BERGELECTRIC CORPORATION
MONEY PURCHASE PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

NOTE A DESCRIPTION OF PLAN

The following description of the BERGELECTRIC CORPORATION (Company) MONEY PURCHASE PENSION PLAN (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General The plan is a defined contribution plan covering all employees of the company who provide services on prevailing wage jobs. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions and funding policy Each month, the Company contributes to the Plan a specific dollar amount per labor dollar paid on prevailing wage jobs. Each employee is credited with the specific percentage applied to the labor dollars worked on each prevailing wage job for the month. All minimum funding requirements have been met.

3. Participants' accounts Each participant's account is credited with the Company's contribution, account earnings, and allocation of the forfeitures of terminated participants' nonvested accounts. The forfeitures are not actual additions to the employee's account but are a reduction of future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant account.

4. Vesting Vesting in the participants' accounts is 100 percent immediately upon entry into the Plan.

5. Payment of expenses The plan sponsor pays for all administrative expenses of the plan, including the cost of legal and accounting services necessary to administer the Plan.

6. Payment of benefits Upon termination of service, a participant may elect to receive 1) a lump sum distribution equal to his or her account, 2) a life annuity, or 3) a series of installments not to exceed the life expectancy of the participant or beneficiary.

NOTE B SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Investment valuation and income recognition

   If available, quoted market prices are used to value instruments.

   All interest and dividend income is recorded on the accrual basis.

NOTE B SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Basis of accounting

The financial statements are prepared using the accrual method of accounting.

3. Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

4. Payments of benefits

Benefits are recorded when paid.

5. Date of management's review

Subsequent events were evaluated through August 12, 2011, which is the date the financial statements were available to be issued.

NOTE C INVESTMENTS

The Plan adopted Fair Value Measurements (*"FASB Codification 820-10-05"*) which establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices are observable for the asset or liability;

NOTE C INVESTMENTS (Continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at net asset value ("NAV") of shares held by the Plan at the end of the year.

Investment in insurance contract: Valued at cash asset value at the end of the Plan year. The fair value of the investment is basically the same as the liquidation basis of accounting.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010.

	Level 1	Level 2	Level 3	Total
Mutual Funds	$18,016,420	$ -	$ -	$ 18,016,420
Investment in insurance contract			22,761,133	22,761,133
Total Assets at Fair Value	$18,016,420	$ -	$ 22,761,133	$ 40,777,553

The Plan's investments were held by the ING Life Insurance and Annuity Company. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income and Security Act of 1974. All investments are participant directed.

NOTE C INVESTMENTS (Continued)

The following table presents fair values of investments that represent 5% or more of the Plan's net assets.

ASSETS HELD FOR INVESTMENT PURPOSES

Investments at Fair Value as Determined by Quoted Market Price	December 31, 2010	2009
ING Solution 2035 Port-Adv	$ 3,979,068	$ 2,252,583
ING Solution 2045 Port-Adv	6,811,361	3,855,224
ING Fixed Account	22,761,133	21,043,508

The Plan's investments changed in value by $2,091,886 in 2010. The custodian certification applies to interest and dividend income of $708,977 in 2010 and $708,890 in 2009 and to information included in the supplemental schedule of assets held at end of year.

NOTE D INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a contract with ING Life Insurance and Annuity Company. ING maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals. The contract is included in the financial statements of net assets available for benefits at fair value as determined using the market approach based on market prices of similar contracts. The adjustment from fair value to contract value for the investment contract is based on the contract value as reported to the Plan by ING. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the investment contract at December 31, 2010 and 2009 was $22,761,133 and $21,043,508, respectively. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with ING. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

NOTE E PLAN TERMINATION

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE F RECONCILIATION WITH FORM 5500

Certain assets, income, and expense items may be classified differently on these financial statements, as opposed to Form 5500. The Plan's administrator has prepared the Form 5500 and has segregated asset items and grouped income items that may have been grouped and segregated, differently on these financial statements. There were no reconciling items in 2010 or 2009.

NOTE G TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated February, 2003, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter, and has requested a new determination letter from the IRS on April 14, 2010 for amendments to the Plan effective January 1, 2007. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan is subject to examination by the U.S. Department of Labor and Internal Revenue Service.

NOTE H RISK AND UNCERTAINTIES

The Plan participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Plan participants invest 56% of its funds in a contract with ING Life Insurance and Annuity Company and 44% of its funds in mutual funds.

NOTE I DOL LIMITED SCOPE AUDIT

These audited financial statements were prepared as a Department of Labor Limited Scope Audit. All transactions involving any investment were not audited, but certified by the trustee as complete and accurate.
