INDEPENDENT AUDITORS' REPORT

Interstate Optical Company, Inc.
Mansfield, Ohio

We were engaged to audit the accompanying statement of net assets available for benefits (modified cash basis) of the Interstate Optical Company, Inc. Profit Sharing Plan & Trust as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits (modified cash basis) and the supplemental schedules as of and for the year ended December 31, 2010. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Mid Atlantic Trust Company, the custodian of the Plan's assets, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

As described in Note 1, these financial statements and supplemental schedules were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES:-

The accompanying financial statements and supplemental schedules of Interstate Optical Company, Inc. Profit Sharing Plan & Trust (the Plan) have been prepared on the modified cash basis and present assets available for benefits and changes in those assets. The Plan commenced on January 1, 1996. The significant accounting policies that comprise this basis are:

- a. **Valuation of investments** - Investments are stated at fair market value as of December 31, 2010 and 2009. Market values as determined by Mid Atlantic Trust Company, Plan Custodian, are obtained from various market value quotations. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the fiscal year. Securities not traded on a national securities exchange, if any, are valued by an independent third party. Realized and unrealized gains and losses are reflected in the statements of changes in assets available for benefits.
- b. **Assets held in trust** - Mid Atlantic Trust Company, Plan Custodian, has certified the accuracy and completeness of all assets at December 31, 2010 and 2009, as well as the transactions involving the plan assets for the year ended December 31, 2010, and has reported to the Administrator of the Plan, Interstate Optical Company, Inc., the trust fund investment activity and holdings at both cost and current value. The services provided by the Custodian include holding title to and safekeeping of all assets, collecting income, processing corporate actions as well as asset pricing and reporting.
- c. **Administrative expenses** - Administrative expenses are paid by the Plan.
- d. **Contributions** - Contributions are recognized as income in the period earned.
- e. **Pension benefits** - Pension benefits are recognized as deductions when benefits are paid.
- f. **Income** - Interest and dividend income is recognized when received.
- g. **Estimates** - The preparation of financial statements in conformity with the modified cash basis of accounting may require the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 2 - DESCRIPTION OF THE PLAN:-

The Plan is a defined contribution plan covering all employees (except for key employees as defined in the Plan documents) that have met the service requirements. The Plan is subject to the Employees Retirement Income Security Act of 1974.

Participants are able to contribute to the Plan during each plan year a percentage of their received compensation not to exceed \$16,500, or up to \$22,000 for employees age 50 or older. All amounts contributed by a participant shall be credited to each individual's Participant Contributions Account and shall be fully vested and nonforfeitable at all times.

MANSFIELD, OHIO
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 2 - DESCRIPTION OF THE PLAN:- (continued)

If the participant meets certain Plan criteria, the Plan Sponsor, Interstate Optical Company, Inc., can make a discretionary matching contribution. For the 2010 and 2009 Plan year, the matching contribution amount has been equal to twenty-five percent of employee contributions up to 6% of the participant's gross wages. The employer matching contributions vest on a graded vesting schedule with 100% vesting after six years of service.

Upon termination of employment, the Plan participants are entitled to receive their vested contributions. Any non-vested portions of the participant's account will be forfeited to the Plan and may be used to reduce any future Plan Sponsor's contributions to the Plan. The forfeiture account at December 31, 2010 and 2009 was \$3,647 and \$1,438, respectively.

Although it has not expressed an intention to do so, the employer has the right under the Plan to alter or amend the Plan in whole or in part, provided that no such change shall in any way affect the vesting rights of the employees under this Plan. Additionally, the employer has the right to terminate the Plan upon which each participant becomes fully vested as of the termination date, regardless of the participant's actual vesting percentage at the date of termination.

The foregoing description of the Plan provides only general information. Employees, their beneficiaries, and advisors should refer to the full Adoption Agreement (or the Summary Plan Description) for a more complete description of the Plan's provision.

NOTE 3 - FAIR VALUE MEASUREMENTS:-

Effective January 1, 2009, the Plan adopted the Accounting Standards Codification (ASC) No. 820, Fair Value Measurements. ASC No. 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC No. 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - FAIR VALUE MEASUREMENTS:- (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Shares of registered investment companies: Valued at the net asset value ("NAV") of shares held by the plan at year end.

Interest bearing cash: Valued at the net asset value ("NAV") of shares held by the plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

Assets at Fair Value as of December 31, 2010				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment accounts	\$ 2,663,272	\$ 0	\$ 0	\$ 2,663,272

Total assets at fair value	<u>\$ 2,788,562</u>	<u>\$ 0</u>	<u>\$ 96,934</u>	<u>\$ 2,885,496</u>

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009:

NOTE 4 - INCOME TAX STATUS:-

The Plan obtained a determination letter on February 23, 2004, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.
