Notes to financial statements

1 Description of the Plan

The following description of the Flint Hills Resources Chemicals Money Purchase Pension Plan (the Plan) provides only general information. Participants should refer to the plan document for more complete information.

General

The Plan is a defined contribution pension plan covering certain groups of union employees of Flint Hills Resources LP (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was established on August 1, 2007.

J.P. Morgan Chase Bank, N.A. (J.P. Morgan) was the trustee and recordkeeper of the Plan through September 30, 2009. Effective October 1, 2009, the plan administrator amended and restated the Plan and appointed Hewitt Associates LLC (Hewitt) as plan recordkeeper. There were no significant amendments to plan provisions. Also effective October 1, 2009, the plan administrator appointed The Bank of New York Mellon/BNY Mellon, N.A. (BNY Mellon) as trustee of the Plan. The plan administrator transferred Plan assets into investment funds at BNY Mellon comparable to those offered by J.P. Morgan. BNY Mellon holds all investment assets of the Plan in the Koch Companies Defined Contribution Master Trust (Master Trust).

Eligibility

Employees of the Company who are members of the following participating groups: United Steelworkers of America International Union, Local No. 2-004, the International Brotherhood of Electrical Workers (AFL-CIO), Local 2286, or the United Steelworkers of America International Union, Local No. 13-423, are eligible to participate in the Plan.

Contributions and Vesting

Each union has its own collective bargaining agreement. The agreements include varying levels of employer contributions by years of service. The Plan does not allow for participant contributions.

Each participant's years of service with Huntsman Chemical Corporation is recognized for contribution purposes under this Plan. Participants are immediately vested in the Company's contributions.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's share of the Plan's earnings (losses) and the Company's contributions. Allocation of earnings (losses) and administrative expenses are based on relative account balances and the participant's investment elections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Withdrawals and Terminations

Withdrawals from participant accounts may be made due to termination of employment or disability. Upon occurrence of one of these events, the Plan will distribute the participant's account balance through the purchase of an annuity contract or, upon election of the participant, in a lump sum payment or in monthly installment payouts not to exceed 240 months.

2 Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment gain (loss) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Reporting of Guaranteed Investment Contracts

Investment contracts held by a defined contribution plan are reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Master Trust invests in a Stable Value Fund that holds fully benefit-responsive guaranteed investment contracts. The Statements of Net Assets Available for Benefits as of December 31, 2010 and 2009, presents the fair value of the Plan's interest in the Stable Value Fund as well as the adjustment of the fully benefit-responsive guaranteed investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

In September 2009, the Financial Accounting Standards Board (FASB) issued guidance to amend the existing requirements in FASB *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, to measure the fair value of investments in certain entities that do not have a quoted market price but calculate net asset value (NAV) per share or its equivalent. As a practical expedient, the amendments permit, but do not require, the Plan to measure the fair value of an investment in an investee within the scope of the amendments based on the investee's NAV per share or its equivalent. As a result of applying the practical expedient, the fair value of the Plan's investments in its stable value fund is determined based on the NAV.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of the Plan are paid by the Company and are not included in the Statement of changes in net assets available for benefits.

Subsequent Events

The plan administrator has evaluated subsequent events through September 22, 2011, the date the financial statements were available to be issued.

3 Investment in Master Trust

The Plan's interest in the net assets of the Master Trust was approximately 0.04% and 0.04% at December 31, 2010 and 2009, respectively. Investment income of the Master Trust is allocated to individual plans based on average daily balances invested by each plan.

As described in Note 2, the Master Trust invests in a Stable Value Fund that holds fully benefit-responsive guaranteed investment contracts. The following table presents the net assets of the Master Trust including the fair value of the Stable Value Fund as well as the adjustment of the fully benefit-responsive guaranteed investment contracts from fair value to contract value:

4 Stable Value Fund

The Master Trust holds investments in synthetic guaranteed investment contracts (GICs) and other assets as part of the Stable Value Fund.

A synthetic GIC, also known as a wrapper contract, is an investment contract issued by an insurance company or other financial institutions designed to provide a contract value wrapper around a portfolio of bonds or other fixed income securities that are owned by the fund.

The fair value of each synthetic GIC contract is calculated based on the fair value of the investments underlying the contract, which are valued using the market approach. The fair value of each synthetic GIC wrapper is calculated using the replacement cost approach by discounting the difference between indicative replacement cost and the current annual fee multiplied by the contract value times the duration of the contract.

The contract value of synthetic GICs represents contributions made under the contract and reinvested income, less any withdrawals plus accrued income. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are currently no reserves against contract values for credit risk of the contract issuers or otherwise.

The synthetic GICs provide a fixed return on principal over a specified period of time through fully benefit responsive contracts or wrapper contracts issued by a third party which are backed by underlying assets owned by the Stable Value Fund. The portfolio of assets underlying the synthetic GICs includes collective trust funds, U.S. government and agency securities, municipal bonds, and corporate notes and bonds.

The crediting interest rates for the synthetic GICs are calculated on a quarterly basis (or more frequently, if necessary) using the contract value, and the market value, yield and duration of the underlying securities, but cannot be less than zero. The crediting interest rate of the Stable Value Fund was 2.42% and 2.56% at December 31, 2010 and 2009, respectively.

The relationship of future crediting rates and the adjustment to contract value reported on the statement of net assets available for benefits is provided through the mechanism of the crediting rate formula. The difference between the contract value and the fair market value of the investment of each contract is periodically amortized into each contract's crediting rate. The amortization factor is calculated by dividing the difference between the fair market value of the investment and the contract value by the duration of the bond portfolio covered by the investment contract.

Key factors that could influence future average interest crediting rates include but are not limited to: Plan cash flows, changes in interest rates, total return performance of the fair market value bond strategies underlying each synthetic GIC contract, default or credit failures of any of the securities, investment contracts, or other investments held in the fund, and the initiation of an extended termination of one or more synthetic GIC contract by the manager or the contract issuer.

The average market value yield of the Stable Value Fund was 2.74% for 2010 (calculated by taking the average of the quarterly market value weighted yields of the investments). The average yield earned by the Stable Value Fund that reflects the actual interest credited to participants was 2.42% for 2010 (calculated by dividing annualized earnings credited to participants by the market value of the Stable Value Fund).

There are certain events not initiated by the Plan participants that could limit the ability of the Plan to transact with the issuer of a synthetic GIC at its contract value. Specific coverage provided by each synthetic GIC may be different from each issuer, and can be found in the individual synthetic GIC contracts held by the Plan. Examples of such events include but are not limited to: the Plan's failure to qualify under the Code; full or partial termination of the Plan; involuntary termination of employment as a result of a corporate merger, divestiture, spin-off or other significant business restructuring, which may include early retirement incentives or bankruptcy; changes to the administration of the Plan which decreases employee or employer contributions, the establishment of a competing Plan by the plan sponsor, the introduction of a competing investment option or other plan amendment that has not been approved by the contract issuers; dissemination of a participant communication that is designed to induce participants to transfer assets from the Stable Value Fund; and events resulting in a material and adverse financial impact on the contract issuer, including changes in the tax code, laws or regulations.

The plan administrator does not believe that the occurrence of any of the aforementioned events, which will limit the Plan's ability to transact with the issuer of a GIC at its contract value with participants, is probable.

5 Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end.

Collective trust funds: are valued based on the year-end unit value as determined by the issuer by dividing the fair values of the total net assets of the fund at year-end by the outstanding units. The fair value of the total net assets is determined by the nature of the fund's underlying investments.

Stable value fund: Valued at fair value measured as the net asset value (NAV) per unit based on the fair value of the underlying investments, which include synthetic investment contracts (See Note 4).

The preceding valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, a summary of Master Trust investments at fair value as of December 31, 2010 and 2009:

December 31, 2010	Level 1	Level 2	Level 3	Total

Total investments at fair value	$ 423,194,541	$ 3,840,695,044	$ -	$ 4,263,889,585

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2010, there were no significant transfers in or out of levels 1, 2 or 3.

6 Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of New York Mellon/BNY Mellon, N.A., the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2010 and 2009.
- Net investment gain as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2010.

7 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

9 Income Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated August 11, 2011 that the Plan and the related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrative committee believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

10 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts balances and the amounts reported in the statements of net assets available for benefit.

11 Related-party Transactions

During the year ended December 31, 2010, the Koch Companies Defined Contribution Master Trust paid $378,747 in fees to BNY Mellon, the trustee on behalf of the participants.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

Use Form 5558 to apply for a one-time extension of time to file the Form 5500 series (Form 5500, Annual Return/Report of Employee Benefit Plan; Form 5500-SF, Short Form Annual Return/Report of Small Employee Benefit Plan; Form 5500-EZ, Annual Return of One-Participant (Owners and Their Spouses) Retirement Plan); Form 8955-SSA, Annual Registration Statement Identifying Separated Participants With Deferred Vested Benefits; or Form 5330, Return of Excise Taxes Related to Employee Benefit Plans.

An extension of time to file does not extend the time to pay the tax due. Any tax due must be paid with this application for an extension of time to file Form 5330. Additionally, interest is charged on taxes not paid by the due date even if an extension of time to file is granted.

Where To File

File Form 5558 with the Department of the Treasury, Internal Revenue Service Center, Ogden, UT 84201-0045.

Private delivery services. You can use certain private delivery services designated by the IRS to meet the "timely mailing treated as timely filing/paying" rule for tax returns and payments. If you use a private delivery service designated by the IRS (rather than the U.S. Postal Service) to send your return, the postmark date generally is the date the private delivery service records in its database or marks on the mailing label. The private delivery service can tell you how to get written proof of this date.

The following are designated private delivery services:

• DHL Express (DHL): DHL Same Day Service.

• Federal Express (FedEx): FedEx Priority Overnight, FedEx Standard Overnight, FedEx 2 Day, FedEx International Priority, and FedEx International First.

• United Parcel Service (UPS): UPS Next Day Air, UPS Next Day Air Saver, UPS 2nd Day Air, UPS 2nd Day Air A.M., UPS Worldwide Express Plus, and UPS Worldwide Express.

Private delivery services cannot deliver items to P.O. boxes. You must use the U.S. Postal Service to mail any item to an IRS P.O. box address.

Specific Instructions

Part I. Identification

A. Name and Address

Enter your name and address in the heading if you are requesting an extension of time to file the Form 5500, Form 5500-SF, Form 5500-EZ and/or Form 8955-SSA or Form 5330.

The sponsor (generally, the employer for a single-employer plan) or plan administrator listed on the application should be the same as the plan sponsor or plan administrator listed on the annual return/report filed for the plan.

Include the suite, room, or other unit number after the street address. If the Post Office does not deliver mail to the street address and you have a P.O. box, show the box number instead of the street address.

If the entity's address is outside the United States or its possessions, or territories, enter in the space for city or town, state, and ZIP code, the information in the following order: city, province or state, and country. Follow the country's practice for entering the postal code. Do not abbreviate the country name.

If your mailing address has changed since you filed your last return, use Form 8822, Change of Address, to notify the IRS of the change. A new address shown on Form 5558 will not update your record.

B. Filer's Identifying Number

Employer identification number (EIN). Enter the nine-digit EIN assigned to the employer for all applications filed for the Form 5500 series (Form 5500, Form 5500-SF, Form 5500-EZ) and/or Form 8955-SSA. Also enter the EIN for applications filed for Form 5330 (see *Social security number (SSN)* next for exceptions).

If the employer does not have an EIN, the employer must apply for one. An EIN can be applied for:

• Online by clicking the Online EIN Application link at IRS.gov. The EIN is issued immediately once the application information is validated.

• By telephone at 1-800-829-4933.

• By fax using the FAX-TIN numbers for your state listed in the Instructions for Form SS-4.

• Employers who do not have an EIN may apply for one by attaching a completed Form SS-4, Application for Employer Identification Number, to this form.

The online application process is not yet available for corporations with addresses in foreign countries.

Social security number (SSN). If you made excess contributions to a section 403(b)(7)(A) custodial account or you are a disqualified person other than an employer, and you are applying for an extension of time to file Form 5330, enter your SSN. Do not enter your SSN for Form 5500, Form 5500-SF, Form 5500-EZ, or Form 8955-SSA.

C. Plan Information

Complete the entire table (plan name, plan number, and plan year ending) for all plans included on this Form 5558.

Part II. Extension of Time To File Form 5500 Series and/or Form 8955-SSA

Use Form 5558 to apply for a one-time extension of time to file the Form 5500 series (Form 5500, Form 5500-SF, Form 5500-EZ) and/or Form 8955-SSA. Do not use Form 5558 to extend the due date of Form 8955-SSA for the 2009 and 2010 plan years if the 2010 plan year ends before April 1, 2011. Such returns already have an extended due date until January 17, 2012.

Do not include the Form 5500 series (Form 5500, Form 5500-SF, Form 5500-EZ) or the Form 8955-SSA with this form.

Exception: Form 5500, Form 5500-SF, Form 5500-EZ, and Form 8955-SSA filers are automatically granted extensions of time to file until the extended due date of the federal income tax return of the employer (and are not required to file Form 5558) if both of the following conditions are met: (1) the plan year and the employer's tax year are the same; and (2) the employer has been granted an extension of time to file its federal income tax return to a date later than the normal due date for filing the Form 5500, Form 5500-SF, Form 5500-EZ, or Form 8955-SSA. An extension granted under this exception cannot be extended further by filing a Form 5558 after the normal due date of the Form 5500, Form 5500-SF, Form 5500-EZ, or Form 8955-SSA.

An extension of time to file a Form 5500, Form 5500-SF, Form 5500-EZ, and/or Form 8955-SSA does not operate as an extension of time to file the PBGC Form 1.

How to file. In general, a separate Form 5558 is used for each return for which you are requesting an extension. However, if the employer maintains more than one single employer plan and the plan years end on the same date, you may file a single Form 5558 to apply for extensions to file Forms 5500, Forms 5500-SF, Forms 5500-EZ, and/or Forms 8955-SSA for up to three of these plans. For example, if the employer maintains a defined benefit plan, a money purchase plan, and a profit-sharing plan (all of which are single employer plans), you may apply for extensions to file Form 5500 and Form 8955-SSA for all of these plans by filing a single Form 5558.

When to file. To request an extension of time to file Form 5500, Form 5500-SF, Form 5500-EZ, and/or Form 8955-SSA, file Form 5558 on or before the return/report's normal due date. The normal due date is the date the Form 5500, Form 5500-SF, Form 5500-EZ, and/or Form 8955-SSA would otherwise be due, without extension.

Applications for extension of time to file Form 5500, Form 5500-SF, Form 5500-EZ, and/or Form 8955-SSA that are filed on or before the return/report's normal due date on a properly completed Form 5558 will be automatically approved to the date that is no later than the 15th day of the third month after the return/report's normal due date.

Note. If the filing date falls on a Saturday, Sunday, or a legal holiday, the return may be filed on the next day that is not a Saturday, Sunday, or a legal holiday.

Approved copies of Form 5558 requesting an extension to file Form 5500, Form 5500-SF, Form 5500-EZ, and/or Form 8955-SSA will not be returned to the filer from the IRS.

Line 1. Enter on line 1 the due date for which you are requesting to file Form 5500, Form 5500-SF, or Form 5500-EZ. This date should not be later than the 15th day of the third month after the normal due date of the return/report.

When using Form 5558 to request an extension of time to file Form 5500, Form 5500-SF, or Form 5500-EZ, plan sponsors or plan administrators are not required to sign the form. If Form 5558 is timely filed and complete, you will be granted an extension not later than the 15th day of the third month after the return/report's normal due date to file Form 5500, Form 5500-SF, or Form 5500-EZ.

Line 2. Enter on line 2 the due date for which you are requesting to file Form 8955-SSA. This date should not be later than the 15th day of the third month after the normal due date of the return.

When using Form 5558 to request an extension of time to file Form 8955-SSA, plan sponsors or plan administrators are required to sign the form. If Form 5558 is timely filed and complete, you will be granted an extension not later than the 15th day of the third month after the return's normal due date to file Form 8955-SSA.

If you are filing separate Forms 8955-SSA for the 2009 and 2010 plan years, you may use a single Form 5558 to extend the filing date for both years. In that case, enter the plan year ending date for the 2010 plan year in Part I. The filing date for the 2009 and 2010 Forms 8955-SSA will be extended to the date entered on line 2.

Part III. Extension of Time To File Form 5330

File one Form 5558 to request an extension of time to file Form 5330 for excise taxes with the same filing due date. For specific information on excise tax due dates, see the Instructions for Form 5330.

Note. The IRS will no longer return stamped copies of the Form 5558 to filers who request an extension of time to file a Form 5330. Instead you will receive a computer generated notice to inform you if your extension is approved or denied. Because of this change, we ask you to attach a photocopy of this notice to your Form 5330.

When to file. To request an extension of time to file Form 5330, file Form 5558 in sufficient time for the IRS to consider and act on it before the return's normal due date.

The normal due date is the date the Form 5330 would otherwise be due, without extension.

Line 3. On line 3, enter the requested due date. If your application for extension of time to file Form 5330 is approved, you may be granted an extension of up to 6 months after the normal due date of Form 5330.

Line 3a. Indicate the section(s) for the excise tax for which you are requesting an extension.

Line 3b. Enter the amount of tax estimated to be due with Form 5330 and attach your payment to this form.

Make your check or money order payable to the "United States Treasury." Do not send cash. On all checks or money orders, write your name, filer's identifying number (EIN or SSN), plan number, Form 5330 section number, and the tax year to which the payment applies.

If you changed your mailing address after you filed your last return, use Form 8822 to notify the IRS of the change. You can get Form 8822 by calling 1-800-829-3676 or you can access the IRS website at IRS.gov 24 hours a day, 7 days a week.

Line 4. The IRS will grant a reasonable extension of time (not to exceed 6 months) for filing Form 5330 if you file a timely application showing that you are unable to file Form 5330 because of circumstances beyond your control. Clearly describe these circumstances. Generally, an application will be considered on the basis of your own efforts to fulfill this filing responsibility, rather than the convenience of anyone providing help in preparing the return. However, consideration will be given to any circumstances that prevent your practitioner, for reasons beyond his or her control, from filing the return by the normal due date, and to circumstances in which you are unable to get needed professional help in spite of timely efforts to do so.

If we grant you an extension of time to file Form 5330 and later find that the statements made on this form are false or misleading, the extension will be null and void. A late filing penalty associated with the form for which you filed this extension will be charged.
