Report of Independent Certified Public Accountants

To the Plan Administrative Committee of
Flint Hills Resources Chemicals Cash Balance Pension Plan:

We were engaged to audit the financial statements of **Flint Hills Resources Chemicals Cash Balance Pension Plan** (the Plan) as of December 31, 2010 and 2009, and for the years then ended, as listed in the accompanying table of contents. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Bank of New York Mellon/BNY Mellon, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America as established by the American Institute of Certified Public Accountants and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1 Description of the Plan

The following description of the Flint Hills Resources Chemicals Cash Balance Pension Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory cash balance defined benefit pension plan sponsored by Flint Hills Resources, LP (the Company) covering eligible employees who have attained age 21, have completed one year of service and are members of the United Steelworkers of America International Union, Local No. 2-004, the International Brotherhood of Electrical Workers (AFL-CIO), Local 390, or the United Steelworkers of America International Union Local No. 4-23. The trustee of the Plan, Bank of New York Mellon/BNY Mellon Bank, N.A. (the trustee), together with the Koch Industries, Inc. Investment Committee, manages the Plan's investment assets. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Pension Benefits

Under the provisions of the Plan a hypothetical cash balance is calculated for each participant representing the individual's accrued retirement benefit. Each participant's hypothetical account is increased each year by a percentage multiplied by the participant's compensation, as defined in the Plan document. The percentage is based upon the sum of the participant's age and years of service at the beginning of the Plan year, as follows:

Age plus years of service	Percentage of Compensation
Under 30	4.00%
30 but less than 40	5.50%
40 but less than 50	7.00%
50 but less than 60	8.00%
60 but less than 70	9.00%
70 but less than 80	10.50%
Over 80	12.00%

Each participant's years of service at previous employer Huntsman Chemical Corporation (Huntsman) are counted toward years of service in the Plan. The participant's hypothetical account is also increased by interest at a rate of not less than 5%.

Vesting

Participants are 100% vested upon completion of three years of credited service.

Retirement Benefit Options

In general, the Plan provides for normal retirement benefits upon reaching age 65 and has provisions for early retirement, late retirement, disability, or death benefits.

A participant's benefit upon retirement, disability or death is equal to or based on the participant's hypothetical cash balance account. Retirement benefits may be paid as a single cash payment or an annuity.

Funding Policy

The Company makes contributions to the Plan based on the funding recommendations of the Plan's independent consulting actuary to meet the minimum requirements under ERISA. The Plan was in compliance with applicable ERISA funding requirements for 2010 and 2009.

2 Summary of Significant Accounting Policies**Basis of Accounting**

The accompanying financial statements are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, disclosures of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investment in the Koch Industries, Inc. Defined Benefit Master Trust (Koch Industries Master Trust) is stated at fair value (Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 4).

Investments held by the master trust that are traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year. Investments in preferred stocks, preferred debt instruments, other debt securities, and cash equivalents are valued based on yields available on comparable securities. Investments in common trust funds are based on quoted redemption values on the last business day of the Plan year, as determined by the trustee of the Plan. Investments in limited partnerships are valued at appraised values at the end of the Plan year as reported by the partnerships' respective general partners and the trustee of the Plan. Appraised values are developed using various modeling techniques, including, but not limited to, the strong correlation of the underlying security to one or more broad-based securities market indices and/or other financial instruments. Other investments consist primarily of synthetic equity options that are indexed to specific equity market benchmarks and are valued based upon observable market data. Investments in derivative instruments are marked to market daily based on quoted prices or widely accepted models that use readily observable market parameters as their basis. Amounts owed or due on open derivative contracts are recorded as receivables or payables to the master trust. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment related expenses of the master trust, such as trustee and investment manager fees, are paid by the master trust and are netted against (added to) net investment gain (loss) from the master trust.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses include PBGC premiums, record keeping, legal, and other administration fees directly incurred by the Plan. Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits.

Subsequent Events

The Plan administrator has evaluated subsequent events through October 7, 2011, the date the financial statements were available to be issued.

Recently Issued Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2010-06 – *Improving Disclosures about Fair Value Measurements*. ASU 2010-06 requires new disclosures on the amount and reason for transfers in and out of Level 1 and 2 recurring fair value measurements. The standard also requires disclosure of activities, on a gross basis, including purchases, sales, issuances, and settlements, in the reconciliation of Level 3 fair value recurring measurements. The standard clarifies existing disclosure requirements on levels of disaggregation and disclosures about inputs and valuation techniques. The new disclosures regarding Level 1 and 2 fair value measurements and clarification of existing disclosures are effective for periods beginning after December 15, 2009. Since the new standard only amends the disclosure requirements, its adoption did not impact the Plan's statement of net assets available for benefits or statement of changes in net assets available for benefits. The additional disclosures regarding the reconciliation of information in Level 3 recurring fair value measurements are required for periods beginning after December 15, 2010 and will be included in the Plan's December 31, 2011 financial statements.

3 Financial Information of Master Trust

The Koch Industries Master Trust was established for the collective investment of the assets of participating employee benefit plans of Koch Industries, Inc. and certain of its subsidiaries. Fund assets are allocated among participating plans by assigning to each plan those transactions (primarily contributions, benefit payments, and specific administrative expenses) which can be specifically identified. Income and expenses resulting from the collective investment of the assets are allocated (on a monthly or daily basis) in proportion to the fair value of the assets assigned to each plan.

The assets of the Koch Industries Master Trust are accounted for on a units-of-participation basis. At December 31, 2010 and 2009, the Plan held 3,232,324 and 2,247,224 units of the Koch Industries Master Trust with an individual unit estimated fair value of \$1.000, respectively. The Plan's unit holdings at December 31, 2010 and 2009 had fair values of \$3,232,324 and \$2,247,224, respectively, which represented approximately 0.1% and 0.1% of the net assets of the Koch Industries Master Trust.

The trustee of the Plan has certified the completeness and accuracy of substantially all investments reflected in the accompanying statements of net assets available for benefits and substantially all of the related investment activity reflected in the statements of changes in net assets available for benefits of the Plan. The net assets of the Koch Industries Master Trust certified as complete and accurate by the trustee totaled \$4,701,751,628 and \$4,154,754,207 at December 31, 2010 and 2009, respectively. Net investment gain (loss) of the Koch Industries Master Trust certified as complete and accurate by the trustee totaled \$497,846,759 and \$668,013,251, and excluded \$45,187,649 and \$19,819,517 of net investment gain related to certain investments in limited partnerships and investment expenses for the years ended December 31, 2010 and 2009, respectively. The Plan's independent auditors have not audited investment information certified by the trustee of the Plan.

A summary of the net assets of the Koch Industries Master Trust is as follows:

Net appreciation in fair value of investments	\$ 540,367,478	\$ 656,665,030

The Koch Industries Master Trust's overall strategy is to provide investment diversification to minimize risk and maximize long-term investment returns while maintaining sufficient liquidity. As a part of this strategy, the master trust holds certain investments that have redemption restrictions, future funding commitments, and other requirements that vary by individual investment. Redemption restrictions are generally short term with the exception of certain limited partnership investments, of which funds frequently cannot be withdrawn for the life of the investment. At December 31, 2010 and 2009, the Koch Industries Master Trust had noncancelable commitments to make future investments in certain limited partnerships totaling \$95,432,192 and \$145,097,732, respectively. The commitments mature at various dates designated by the respective fund agreements.

At December 31, 2010 and 2009, the Koch Industries Master Trust held \$432,193,973 and \$152,140,758, respectively, of collective trust funds managed by Bank of New York Mellon/BNY Mellon, N.A. In addition, fees paid by the Koch Industries Master Trust to the trustee, or an affiliate thereof, for trustee and investment management services approximated \$258,000 and \$649,000 for the years ended December 31, 2010 and 2009, respectively. Transactions with Bank of New York Mellon/BNY Mellon, N.A., qualify as party-in-interest transactions.

During 2010 and 2009 the Koch Industries Master Trust invested in a limited number of derivative financial instruments. Certain investment managers were allowed to use derivatives for such strategies as portfolio structuring, return enhancement, and hedging against deterioration of investment holdings from market and interest rate changes. Derivatives are also used as a hedge against foreign currency fluctuations. Derivative instruments included equity index, government and money market forwards and futures, credit default swaps, as well as interest rate swaps and options. The resulting fair value changes of derivative instruments were included in the net (depreciation) appreciation in fair value of investments. Derivate positions held at December 31, 2010 and 2009 were not material and the use of derivative instruments was not believed to materially increase the credit or market risk of the master trust's investments.

4 Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methods described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2010 and 2009.

The following table sets forth by level, within the fair value hierarchy, a summary of the Koch Industries Master Trust's investment assets at fair value as of December 31, 2010.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2010, there were no significant transfers in or out of levels 1, 2 or 3.

5 Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the services rendered by the employees to the valuation date. The actuarial present value of accumulated plan benefits is determined by the Plan's actuary and is the amount that results from applying actuarial assumptions to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The actuarial present value of accumulated plan benefits is presented based on a beginning-of-year benefit information date.

The significant actuarial assumptions used in the December 31, 2009 valuation are as follows:

Method of valuation	Unit credit actuarial cost method
Investment rate of return	8.50%
Mortality	RP-2000 projected with Scale AA to 2010, no collar
Average retirement age	62

A summary of accumulated plan benefits is as follows:

December 31	2009
Vested benefits:	
Participants currently receiving payments	\$ 29,994
Other participants	1,357,069
Nonvested benefits	240,188
Total	\$ 1,627,251

The changes in the actuarial present value of accumulated plan benefits consist of the following:

For the year ended December 31	2009
Actuarial present value of accumulated plan benefits, beginning of year	\$ 969,509
Increase for interest due to the decrease in the discount period	70,080
Benefits paid	(71,502)
Assumption changes	(149,452)
Benefits accumulated and other changes	808,616
Actuarial present value of accumulated plan benefits, end of year	\$ 1,627,251

The assumed investment rate of return used in the December 31, 2008 valuation (7.50%) was increased 1.0% in the December 31, 2009 valuation (8.50%) based on the historical results and long term investment strategy of the Koch Investment Master Trust. In addition, certain other actuarial assumptions were revised during 2009.

The Plan was amended during 2010 to make certain clarifications and to update various Plan provisions to comply with recent changes in laws. The information presented for accumulated plan benefits does not reflect such amendments, but the effects, if any, will be reflected in the December 31, 2010 valuation.

The actuary has determined that the minimum annual contributions from the Company for the years ended December 31, 2010 and 2009 were \$927,464 and \$874,280, respectively. For the years ended December 31, 2010 and 2009, the Company's contribution met the ERISA minimum funding requirements.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

6 Related-Party Transactions

Certain Plan investments are managed by the trustee and therefore, these transactions qualify as party-in-interest transactions.

7 Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Benefits attributable to employee contributions, taking into account those paid out before termination.
- b. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan.
- c. Other vested benefits insured by the PBGC up to the application limitations discussed below.
- d. Vested benefits not insured by the PBGC.
- e. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal retirement age benefits, early retirement benefits and certain disability and survivor benefits. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations, and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

8 Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated October 11, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrative committee and the Plan's tax counsel believe that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

9 Risks and Uncertainties

The Plan through the Koch Industries Master Trust invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan through the Koch Industries Master Trust invests in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income (loss) of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Aspect of Valuation	Old	New
Valuation Interest Rate	The full corporate bond yield January 2009 (based on bond yields during December 2009)	The full corporate bond yield January 2010 (based on bond yields during December 2010)

In accordance with 1.430(d)-1(g)(3)(ii)(A), automatic approval has been granted for the first plan year for which all the provisions of 1.430(d)-1, 1.430(f)-1, 1.430(g)-1, 1.430(i)-1, and 1.436-1 are reflected of any changes to funding methods permitted by the Pension Protection Act. 2010 is the first plan year for which all of these provisions were reflected, and thus all funding method changes are automatically approved.

The valuation software used to produce the actuarial information submitted on this schedule has been refined to reflect evolving understanding of PPA requirements, and such modifications may be considered to be a method change. The percentage changes in funding target, target normal cost and plan assets due to the refinements in the software are each less than 2% (disregarding the effects of any changes that are automatically approved under final IRC 430 regulations), and the modifications to the software were designed to produce results no less accurate than the results produced by the software prior to the change. Therefore the change in funding method due to a change in valuation software receives automatic approval under IRS Announcement 2010-3.

Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

Use Form 5558 to apply for a one-time extension of time to file the Form 5500 series (Form 5500, Annual Return/Report of Employee Benefit Plan; Form 5500-SF, Short Form Annual Return/Report of Small Employee Benefit Plan; Form 5500-EZ, Annual Return of One-Participant (Owners and Their Spouses) Retirement Plan); Form 8955-SSA, Annual Registration Statement Identifying Separated Participants With Deferred Vested Benefits; or Form 5330, Return of Excise Taxes Related to Employee Benefit Plans.

An extension of time to file does not extend the time to pay the tax due. Any tax due must be paid with this application for an extension of time to file Form 5330. Additionally, interest is charged on taxes not paid by the due date even if an extension of time to file is granted.

Where To File

File Form 5558 with the Department of the Treasury, Internal Revenue Service Center, Ogden, UT 84201-0045.

Private delivery services. You can use certain private delivery services designated by the IRS to meet the "timely mailing treated as timely filing/paying" rule for tax returns and payments. If you use a private delivery service designated by the IRS (rather than the U.S. Postal Service) to send your return, the postmark date generally is the date the private delivery service records in its database or marks on the mailing label. The private delivery service can tell you how to get written proof of this date.

The following are designated private delivery services:

- DHL Express (DHL): DHL Same Day Service.
- Federal Express (FedEx): FedEx Priority Overnight, FedEx Standard Overnight, FedEx 2 Day, FedEx International Priority, and FedEx International First.
- United Parcel Service (UPS): UPS Next Day Air, UPS Next Day Air Saver, UPS 2nd Day Air, UPS 2nd Day Air A.M., UPS Worldwide Express Plus, and UPS Worldwide Express.

Private delivery services cannot deliver items to P.O. boxes. You must use the U.S. Postal Service to mail any item to an IRS P.O. box address.

Specific Instructions

Part I. Identification

A. Name and Address

Enter your name and address in the heading if you are requesting an extension of time to file the Form 5500, Form 5500-SF, Form 5500-EZ and/or Form 8955-SSA or Form 5330.

The sponsor (generally, the employer for a single-employer plan) or plan administrator listed on the application should be the same as the plan sponsor or plan administrator listed on the annual return/report filed for the plan.

Include the suite, room, or other unit number after the street address. If the Post Office does not deliver mail to the street address and you have a P.O. box, show the box number instead of the street address.

If the entity's address is outside the United States or its possessions, or territories, enter in the space for city or town, state, and ZIP code, the information in the following order: city, province or state, and country. Follow the country's practice for entering the postal code. Do not abbreviate the country name.

If your mailing address has changed since you filed your last return, use Form 8822, Change of Address, to notify the IRS of the change. A new address shown on Form 5558 will not update your record.

B. Filer's Identifying Number

Employer identification number (EIN).

Enter the nine-digit EIN assigned to the employer for all applications filed for the Form 5500 series (Form 5500, Form 5500-SF, Form 5500-EZ) and/or Form 8955-SSA. Also enter the EIN for applications filed for Form 5330 (see *Social security number (SSN)* next for exceptions).

If the employer does not have an EIN, the employer must apply for one. An EIN can be applied for:

- Online by clicking the Online EIN Application link at IRS.gov. The EIN is issued immediately once the application information is validated.
- By telephone at 1-800-829-4933.
- By fax using the FAX-TIN numbers for your state listed in the Instructions for Form SS-4.
- Employers who do not have an EIN may apply for one by attaching a completed Form SS-4, Application for Employer Identification Number, to this form.

The online application process is not yet available for corporations with addresses in foreign countries.

Social security number (SSN). If you made excess contributions to a section 403(b)(7)(A) custodial account or you are a disqualified person other than an employer, and you are applying for an extension of time to file Form 5330, enter your SSN. Do not enter your SSN for Form 5500, Form 5500-SF, Form 5500-EZ, or Form 8955-SSA.

C. Plan Information

Complete the entire table (plan name, plan number, and plan year ending) for all plans included on this Form 5558.

Part II. Extension of Time To File Form 5500 Series and/or Form 8955-SSA

Use Form 5558 to apply for a one-time extension of time to file the Form 5500 series (Form 5500, Form 5500-SF, Form 5500-EZ) and/or Form 8955-SSA. Do not use Form 5558 to extend the due date of Form 8955-SSA for the 2009 and 2010 plan years if the 2010 plan year ends before April 1, 2011. Such returns already have an extended due date until January 17, 2012.

Do not include the Form 5500 series (Form 5500, Form 5500-SF, Form 5500-EZ) or the Form 8955-SSA with this form.

Exception: Form 5500, Form 5500-SF, Form 5500-EZ, and Form 8955-SSA filers are automatically granted extensions of time to file until the extended due date of the federal income tax return of the employer (and are not required to file Form 5558) if both of the following conditions are met: (1) the plan year and the employer's tax year are the same; and (2) the employer has been granted an extension of time to file its federal income tax return to a date later than the normal due date for filing the Form 5500, Form 5500-SF, Form 5500-EZ, or Form 8955-SSA. An extension granted under this exception cannot be extended further by filing a Form 5558 after the normal due date of the Form 5500, Form 5500-SF, Form 5500-EZ, or Form 8955-SSA.

An extension of time to file a Form 5500, Form 5500-SF, Form 5500-EZ, and/or Form 8955-SSA does not operate as an extension of time to file the PBGC Form 1.

How to file. In general, a separate Form 5558 is used for each return for which you are requesting an extension. However, if the employer maintains more than one single employer plan and the plan years end on the same date, you may file a single Form 5558 to apply for extensions to file Forms 5500, Forms 5500-SF, Forms 5500-EZ, and/or Forms 8955-SSA for up to three of these plans. For example, if the employer maintains a defined benefit plan, a money purchase plan, and a profit-sharing plan (all of which are single employer plans), you may apply for extensions to file Form 5500 and Form 8955-SSA for all of these plans by filing a single Form 5558.

When to file. To request an extension of time to file Form 5500, Form 5500-SF, Form 5500-EZ, and/or Form 8955-SSA, file Form 5558 on or before the return/report's normal due date. The normal due date is the date the Form 5500, Form 5500-SF, Form 5500-EZ, and/or Form 8955-SSA would otherwise be due, without extension.

Applications for extension of time to file Form 5500, Form 5500-SF, Form 5500-EZ, and/or Form 8955-SSA that are filed on or before the return/report's normal due date on a properly completed Form 5558 will be automatically approved to the date that is no later than the 15th day of the third month after the return/report's normal due date.

Note. If the filing date falls on a Saturday, Sunday, or a legal holiday, the return may be filed on the next day that is not a Saturday, Sunday, or a legal holiday.

Approved copies of Form 5558 requesting an extension to file Form 5500, Form 5500-SF, Form 5500-EZ, and/or Form 8955-SSA will not be returned to the filer from the IRS.

Line 1. Enter on line 1 the due date for which you are requesting to file Form 5500, Form 5500-SF, or Form 5500-EZ. This date should not be later than the 15th day of the third month after the normal due date of the return/report.

When using Form 5558 to request an extension of time to file Form 5500, Form 5500-SF, or Form 5500-EZ, plan sponsors or plan administrators are not required to sign the form. If Form 5558 is timely filed and complete, you will be granted an extension not later than the 15th day of the third month after the return/report's normal due date to file Form 5500, Form 5500-SF, or Form 5500-EZ.

Line 2. Enter on line 2 the due date for which you are requesting to file Form 8955-SSA. This date should not be later than the 15th day of the third month after the normal due date of the return.

When using Form 5558 to request an extension of time to file Form 8955-SSA, plan sponsors or plan administrators are required to sign the form. If Form 5558 is timely filed and complete, you will be granted an extension not later than the 15th day of the third month after the return's normal due date to file Form 8955-SSA.

If you are filing separate Forms 8955-SSA for the 2009 and 2010 plan years, you may use a single Form 5558 to extend the filing date for both years. In that case, enter the plan year ending date for the 2010 plan year in Part I. The filing date for the 2009 and 2010 Forms 8955-SSA will be extended to the date entered on line 2.

Part III. Extension of Time To File Form 5330

File one Form 5558 to request an extension of time to file Form 5330 for excise taxes with the same filing due date. For specific information on excise tax due dates, see the Instructions for Form 5330.

Note. The IRS will no longer return stamped copies of the Form 5558 to filers who request an extension of time to file a Form 5330. Instead you will receive a computer generated notice to inform you if your extension is approved or denied. Because of this change, we ask you to attach a photocopy of this notice to your Form 5330.

When to file. To request an extension of time to file Form 5330, file Form 5558 in sufficient time for the IRS to consider and act on it before the return's normal due date.

The normal due date is the date the Form 5330 would otherwise be due, without extension.

Line 3. On line 3, enter the requested due date. If your application for extension of time to file Form 5330 is approved, you may be granted an extension of up to 6 months after the normal due date of Form 5330.

Line 3a. Indicate the section(s) for the excise tax for which you are requesting an extension.

Line 3b. Enter the amount of tax estimated to be due with Form 5330 and attach your payment to this form.

Make your check or money order payable to the "United States Treasury." Do not send cash. On all checks or money orders, write your name, filer's identifying number (EIN or SSN), plan number, Form 5330 section number, and the tax year to which the payment applies.

If you changed your mailing address after you filed your last return, use Form 8822 to notify the IRS of the change. You can get Form 8822 by calling 1-800-829-3676 or you can access the IRS website at IRS.gov 24 hours a day, 7 days a week.

Line 4. The IRS will grant a reasonable extension of time (not to exceed 6 months) for filing Form 5330 if you file a timely application showing that you are unable to file Form 5330 because of circumstances beyond your control. Clearly describe these circumstances. Generally, an application will be considered on the basis of your own efforts to fulfill this filing responsibility, rather than the convenience of anyone providing help in preparing the return. However, consideration will be given to any circumstances that prevent your practitioner, for reasons beyond his or her control, from filing the return by the normal due date, and to circumstances in which you are unable to get needed professional help in spite of timely efforts to do so.

If we grant you an extension of time to file Form 5330 and later find that the statements made on this form are false or misleading, the extension will be null and void. A late filing penalty associated with the form for which you filed this extension will be charged.

Signature

If you are filing Form 5558 for an extension to file Form 5330 and/or Form 8955-SSA, the form must be signed. The person who signs this form may be a plan administrator, employer, plan sponsor, or any other individual or authorized representative required to sign the Form 5330 and/or Form 8955-SSA.

Privacy Act and Paperwork Reduction Act Notice

We ask for the information on this form to carry out the Internal Revenue laws of the United States and the Employee Retirement Income Security Act of 1974 (ERISA). We need it to determine if you are entitled to an extension of time to file Form 5500, Form 5500-SF, Form 5500-EZ, and/or Form 8955-SSA, or Form 5330. If you want an extension, section 6081 requires you to provide the information. Section 6109 requires you to provide your taxpayer identification number (SSN or EIN). Failure to provide this information may delay or prevent processing your request; providing false information may subject you to penalties.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential as required by section 6103.

However, section 6103 allows or requires the Internal Revenue Service to disclose this information to others. We may disclose to the Department of Justice for civil or criminal litigation, to the Department of Labor and the Pension Benefit Guaranty Corporation for the administration of ERISA, and to cities, states, the District of Columbia, and U.S. commonwealths or possessions to carry out their tax laws. We may also disclose the information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

The time needed to complete and file this form will vary depending on individual circumstances. The estimated average time: 24 minutes.

If you have comments concerning the accuracy of this time estimate or suggestions for making this form simpler, we would be happy to hear from you. You can write to the Internal Revenue Service, Tax Products Coordinating Committee, SE:W:CAR:MP:T:T:SP, 1111 Constitution Ave., NW, IR-6526, Washington, DC 20224. Do not send the tax form to this address. Instead, see *Where To File*.
