## Report of Independent Auditors

The Trustees of  
Tri-ed Distribution 401(k) Plan

We were engaged to audit the accompanying statement of net assets available for benefits of Tri-ed Distribution 401(k) Plan as of December 31, 2010, and the related statement of changes in net assets available for benefits for the year then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management. Other auditors were engaged to audit the statement of net assets available for benefits of Tri-ed Distribution 401(k) Plan as of December 31, 2009. Their report dated October 1, 2010, disclaimed an opinion on that financial statement as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 4 as of and for the year ended December 31, 2010, which was certified by Capital Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule as of and for the year ended December 31, 2010, taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

# Tri-Ed Distribution 401(k) Plan

## Notes to Financial Statements

December 31, 2010

### **1. Description of the Plan**

The following description of the Tri-ed Distribution 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

#### **General**

The Plan is a defined contribution plan which was established June 1, 2005, under Internal Revenue Code Section 401(k) that covers all eligible employees of Tri-ed Distribution, Inc. (“Employer” or “Company”) that have completed three months of service and attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

#### **Contributions**

The Plan is funded by participant and employer contributions. Eligible employees may elect to make contributions up to 75% of eligible compensation up to the maximum allowable under the Internal Revenue Code. The Employer matches 100% of employee contributions up to a maximum of 4% of eligible participants’ compensation, as defined. Participants direct the investment of their contributions into various investment options offered by the Plan.

#### **Participant Accounts**

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contribution and Plan earnings and charged with an allocation of administrative expenses.

#### **Vesting**

Participants immediately vest 100% in the employer and their own contributions, plus actual earnings thereon.

Notes to Financial Statements (continued)

**1. Description of the Plan (continued)**

**Notes Receivable from Participants**

Pursuant to the Plan agreement, the Plan makes loans up to a maximum of 50% of the participant's account balance or \$50,000, whichever is less. The terms of the loans range from 2 – 5 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined at the time of the loan application to the Plan administrator. Outstanding loans had interest rates which ranged from 4.25% to 9.25%. Principal and interest are paid ratably through bi-weekly payroll deductions.

**Payment of Benefits**

Upon termination of service, a participant receives a lump-sum distribution in the amount of the participant's account.

**Administrative Expenses**

Certain administrative expenses of the Plan are paid by the Employer without charge to the Plan.

**Plan Termination**

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions and terminate the Plan at any time subject to the provisions of ERISA.

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting.

### Notes to Financial Statements (continued)

#### **2. Summary of Significant Accounting Policies (continued)**

##### **Investment Valuation and Income/Deduction Recognition**

The Plan's investment fund options are maintained by American Funds, an affiliate of the trustee of the Plan. The Plan's investments are stated at fair value. Quoted market prices are used to value investments in registered investment companies. Net appreciation in fair value of investments includes unrealized and realized gains or losses. Participant loans are valued at their amortized costs, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Benefits are recorded when paid.

##### **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

##### **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

##### **New Accounting Pronouncements**

In January 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements*, (ASU 2010-06). ASU 2010-06 amended ASC 820 to clarify certain existing fair value disclosures and require a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and

### Notes to Financial Statements (continued)

#### 2. Summary of Significant Accounting Policies (continued)

liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2 and 3 of the fair value hierarchy and present information regarding the purchases, sales, issuances and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 is effective for reporting periods beginning after December 15, 2009. Since ASU 2010-06 only affects fair value measurement disclosures, adoption of ASU 2010-06 did not have an effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

In September 2010, the FASB issued ASU 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*. ASU 2010-25 requires participant loans to be measured at their unpaid principal balance plus any accrued by unpaid interest and classified as notes receivable from participants. Previously loans were measured at fair value and classified as investments. ASU 2010-25 is effective for fiscal years ending after December 15, 2010 and is required to be applied retrospectively. Adoption of ASU 2010-25 did not change the value of participant loans from the amount previously reported as of December 31, 2009. Participant loans have been reclassified to notes receivable from participants as of December 31, 2009.

#### 3. Tax Status

The underlying standardized prototype plan has received an opinion letter from the Internal Revenue Service dated March 21, 2005, stating that the written form of the underlying prototype document is qualified under Section 401(a) of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits,

#### 3. Tax Status (continued)

to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

#### 4. Investment Fund Information

American Funds Services Company, an affiliate of Capital Bank and Trust Company, the trustee of the Plan, holds the Plan's investment assets and executes transactions thereon. Financial information relating to those assets is included in the accompanying financial statements based on information provided by the trustee. That information consists of substantially all of the Plan's assets as of December 31, 2010 and 2009 and investment income for the year ended December 31, 2010. The Plan administrator has obtained a certification from the trustee that such information is complete and accurate.

Upon enrollment in the Plan, a participant may direct contributions to their accounts among several fund investments. The investing objectives of each fund have been made available to the participants.

The following table identifies investments which represent 5% or more of the net assets available for benefits:

#### 5. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Tri-Ed Distribution 401(k) Plan  
Notes to Financial Statements (continued)

**5. Fair Value Measurements (continued)**

- Level 2 – Inputs to the valuation methodology include
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Mutual funds* valued at the net asset value (NAV) of shares held by the plan at year end.

*Participant loans*: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
