NOTE A - DESCRIPTION OF THE PLAN

The following description of the Southeastern Printing Company, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Southeastern Printing Company, Inc. 401(k) Retirement Plan (the "Plan") was originally established effective January 1, 1997. The Plan was amended and restated with an effective date of April 1, 2002. The Plan qualifies as a profit sharing plan permitting discretionary employer contributions but not requiring that such contributions be made from employer profits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and Sections 401(a), 401(k) and 501(a) of the Internal Revenue Code. More complete information regarding the Plan's provisions may be found in the Plan document.

Plan Description

The Plan is a defined contribution plan established for the sole and exclusive benefit of and covering substantially all of the Employer's eligible full-time employees. A full-time employee is eligible after one year of service and must be at least 21 years of age. The Plan is subject to the provisions of ERISA.

Participant Contributions

Plan participants may contribute up to 15% of pre-tax annual compensation, including any bonuses paid during the year, up to the maximum amount permitted by the Internal Revenue Service. These limits were $16,500 for 2010 and 2009, with a "catch-up contribution" for participants over age 50 of $5,500 for 2010 and 2009. Participants may also make a rollover transfer to the Plan from a 401 qualified retirement plan which may include after tax amounts, a 403(b) tax deferred annuity, a governmental 457(b) deferred compensation plan, and/or taxable IRA. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Company may make matching contributions equal to a discretionary percentage to be determined by the Employer up to 5% of a participant's eligible compensation. The employer terminated matching benefits January 8, 2009.

NOTE A - DESCRIPTION OF THE PLAN - (Continued)

Vesting

Participants are fully vested in their employee contributions, including rollovers, plus their actual earnings thereon. Participants vest in any employer matching contributions using a five-year graduated vesting schedule as follows:

Year of Vesting Service	Vested Percentage
1 year	0%
2 years	20
3 years	40
4 years	80
5 years	100

Payment of Benefits

In the event of a participant's retirement, death, disability, or termination, the participant's vested benefits are distributed to the participant or the participant's beneficiary as a lump sum payment or installments for a specified term. Participants with vested benefits less than $1,000 (i.e., small accounts) are required by the Employer to be removed from the Plan and to take a lump sum payment as soon as administratively feasible.

Per generally accepted accounting principles, amounts that are allocated, but not dispersed, to participants who have withdrawn from the Plan as of year end are not considered liabilities for financial reporting purposes; however, these balances should be reported as a liability on the IRS Form 5500. For 2010 and 2009, this liability was zero.

Forfeited Accounts

The non-vested portion of an employee's account balance is forfeited upon termination of employment. Forfeitures of non-vested employer contributions are used to reduce future employer contributions and administrative expenses of the plan paid by the Sponsor. The amounts used to reduce administrative expenses in 2010 and 2009 were $6,936 and $3,926, respectively. The forfeiture account balance was $11,538 and $16,829 at December 31, 2010 and 2009, respectively.

Subsequent Events

The date to which events occurring after December 31, 2010, the date of the most recent balance sheet, have been evaluated for possible adjustment to the financial statements or disclosure is September 29, 2011, which is the date on which the financial statements were available to be issued.

NOTE A - DESCRIPTION OF THE PLAN - (Continued)

Administrative Expenses

Administrative expenses paid by the Plan were $26,998 and $23,400 during 2010 and 2009, respectively. During 2010 and 2009, Daily Access Corporation acted as the Plan's asset manager, consultant, and record keeper, maintained participant account records, and administered the Plan. Fidelity held the Plan's assets, as custodian.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

These financial statements have been prepared using the modified accrual basis method of accounting. Assets are reflected on the cash basis except for contributions, which are reported on the accrual basis. Unrealized appreciation or deprecation in the value of securities and/or investments is recognized as income or loss, respectively, in the accounting period in which the change in market value occurs.

Investment Valuation

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximate fair value.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE C - INVESTMENTS (Unaudited)

The following table lists investments that represent five percent or more of the Plan's net assets at December 31, 2010 and 2009:

Investments at Fair Market Value	2010	2009
American EuroPacific R-4	$942,970	$416,394

UMB Scout Small Cap	-	214,217

Allegiant Mid Cap Value	-	187,625

During 2010 and 2009, the Plan's investments, including gains and losses on investments bought and sold, as well as those held during the year, appreciated as follows:

Description of Investment	2010	2009
Mutual funds	$ 341,043	$ 532,363
Deferred annuity contracts	15,329	11,817
Net appreciation on investments	$ 356,372	$ 544,180

Fair Value Measurements

Financial Accounting Standards Board ASC 820, *Fair Value Measurements,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has ability to access.

Level 2 - Inputs to the valuation methodology include: Quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE C - INVESTMENTS (Unaudited) - (Continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

All mutual funds are valued using the closing market price on the date of the valuation. The Met GIC is valued using the closing market price on the date of the valuation. The Met GIC assets are invested in a MetLife separate account. MetLife guarantees the principal and accrued interest, based on credited interest rates, for participant-initiated withdrawals as long as the contract remains active. Interest is credited to the contract at interest rates that reflect the performance of the underlying portfolio.

MetLife will reset the rate by amortizing the difference between the market value of the portfolio and the guaranteed value over the weighted average duration of the Fund's portfolio and the guaranteed value over the weighted average duration of the Fund's investments. Participants will receive the principal and the accrued earnings credited to their accounts on withdrawal for allowed events. These events include transfers to other Plan investment options and payments due to retirement, termination of employment, disability, death and in-service withdrawals as permitted by the Plan.

Unrealized gain and losses are reported in the investment income section of the additions to net assets in the Statement of Changes to Net Assets.
