To the SAIC Retirement Programs Committee
San Diego, CA

We were engaged to audit the financial statements and supplemental schedule of the **CloudShield Technologies, Inc. 401(k) Profit Sharing Plan** ("Plan") as of December 31, 2010 and 2009, and for the year ended December 31, 2010, as listed in the accompanying table of contents. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Standard Insurance Company, the Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certification from the Custodian as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the Plan administrator by the Custodian is complete and accurate.

As described in Note 1 to the financial statements, the Plan administrator adopted a resolution to terminate the Plan effective February 4, 2010, and the Plan commenced liquidation shortly thereafter. As a result, the Plan has changed its basis of accounting for periods subsequent to February 4, 2010, from the ongoing plan basis to the liquidation basis.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

1. Description of the Plan

The following description of **CloudShield Technologies, Inc. 401 (k) Profit Sharing Plan** ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2001, as amended May 1, 2009, to enable eligible employees to share in the Company's earnings and permit employees to make pre-tax contributions to the Plan; thereby, providing employees with an opportunity to accumulate funds for their retirement.

The Plan is a defined contribution plan established and sponsored by **CloudShield Technologies, Inc.** ("Company"). The Plan covers substantially all employees of the Company and is administered by the Company. The Plan Custodian, Standard Insurance Company ("Custodian"), has the authority and responsibility for the management and investment of Plan assets.

On February 4, 2010 ("acquisition date"), the Company was acquired by Science Applications International Corporation ("SAIC") and in conjunction with that transaction, the Plan was terminated and accounted for under the liquidation basis of accounting. A new institutional Trustee, Reliance Trust Company, was engaged and the previous employee Trustee was terminated.

Eligibility

All employees of the Company are eligible to participate in the Plan except certain union employees whose collective bargaining agreement does not permit participation in the Plan, non-resident alien employees with no U.S.-source income, and individuals providing services under a written agreement that specifically states the individual is not eligible to participate in the Plan. Entry dates in the Plan are the dates employees are hired or re-hired.

Contributions

Participants may elect to defer eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Employee contributions withheld are invested in accordance with the participant's direction. Participants are also allowed to make rollover contributions of amounts received from

Contributions, cont'd

other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participants' direction and the Plan's provisions.

For each plan year, the Company may, in its discretion make a profit sharing contribution to the Plan. Contributions will be allocated to participant accounts in proportion to their eligible compensation for the Plan year. There were no profit sharing contributions in 2010.

Vesting

Participants are immediately 100% vested in their elective and rollover contributions. Participants become vested in Company profit sharing contributions according to years of service, as defined in the Plan document.

Forfeitures

There were no unallocated forfeitures as of December 31, 2010 and 2009.

Allocations

Each participant's account is credited with an allocation of investment earnings. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance.

Notes receivable from participants

Participants may borrow against their vested balances under certain circumstances. The minimum loan amount is \$1,000 and the maximum amount is the lesser of \$50,000 or 50% of the participant's vested balance. Loans must be paid in full within 60 months, except in the case of purchasing a primary residence in which the loan must be paid in full within 120 months. Loans are secured by the balance in the participant's account. No new loans are available following Plan termination.

Notes receivable from participants are carried at the aggregate unpaid principal balance of loans outstanding.

Notes to Financial Statements

<i>Benefit payments</i>	Upon termination of service, participants (or beneficiaries) with an account balance of \$5,000 or less, will receive either a lump-sum amount equal to the value of the participant's vested interest in their account or a rollover to another plan or IRA account. For participants (or beneficiaries) with an account balance of more than \$5,000, the participant must elect to take a distribution, make a rollover to another plan or IRA or may leave their balance in the Plan.
<i>Administrative expenses</i>	Expenses related to the operation and administration of the Plan are paid by the Company.
<i>Plan termination</i>	In connection with the termination of the Plan, the Plan document provides that participants' accounts become fully vested and not subject to forfeiture upon such termination.
<i>Reclassifications</i>	Certain 2009 amounts have been reclassified to conform to the 2010 financial statement presentation, with no effect on the net assets available for benefits.
2. Summary of Significant Accounting Policies	A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements are as follows:
<i>Basis of accounting</i>	As a result of the Plan's termination, the basis of accounting used to value Plan assets is on a liquidation basis, in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").
<i>Use of estimates</i>	The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income and expenses during the reporting period. Actual results may differ from estimates.
<i>Investments</i>	Investments are stated at fair value. The Plan holds investments in a pooled separate account and a stable value fund. The pooled separate account's fair value is determined daily based primarily on values

Investments, cont'd

reported by the mutual fund trading partner. The stable value fund's fair value is determined using assumptions on participant behavior, current market conditions and other assumptions. The stable value fund is fully benefit responsive because participants may direct withdrawals and transfers at contract value. Contract value approximates fair value at December 31, 2010 and 2009. The stable value fund's average yield was 2.11% and 2.29% for the year ending December 31, 2010 and 2009, respectively. The contract allows the Custodian to terminate the agreement with 30 days advance notice. Upon occurrence of termination, a market value adjustment may apply.

The Plan presents in the statement of changes in net assets the net appreciation or depreciation in the fair value of its investments which consisted of the realized gains or losses on sale of investments and the unrealized appreciation or depreciation of those investments.

Fair value measurements

Accounting guidance has been issued that establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described on the following page:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

In January 2010, the FASB issued ASU No. 2010-06, Fair Value Measurements and Disclosures (ASU No. 2010-06), which amends ASC 820, adding new disclosure requirements for Levels 1 and 2, separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 measurements and clarification of existing fair value disclosures.
