To the Plans Administration Committee of the
Cooper Retirement Savings and Stock Ownership Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of the Cooper Retirement Savings and Stock Ownership Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the related supplemental schedules, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended.

Cooper Retirement Savings and Stock Ownership Plan

Notes to Financial Statements

December 31, 2010 and 2009

Note 1: Description of the Plan

The following description of the Cooper Retirement Savings and Stock Ownership Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions, which is available from the plan administrator.

General

The Plan is a defined contribution plan sponsored by Cooper US, Inc. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Employees may become a participant on their date of hire, as long as he/she is not an excluded employee, as defined in the Plan document. The Plan has been extended to the employees of certain employment units and/or locations (“participating units”) identified in the Plan document.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“Rollover contributions”).

Prior to June 1, 2009, participants received dollar-for-dollar “Company Matching Contribution” on participants’ employee contributions up to a maximum of 6% of their eligible compensation. Effective June 1, 2009, the “Company Matching Contribution” was changed to 50% of participants’ employee contributions up to a maximum of 6% of their eligible compensation. Company Matching Contributions consist of common stock of Cooper Industries, Ltd (“Cooper Stock”).

In addition to the Company Matching Contribution described in the preceding paragraph, certain eligible participants also receive a 3% “Company Retirement Contribution,” which is calculated each pay period based upon their annual compensation. The Company Retirement Contribution is invested the same as the participants’ deferrals.

All employer contributions were suspended on July 1, 2009 and resumed on October 1, 2009.

Participants direct the investment of their contributions into various investment options offered by the Plan. All investment options except for the Cooper Stock Fund, the Money Market Fund, and the Stable Value Fund invest in units of one or more Vanguard mutual funds. Participants may also elect to make transfers in whole dollar amounts of their Company Matching Contributions invested in the Cooper Stock Fund to one or more of the Funds at any time. Effective June 10, 2008, participants may also elect to move these transferred Company Matching Contributions in whole percentages back into the Cooper Stock Fund at any time.

Participant Accounts

Each participant account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit

Cooper Retirement Savings and Stock Ownership Plan

Notes to Financial Statements

to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Voting Rights

Each participant and beneficiary who owns shares of Cooper Stock in the Plan is a named fiduciary with the power and responsibility to exercise voting rights attributable to the shares allocated to their account. Each participant and beneficiary is notified by the Company prior to the time that such rights are to be exercised. The trustee is required to vote any allocated shares for which instructions have not been given by a named fiduciary in the same proportion to the total number of shares of Company Stock in the Plan for which instructions are received.

Vesting

Participants are vested immediately in their contributions and Company Matching Contributions, plus actual earnings thereon. Vesting in the Company Retirement Contribution is based on years of continuous service. A participant is 100 percent vested after five years of credited service. The nonvested balance on a participant's account is forfeited upon termination of service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. Participants may have up to two loans outstanding at any time, each with a maximum term of five years except for a loan obtained for purchase of principal residence for which the maximum term is ten years. The loans are secured by the balance in the participant's account and bear interest at fixed rates, which are commensurate with local prevailing rates as determined by the plan administrator.

Payment of Benefits

The Plan provides benefits for eligible participants upon retirement, death, termination, or permanent disability according to the form of payment elected by the participant within the limitations defined in the Plan. Any distributions, other than distributions from Cooper Stock, are made in the form of cash. Distributions of Cooper Stock are made in whole shares upon request of a participant and only if the distribution is in an amount of at least 100 whole shares.

Forfeited Accounts

At December 31, 2010 and 2009, forfeited nonvested accounts totaled \$2,503,598 and \$1,194,228, respectively. These accounts will be used to reduce future employer contributions or administrative expenses. During 2010, employer contributions and administrative expenses were reduced by \$12,934 and \$5,231 from forfeited nonvested accounts, respectively.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits paid directly to participants are recorded when paid.

Reclassifications

Certain reclassifications have been made to the 2009 financial statements to conform to the 2010 financial statement presentation. These reclassifications had no effect on changes in net assets available for benefits.

Notes to Financial Statements

December 31, 2010 and 2009

Management's Review of Subsequent Events

In preparing the accompanying financial statements, Plan management has reviewed all known events that have occurred after December 31, 2010, and through September 16, 2011, for inclusion in the financial statements and footnotes.

New Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board, or FASB, issued Accounting Standards Update No. 2010-06, *Fair Value Measurements and Disclosures*, or ASU No. 2010-06, which amends Accounting Standards Codification Subtopic No. 820-10, or ASC 820, relating to fair value measurements, adding new disclosure requirements for Levels 1 and 2, separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 measurements and clarification of existing fair value disclosures. A portion of ASU No. 2010-06 requiring expanded disclosure of activity for Level 3 assets and liabilities will be effective for fiscal years beginning after December 15, 2010.

In September 2010, the FASB issued guidance clarifying the classification and measurement of participant loans by defined contribution pension plans. Participant loans are required to be classified as notes receivable from participants (rather than investments) and measured at their unpaid principal balance, plus any accrued but unpaid interest. The guidance, which must be applied retrospectively, is effective for fiscal years after December 15, 2010 with early adoption permitted. The Plan adopted this guidance and has reclassified participant loans from investments to notes receivable from participants. Net assets available for benefits of the Plan were not affected by the adoption of the new guidance.

Note 3: Investments

The following table presents the Plan's investments. Investments that represent 5% or more of total plan net assets in either year are separately identified.

*Amounts were not over 5% in 2010, but presented for comparative purposes.

Cooper Retirement Savings and Stock Ownership Plan

Notes to Financial Statements

December 31, 2010 and 2009

During the year ended 2010, the Plan's investments (including gains and losses on investments bought, sold and held during the year) appreciated in value by \$146,437,903, as follows:

Registered investment companies (mutual funds)	\$ 50,299,472
Common/collective trusts	8,543,307
Employer stock	<u>87,595,124</u>
	<u>\$ 146,437,903</u>

Interest and dividends realized on the Plan's investments for the year ended December 31, 2010 were \$10,608,216.

During 2010 and 2009, the Plan held an interest in the Diversified Investment Advisors Stable Value Fund (SVF). The SVF invests in actively managed structured investment contracts ("SICs"). The SVF can invest in guaranteed investment contracts ("GICs") which are promises by a bank or insurance company to repay principal plus accrued income at contract maturity subject to the creditworthiness of the issuer. A bank or insurance company issues a wrapper contract for each GIC or SIC that allows participant-directed transactions to be made at contract value. Wrapper contracts are valued as the difference between the fair values of the assets supporting the GICs and SICs, and contract value. Assets supporting the SICs are comprised of U.S. government and agency bonds and notes, and unit investments in collective bond funds. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a 90 day redemption notice to liquidate its entire share in the fund.

Certain events limit the ability of the Plan to transact at contract value with the wrap issuer. However, the Plan's management is not aware of the occurrence or likely occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants. The issuer may terminate a wrap contract for cause at any time.

For the years ended December 31, 2010 and 2009, the average annual yield for the investment contracts in the SVF were 3.54% and 3.60%, respectively. The average yields earned by the Plan for all wrap contracts held by the Plan's common/collective trust funds based on the actual interest rates credited to participants were approximately 3.33% and 3.37% for the years ended December 31, 2010 and 2009, respectively.

Note 4: Fair Value Measurements

FASB ASC 820 *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities.

Cooper Retirement Savings and Stock Ownership Plan

Notes to Financial Statements

December 31, 2010 and 2009

Level 2

Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for the substantially the full term of the financial instrument.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Interest bearing cash: Valued at cost, which approximates fair value.

Common/collective trust: Valued at the net asset value of the shares held by the Plan at year-end, which is based on the fair value of the underlying investments using information reported by the investment advisor at year-end.

Stable Value Fund: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Cooper Retirement Savings and Stock Ownership Plan

Notes to Financial Statements

December 31, 2010 and 2009

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

	2010	2009
Level 1:		
Mutual funds:		
Large Blend	\$ 328,596,157	\$ 331,436,814
Mid-Cap Blend	98,533,956	87,224,610

Total assets at fair value	<u>\$ 1,027,602,387</u>	<u>\$ 1,093,574,959</u>

Note 5: Party-In-Interest Transactions

Certain plan investments are managed by Diversified Investment Advisors, which is the recordkeeper of the Plan. Therefore, these transactions qualify as party-in-interest transactions allowable under ERISA regulations.

Note 6: Plan Tax Status

The Plan obtained its latest determination letter on July 12, 2000, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

Note 7: Plan Transfers

Cooper Tools, Inc., an affiliate of the Plan Sponsor, was converted to a limited liability company and renamed Cooper Tools, LLC effective May 1, 2010 and was subsequently spun off to a new entity known as Apex Tool Group, LLC effective July 4, 2010. As part of such spin-off, the portion of the Plan representing the interests of the eligible employees of Cooper Tools, LLC was spun off into a mirror plan established by Cooper Tools, LLC. During 2010, there were asset transfers from the Plan to Cooper Tools Retirement and Savings Plan in the amount of \$165,849,053.
