Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

REPORT OF INDEPENDENT AUDITORS

To the Retirement Committee of the Board of Directors
The Barton Group 401(k) Plan

We have audited the accompanying statements of net assets available for benefits of the The Barton Group 401(k) Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Barton Group 401(k) Plan as of December 31, 2010 and 2009, and the changes in its net assets available for benefits for the year ended December 31, 2010 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule, Schedule H, Line 4(i) – Schedule of Assets Held (at End of Year), referred to as the "supplemental schedule" is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

REPORT OF INDEPENDENT AUDITORS

To the Retirement Committee of the Board of Directors
The Barton Group 401(k) Plan

We have audited the accompanying statements of net assets available for benefits of the The Barton Group 401(k) Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Barton Group 401(k) Plan as of December 31, 2010 and 2009, and the changes in its net assets available for benefits for the year ended December 31, 2010 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule, Schedule H, Line 4(i) – Schedule of Assets Held (at End of Year), referred to as the "supplemental schedule" is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of The Barton Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, sponsored by Barton Mines Corporation, is a defined contribution plan covering substantially all employees of Barton Mines Corporation, Barton Mines Company, LLC, Barton International, Inc. and Virginia Abrasives Corporation (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Substantially all employees of the Company are eligible to participate in the Plan upon employment. Employees are eligible to receive the safe harbor contribution after their one year anniversary.

Contributions

The Plan allows employees to make pre-tax contributions, subject to certain limitations, under the Internal Revenue Code (IRC). Each participant in the Plan may defer the maximum percentage of their compensation and dollar amount permissible under the IRC as a basic contribution to the Plan. The Company makes a matching contribution for each participant's basic contribution, determined as follows:

Years of Service with Company	Matching Contributions
Less than three years	$.25 for each $1.00 deposited to the participant's basic contribution account.
Three but less than five years	$.50 for each $1.00 deposited to the participant's basic contribution account.
Five or more years	$1.00 for each $1.00 deposited to the participant's basic contribution account.

Matching contributions are limited to six percent of a participant's compensation.

Further, the Company reserves the right to make a non-elective safe harbor contribution equal to three percent of the participant's compensation.

Effective on January 1, 2010, the Company discontinued the safe harbor contribution and instead the company may make a non-elective, profit-sharing contribution at its discretion. The eligible employees for the profit-sharing contribution must have a minimum of 1,000 hours of credited service in the plan year and be employed on the last day of the plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) investment income (losses), and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Forfeited Accounts

Forfeitures of matching contributions by terminated participants are used to reduce the Company's matching contribution (see "Vesting" below).

Vesting

Participants are immediately vested in their basic contributions, plus actual earnings thereon. Participants become 100% vested in the Company's matching contributions under the following circumstances:

- death or disability of participant;
- if the Plan is completely terminated or if all contributions are completely discontinued;
- if participation ceases due to a partial termination of the Plan; and
- when a participant attains their sixty-fifth birthday or their early retirement date.

Except as otherwise stated above, participants' vested interest in matching contributions are as follows:

Years of Service	Vested Percentage
After 1 year but less than 3 years	20%
After 3 years but less than 4 years	40%
After 4 years but less than 5 years	60%
After 5 years but less than 6 years	80%
After 6 years	100%

Effective January 1, 2010, the profit-sharing contribution follows the above vesting schedule.

A participant of the Plan who terminates service with the Company forfeits the nonvested portion of matching contributions.

Investment Options

The Plan offers participants the option to choose from a diversified portfolio of pooled separate accounts, guaranteed investment accounts and mutual funds. The investments are managed by Massachusetts Mutual Life Insurance Company (MassMutual) under a service agreement.

Participant Loans

A participant may apply for a loan from the Plan limited to the lesser of one-half the participant's vested accrued benefit or $50,000 reduced by the excess, if any, of the highest outstanding balance of the participant's loan for a one-year period prior to the loan over the outstanding balance of the participant's loan on the date on which the loan is made. The loan will be administered on a uniform and non-discriminatory basis. The maximum loan term shall be five years unless the loan is used to purchase a primary residence and then a reasonable period of time, not to exceed thirty years, is to be used as the term. The loans are collateralized by the balance in the participant's account and bear a fixed interest rate of prime plus 1%. Principal and interest are paid ratably through payroll deductions. At December 31, 2010 and 2009, participant loans totaled $654,519 and $568,444 respectively, with interest rates ranging from 4.25% to 10.50%.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant whose benefit is more than $5,000, may elect to receive either (a)a single lump-sum payment; (b) installments over a period of not more than the participant's life expectancy or (c) partial withdrawals. For participants who terminate service for other reasons, or who have balances of $5,000 or less, the value of the vested interest in the account will be made as a lump-sum distribution.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of its investments includes realized gains or losses on investments bought and sold during the year as well as unrealized appreciation (depreciation) on investments currently held.

Notes receivable from participants are measured at their unpaid balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Investment contract values held by defined contribution plans are required to be reported at fair value. However, contract value is the relevant measurement for the portion of net assets available for benefits attributable to a fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the guaranteed investment contract (fixed interest fund) as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Payment of Benefits

Benefits are recognized when paid.

Administrative Expenses

The Company pays the costs of administration of the Plan, with the exception of investment advisor, management, and trustee fees.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

The plan has evaluated subsequent events through October 7, 2011, the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS

Plan investments consist of shares of pooled separate accounts, guaranteed interest accounts and mutual funds managed by Massachusetts Mutual Life Insurance Company (MassMutual). State Street Bank and Trust Company is the trustee of the Plan. The following table represents investments at December 31, 2010 and 2009. Investments that represent 5% or more of the Plan's net assets are separately identified (*).

NOTE 3 – INVESTMENTS (Continued)

The Plan's pooled separate accounts, guaranteed investment account, and other investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,594,963, $162,272, and $12,416, respectively, for the Plan year ended December 31, 2010.

FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodology used at December 31, 2010 and 2009:

Pooled separate accounts: Unit value calculated based on the observable NAV of the underlying investment.

Guaranteed investment contract: Liquidation value based on actuarial formula as defined under the terms of the contract.

Mutual funds: Net asset value (NAV) of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – INVESTMENTS (Continued)

The following table presents the fair value hierarchy for the Company's financial assets and liabilities measured at fair value on a recurring basis as of December 31, 2010 and 2009:

	Assets at Fair Value as of December 31, 2010

NOTE 3 – INVESTMENTS (Continued)

Guaranteed Investment Account

The Plan maintains a guaranteed investment account which is a benefit-responsive investment contract with MassMutual (fixed interest fund). MassMutual maintains the contributions in a general asset account which is guaranteed by MassMutual's claims paying ability. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value ($3,537,432 and $3,273,986 at December 31, 2010 and 2009, respectively) represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment account issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed on a semi-annual basis for resetting. The average yield based on actual earnings for the contract for the years ended December 31, 2010 and 2009 was 4.53% and 4.26%, respectively. The average crediting interest rate to participants for the contract as of December 31, 2010 and 2009 was 4.53% and 4.26%, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from the Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of a termination, participants will become 100 percent vested in all of their accounts.

NOTE 5 – TAX STATUS

The Plan obtained its latest determination letter on October 5, 2004, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the IRC. Although the plan has been amended since receiving the determination letter, the plan administrator believes that the plan is designed and is currently operating in accordance with the applicable requirements of the IRC.

NOTE 5 – TAX STATUS (Continued)

The Plan administrator has analyzed the tax positions taken by the Plan as required by generally accepted accounting principles, and has concluded that as of December 31, 2010, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is not subject to income tax examinations for years prior to 2007.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 – RELATED-PARTY TRANSACTIONS

Certain plan investments are managed by Mass Mutual. Mass Mutual is the investment manager as defined by the plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for the investment management services amounted to $5,640 for the year ended December 31, 2010.
