The Plan Administrator
Austin Foam Plastics, Inc. 401(k) Plan
Austin, Texas

We were engaged to audit the financial statements and supplemental schedule of Austin Foam Plastics, Inc. 401(k) Plan (the "Plan") as of December 31, 2010 and 2009 and for the years then ended, as listed in the accompanying contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 1, which was certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2010 and 2009, and for the years then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Austin Foam Plastics, Inc. 401(k) Plan

Summary of Significant Accounting Policies

Description of Plan

The following brief description of Austin Foam Plastics, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Austin Foam Plastics, Inc. (the “Company”) who are considered eligible employees and may become a participant in the Plan on the next entry date (January 1st, April 1st, July 1st and October 1st of each plan year). To be eligible to participate in the Plan, employees must have attained the age of 18, have completed at least one year of service and have worked at least 1,000 hours during such Plan year. The Plan is subject to the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may defer up to 100% of their total compensation on a pre-tax basis up to the maximum percentage allowed by the Internal Revenue Code (“IRC”). Employees who are over age 50 can also make additional catch-up contributions as allowed by the IRC. Participants may designate all or a portion of their deferrals as post tax Roth 401(k) contributions.

The Company may make a discretionary safe harbor employer contribution of 100% of deferrals up to 1% of compensation plus 50% of deferrals in excess of 1% of compensation up to 6%. The Company may also make a discretionary profit sharing contribution to the Plan as determined by its board of directors. To be eligible for the discretionary profit sharing contributions an employee must be actively employed on the last day of the plan year.

Effective May 17, 2009, the Company suspended the safe harbor employer contribution.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and allocation of the Company’s contributions and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings there on. Employer safe harbor contributions are 100% vested after 2 years of service. Employer profit sharing contributions are always 100% vested.

Effective May 17, 2009, all employer matching contributions became 100% vested.

Austin Foam Plastics, Inc. 401(k) Plan

Summary of Significant Accounting Policies

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local borrowing rates. Current interest rates range from 4.25% to 9.25%. Loan repayments are made ratably through payroll deductions over a period not to exceed five years, unless the loans were used to purchase a primary residence in which case the loan terms may exceed five years.

Payment of Benefits

Upon separation of service, due to death, disability, or retirement, a participant will receive their benefits as either a lump-sum amount or installment payments under various options equal to the value of the participant's vested interest.

Forfeitures

Forfeited accounts are retained in the plan and used to reduce future employer contributions. Forfeited invested accounts totaled \$647 and \$466 at December 31, 2010 and 2009, respectively.

Administrative Expenses

The Company pays certain administrative costs of the Plan associated with the custodian's annual fee, auditors' fees and the cost of communications to the participants. The Plan pays all other administrative expenses including additional custodian fees and other recordkeeping fees. Loan fees are paid by the applicant or deducted directly from the applicable participants' account.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates. The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rates, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Austin Foam Plastics, Inc.

401(k) Plan

Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Change in Accounting Principle

In 2010, the Plan adopted Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 962 ("*Plan Accounting – Defined Contribution Pension Plans*"), which requires participant loans be classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principle balance plus any accrued but unpaid interest. There was no material impact on the Plan's results of operations or financial condition upon adoption of the new standard.

Notes to Financial Statements

1. Information Certified by the Plan's Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

<i>December 31,</i>	2010	2009
Pooled separate accounts	\$ 9,031,240	\$ 7,732,250

3. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 820 (FASB Statement No. 157, *Fair Value Measurements*), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the plan at year end.

Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009:

<i>December 31, 2010</i>		Level 1		Level 2		Level 3		Total
Pooled separate accounts	\$	9,031,240	\$	-	\$	-	\$	9,031,240
	\$	9,031,240	\$	-	\$	-	\$	9,031,240
<i>December 31, 2009</i>		Level 1		Level 2		Level 3		Total
Pooled separate accounts	\$	7,732,250	\$	-	\$	-	\$	7,732,250
	\$	7,732,250	\$	-	\$	-	\$	7,732,250

4. Excess Contributions Refundable

At December 31, 2010, a payable of \$22,731 was recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

5. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by John Hancock USA. John Hancock USA is an affiliate of the custodian of the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment management services amounted to \$28,227 and \$24,208 for the years ended December 31, 2010 and 2009, respectively.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

7. Tax Status

The Company has executed an adoption agreement, originally effective January 1, 1999 to establish a retirement plan based on the Prototype Non-Standardized Profit Sharing Plan of DATAIR Employee Benefit Systems, Inc. The effective date of the amendment and restatement was January 1, 2010. The Plan received a determination letter from the IRS dated March 31, 2008, stating that the Prototype Plan was designed in accordance with the provisions of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter, however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Notes to Financial Statements

8. Reconciliation of Financial Statements to Schedule H of Form 5500

The amounts included in the accompanying financial statements are prepared on the accrual basis of accounting that differs from the rules and regulations used to prepare the Form 5500 filed by the Plan administrator. The following is a reconciliation of net assets available for benefits and net income per the financial statements to the Form 5500:

<i>December 31,</i>	<i>2010</i>
Net assets available for benefits per the financial statements	\$ 9,262,488
Excess contributions refundable	22,731
Net assets available for benefits per Form 5500	\$ 9,285,219

<i>Year ended December 31,</i>	<i>2010</i>
Net income per the financial statements	\$ 1,301,439
Corrective distributions	22,731
Net income per Form 5500	\$ 1,324,170

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Subsequent Events

The Plan has evaluated subsequent events occurring after December 31, 2010, the date of the most recent statement of net assets available for benefits date, through October 6, 2011, the date the financial statements were issued. The Plan does not believe any subsequent events have occurred that would require further disclosure or adjustment to the financial statements.
