1. DESCRIPTION OF PLAN:

The following description of the National Youth Advocate Program ("Company") 401(k) Safe Harbor Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers substantially all employees of the Company who have attained age 21 and completed twelve months of service and 1,000 hours. Employees whose employment is governed by a collective bargaining agreement and non-resident aliens are excluded from the Plans. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees who have met the Plan's eligibility requirements will become participants on January 1 or July 1 following completion of these requirements.

Basis of accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation as defined in the Plan agreement. Participants who have attained age 50 prior to the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company will make an employer safe harbor contribution equal to 100% of the first 3% and an additional 50% of the next 2% of pretax annual compensation that a participant contributes to the Plan. Participants direct the investment of the contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings and (c) forfeitures from discretionary contributions and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vesting in Company matching contributions.

Payment of benefits

Participants or their beneficiaries are entitled to receive 100% of their contributions and related earnings and vested Company contributions and related earnings, upon normal retirement, termination, death, or disability. A participant's vested account balance shall be distributed as a lump sum amount.

Forfeiture accounts

At December 31, 2010 and 2009, forfeited nonvested accounts totaled \$21,869 and \$21,867, respectively. These accounts will be used to reduce future Company contributions or pay Plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefit

Benefits are recorded when paid.

Administrative expenses

Administrative expenses of the Plan are paid by the Plan's Sponsor, as provided in the Plan Document. If not paid by the Plan's Sponsor, administrative expenses become a liability of the Plan. Investment income is stated net of investment fees.

Subsequent events

The plan has evaluated subsequent events through October 12, 2011, the date the financial statements were available to be issued.

3. INVESTMENTS:

The following presents investments that represent 5% or more of the plan's net assets available for benefits at December 31:

	<u>2010</u>	<u>2009</u>
Interest bearing cash:		
Oppenheimer Cash Reserves	\$ 473,769	397,748
Mutual funds:		
Oppenheimer Global Strategic Income Fund	886,760	708,713
American Funds Growth Fund of America	795,917	617,389
American Funds Investment Companies of America	692,479	534,842
Oppenheimer Global Fund	634,231	517,672
American Funds Income Fund of America	470,782	378,935
Oppenheimer Main Street Small and Mid Cap Fund	298,067	224,662

During 2010, the Plan's investment in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated by \$423,763.

4. INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS:

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the custodians as of and for the years ended December 31:

	<u>2010</u>	<u>2009</u>
Mutual funds	\$ 4,556,991	3,570,046
Interest bearing cash	473,769	397,748
Interest	97,021	
Net appreciation in investments	423,762	

5. FAIR VALUE MEASUREMENT:

Financial Accounting Standards Board (FASB) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

<u>Assets at fair value as of December 31, 2010</u>

6. RELATED PARTY TRANSACTIONS:

Certain plan investments are shares of mutual funds and interest bearing cash managed by OFI Trust Company, the Plan custodian, and therefore, these transactions qualify as party-in-interest transactions.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. TAX STATUS:

The Plan adopted a prototype non-standardized Safe Harbor profit sharing plan with CODA, which received a favorable opinion letter from the Internal Revenue Service on September 13, 2001. The opinion letter stated that the Plan and related trust are designated in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or assets) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

9. RISKS AND UNCERTAINTIES:

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Raymond James Form 5500 Schedule C Disclosure

Raymond James may receive payments from mutual fund companies to provide mutual fund information to financial advisors, to assist mutual fund companies with strategic planning support, and to provide opportunities for assisting with professional development workshops, study groups, and other events and conferences. Raymond James also provides distribution support for prospectuses and promotional materials relating to these companies' mutual funds and for including their funds on the Raymond James sales system. The amounts of such payments, which may consist of both asset-based and sales-based components, vary by mutual fund company and the agreement in effect between Raymond James and the particular mutual fund company. The payments received from mutual fund companies are typically calculated as a percentage of the average daily net asset value of the companies' funds held by clients together with the dollar value of fund sales of during the period. The asset-based percentage rate varies based on the total value of fund assets held by Raymond James clients and the sales-based percentage is generally a fixed percentage established per the contracts with various mutual fund companies. The payments are generally made from the resources of the mutual fund company and not from any fund's return on investment.

A general description of these payments paid by a particular mutual fund company can be found in the mutual fund company's prospectus under the section titled "Payments to Financial Intermediaries" and in the mutual fund company's "Statement of Additional Information." Information about the payment rates and which mutual fund companies participate in the Raymond James education and marketing support program can be found on the Raymond James public web site at:
