RIDER HUNT INTERNATIONAL (USA), INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 1 – DESCRIPTION OF PLAN

The Rider Hunt International (USA), Inc. 401(k) Plan (the “Plan”) is a qualified retirement plan adopted by Rider Hunt International (USA), Inc. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was formed January 1, 2003 and was last amended and restated effective January 1, 2009 to conform to new tax laws.

The purpose of the Plan is to provide participants with the opportunity to save for retirement on a tax-advantage basis. Significant provisions of the Plan in effect as of December 31, 2010 are summarized below. Participants should refer to the legal Plan document for a more complete description of the Plan’s provisions.

- A. General – Employees become eligible to participate on their date of hire and may enter the Plan on the first day of the Plan year quarter coinciding with or next following the hire date.
- B. Contributions – There are two types of participant salary deferrals: pre-tax 401(k) deferrals and Roth 401(k) deferrals (deferrals are subject to federal income taxes in the year of deferral). Each year, participants may elect to defer up to ninety percent (90%) of compensation into the Plan not to exceed the maximum dollar limit which is set by law. Participants may modify their contribution percentage on a monthly basis and are permitted to revoke their salary deferral election at any time. Participants age fifty (50) or older may elect to defer additional amounts as catch-up contributions.

Participants may also deposit into the Plan distributions they have received from other retirement plans and certain IRAs as rollover contributions.

The Company will make an employer matching contribution on behalf of each salaried participant, with the option to disregard salary deferrals that exceed a certain dollar amount or a certain percentage of compensation. Matching contributions will not be made on overtime, bonuses, and commissions. Matching contributions will not be made for participants paid on an hourly, daily, or weekly basis. For 2010, the Company’s employer matching contribution is equal to one hundred percent (100%) of salary deferrals up to a maximum of four percent (4%) of a participant’s salary.

In addition to the matching contribution, the Company may make a discretionary employer profit sharing contribution to the Plan. In order to share in the profit sharing contribution, the participant must be employed on the last day of the Plan year and have completed a period of service. The Company did not make a discretionary employer profit sharing contribution for the year ended December 31, 2010.

- C. Participant Accounts – Each participant’s account is credited with the participant’s contributions, rollovers, employer contributions, and Plan earnings or losses. Participant accounts may also be charged with an allocation of certain administrative expenses. Participant accounts are segregated for purposes of determining the earnings or losses on their accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

RIDER HUNT INTERNATIONAL (USA), INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

- D. Vesting – Participants are immediately vested in their contributions and rollovers plus actual earnings or losses thereon. Vesting in the employer contribution portion of their accounts plus actual earnings or losses thereon is based on vesting periods of service, as defined in the Plan document. A participant is one hundred percent (100%) vested after one (1) year of credited service and one hundred percent (100%) vested after six (6) years of service for matching contributions and profit sharing contributions, respectively. A participant becomes one hundred percent (100%) vested in their full account balance immediately upon disability, death, or upon reaching normal retirement age.
- E. Investment Options – Participants direct the investment of their entire interest in the Plan into various investment options. Contributions can be split among the investment options. The Plan currently offers various mutual funds in pooled separate accounts as investment options for its participants. Participants may exchange or transfer money between their investment choices at any time.
- F. Notes Receivable from Participants – Participants may borrow from their nonforfeitable account balance a minimum of \$1,000 up to a maximum of \$50,000 or fifty percent (50%) of their vested interest in the Plan, whichever is less. The loans are adequately secured by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest payments are paid ratably through payroll deductions over a term not to exceed five (5) years, unless the loan was obtained to acquire a principal residence, which will extend the reasonable time to a period no greater than twenty (20) years. A participant can only have one (1) loan currently outstanding from the Plan.
- G. Payment of Benefits – On termination of service, a participant or designated beneficiary may elect to receive either a single lump-sum payment or transfer to an IRA rollover account or another qualified retirement plan. If a participant's account balance does not exceed \$1,000, the Plan will distribute their account, regardless of whether the participant consents to receive it. Prior to separation from service, a participant who has attained age fifty-nine and one-half (59½) may receive a distribution from the Plan.

Upon termination after normal retirement, disability or death, the participant is entitled to receive the full amount credited to their account. Benefits may be paid directly to another plan which qualifies under Section 401(a) of the Internal Revenue Code ("IRC") or paid to the participant in a lump-sum payment. If the participant or their beneficiary is required to take minimum distributions, benefits may be paid in a series of payments as required by the IRC.

Hardship distributions are available to participants who demonstrate certain immediate and heavy financial needs. Participants may not make elective deferrals to the Plan for a period of six (6) months after the receipt of the hardship distribution.

- H. Forfeited Accounts – The non-vested portion of a participant's account balance remains in the Plan and is called a forfeiture. Forfeitures may first be used to pay any administrative expenses. Any remaining forfeitures will be used to reduce employer contributions. As of December 31, 2010 and 2009, there were no forfeited non-vested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires the Company to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

C. Recent Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2010-06, *Improving Disclosures about Fair Value Measurements*. This update requires a number of new disclosures including disclosure of significant transfers in or out of Level 1 and Level 2 and the reason for such transfers, an entity’s policy for determining when transfers between levels are recognized, the valuation techniques and inputs used in determining the fair value of assets or liabilities classified as Level 2 or Level 3 and requires the changes in Level 3 fair value measurements to be disclosed separately rather than net. In addition, this update seeks to improve transparency by requiring fair value measurement disclosures for each class of assets and liabilities. This pronouncement is effective for reporting periods beginning after December 15, 2009, except for the disclosures about purchases, sales, issuances, and settlements in the roll forward of activity in Level 3 fair value measurements which are effective for fiscal years beginning after December 15, 2010. The Plan adopted this pronouncement in its entirety effective beginning January 1, 2010. The adoption of this pronouncement did not have a material impact on the Plan’s financial statements.

In September 2010, the FASB issued ASU-2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*. ASU 2010-25 was issued to clarify how loans to participants should be classified and measured by defined contribution plans. ASU 2010-25 requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This pronouncement is effective for fiscal years ending after December 15, 2010 and shall be applied retrospectively. The Plan adopted this pronouncement on a retrospective basis effective beginning on January 1, 2010. Prior to the adoption of this pronouncement, participant loans were held as an investment and carried at fair value. The Plan has reclassified amounts previously reported to conform to the current presentation. The adoption of this pronouncement did not have a material impact on the Plan’s financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be required to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

FASB Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of inputs used to measure fair value are as follows:

- Level 1 – Quoted prices in active markets for identical assets or liabilities.
- Level 2 – Inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Pooled Separate Accounts: Investments in mutual funds are stated at fair value based upon quoted market prices of the net asset value of shares held by the Plan at year-end.

Guaranteed Investment Contract: The guaranteed investment contract is stated at contract value, as fair value approximates contract value. The guaranteed investment contract is not considered to be fully-benefit responsive.

D. Investment Valuation and Income Recognition (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

There were no significant transfers between Level 1 and Level 2 investments during the year ended December 31, 2010.

Net appreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation or depreciation of investments held at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis.

E. Notes Receivable from Participants

Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

F. Benefits Paid to Participants

Benefits are recorded when paid. As of December 31, 2010, there were no amounts allocated to participants who have elected to withdraw from the Plan but have not yet been paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Administrative Expenses

The Plan permits the payment of Plan expenses to be made from the Plan's assets. The expenses paid by the Plan will generally be allocated among the accounts of all participants in the Plan. These expenses will be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. Certain expenses that are attributable to a specific participant's account may be deducted directly from their account.

H. Subsequent Events

The Plan has evaluated subsequent events through September 21, 2011, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

Investments and investment activities included in the accompanying statements of net assets available for benefits, the statement of changes in net assets available for benefits, and supplemental schedule have been certified as accurate and complete by John Hancock Life Insurance Company (U.S.A.) (the "Custodian") for the Plan, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the certified information except for comparing such information to the Plan's financial statements and supplemental schedule.

NOTE 4 – INVESTMENTS (UNAUDITED)

At December 31, 2010 and 2009, all investments of the Plan were participant-directed.

The following presents investments that represent five percent (5%) or more of the Plan's net assets at December 31:

	<u>2010</u>	<u>2009</u>
Lifestyle Balanced*	\$ 468,706	\$ 376,918
Lifestyle Growth*	315,395	258,962
John Hancock Stable Val*	136,694	226,176
Retirement Living at 2025*	120,775	**

* Indicates party-in-interest.

** Represented less than five percent (5%) of the Plan's net assets as of December 31.

The Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated by \$258,954.

NOTE 5 – RELATED PARTY TRANSACTIONS

Certain Plan investments are pooled separate accounts invested in shares of mutual funds managed by the Custodian and, therefore, these transactions qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. Fees paid by the Plan for investment management services are netted against net appreciation in fair value of investments.

NOTE 6 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and participants will become one hundred percent (100%) vested in their accounts. The Company will direct the distribution of participants' accounts in a manner permitted by the Plan as soon as practicable.

NOTE 7 – TAX STATUS

The Plan is a volume submitter profit sharing plan with CODA sponsored by Nova 401(k) Associates that has been adopted by the Company. The volume submitter plan obtained its latest opinion letter on July 1, 2009, in which the Internal Review Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not requested its own determination letter from the IRS. The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years that are considered closed for tax filing purposes.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
