company (Great-West). Great West maintains the contributions in a pooled account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Great-West. The contract is included in the financial statements at contract value, which approximates fair value, which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. The average yield of the Great-West contract was 2.10% for the fiscal year ended December 31, 2010.

NOTE 4 - TAX STATUS

The Plan has been designed under the provisions of a Great-West 401(k) prototype Plan. The Internal Revenue Service has determined and informed Great-West, by a letter dated March 31, 2008, that the prototype Plan utilized by the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan is operating in reliance on the prototype Plan determination letter, and the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial states. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

	<u>December 31</u> <u>2010</u>
Maxim Lifetime 2015 Portfolio II T1	\$ 3,435,530
Maxim Lifetime 2015 Portfolio II T1	3,242,828
Maxim Lifetime 2015 Portfolio II T1	1,591,103

NOTE 6 - FAIR VALUE MEASUREMENTS

The accounting standard for Fair Value Measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under generally accepted accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Valued at quoted market price of the underlying investments at year-end.

FOR THE PERIOD FEBRUARY 1, 2010 (INCEPTION) THROUGH DECEMBER 31, 2010
(MODIFIED CASH BASIS)

NOTE 6 - FAIR VALUE MEASUREMENTS (Continued)

Guaranteed investment contract/Guaranteed portfolio fund: Valued at fair value using a discounted cash flow valuation methodology where the interest rate for the investment contract is reset at least as frequently as annually (See Note 3).

The methods previously described may produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, which approximates liquidation value as of December 31, 2010:

	<u>Assets at Fair Value as of December 31, 2010</u>

NOTE 6 - FAIR VALUE MEASUREMENTS (Continued)

Level 3 Gains and Losses - The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2010:

Level 3 Assets Year Ended December 31, 2010		Guaranteed Investment Contract
		<u> </u>
Balance, beginning of year		-
Purchases, sales, issuances, and settlements (net)	\$	166,427
Realized gains relating to instruments still held at the reporting date		<u>2,686</u>
Balance, End of Year	\$	<u>169,113</u>

NOTE 7 - CERTIFICATION

The Plan administrator has received certification from Great-West, the trustee of the Plan's assets, as to the completeness and accuracy of the investments and related investment income. Such information includes the composition and current value of the investments reported in the statement of net assets available for Plan benefits and the related investment income reported in the statement of changes in net assets available for Plan benefits.

NOTE 8 - TRANSACTION WITH PARTY-IN-INTEREST

Certain Plan investments include shares of mutual funds managed by Great-West. Great-West Retirement Services, Inc., a wholly owned subsidiary of Great-West, is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. In addition, participant loans are considered party-in-interest transactions, since these participants have a vested interest in Plan assets. Fees paid by the Plan to related parties for the investment management services and for Plan expenses amounted to approximately \$18,000 for the year ended December 31, 2010.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options. The underlying investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
