These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 5*, which was certified by Principal Life Insurance Company, the Custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Custodian as of and for the period ended December 6, 2010 and as of and for the year ended December 31, 2009, that the information provided to the Plan administrator by the Custodian is complete and accurate.

As further discussed in *Note 1* and *Note 8*, the Plan was terminated effective December 6, 2010 by the Company's Board of Directors.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. VAUGHN CONSTRUCTION 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 6, 2010 AND DECEMBER 31, 2009

NOTE 1 – DESCRIPTION OF PLAN

The Vaughn Construction 401(k) Savings Plan (the “Plan”) is a defined contribution 401(k) profit sharing plan adopted by J.T. Vaughn Enterprises, Inc. and J.T. Vaughn Construction, LLC (collectively the “Company”) on January 1, 1998. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was amended and restated effective July 14, 2009.

Effective December 6, 2010, the Plan was terminated and no further contributions from participants of the Company were accepted. All Plan assets were transferred into another plan.

The summary of significant provisions of the Plan presented below provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

- A. Eligibility – Employees may join the Plan as an active participant for purposes of 401(k) elective deferral contributions on the January 1 or July 1 on or after they become an eligible employee. For purposes of contributions other than 401(k) elective deferral contributions, eligible employees may become an active participant on the January 1 or July 1 on or after they complete one (1) year of entry service and have attained age twenty-one (21) or older.
- B. Contributions – Participants may make contributions to the Plan as pre-tax 401(k) elective deferral contributions, not to exceed a dollar limit which is set by law. Participants may change their elective deferrals on January 1 or July 1. They may stop their elective deferrals at any time. Participants may make catch up contributions in a taxable year if they will be at least age fifty (50) by the end of that year. Participants may also rollover an amount from other qualified plans or traditional individual retirement accounts (“IRA”) to the Plan as rollover contributions.

The Company may make a matching contribution. Matching contributions are calculated based on a participant’s pay and 401(k) elective deferrals for the Plan year and are made for all participants who are eligible for a matching contribution. A participant is eligible for a matching contribution on any December 31, if they are an active participant on that date and have 1,000 or more hours of service in the Plan year. For the 2010 Plan year, the matching contribution was equal to fifty percent (50%) of a participant’s annual contribution, not to exceed five percent (5%) of their annual salary.

In addition, the Company may make a discretionary contribution each Plan year in an amount to be determined by the Company. The amount will be divided among participants eligible for a share on December 31. A participant is eligible for the discretionary contribution if they are an active participant on that date and have 1,000 or more hours of service in the Plan year. For the 2010 Plan year, the Company did not make any discretionary contributions.

VAUGHN CONSTRUCTION 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 6, 2010 AND DECEMBER 31, 2009

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

- C. Participant Accounts – Each participant's account is credited with the participant's contributions, rollovers, employer contributions, and Plan earnings or losses. Participant accounts may also be charged with an allocation of certain administrative expenses. A participant's account is segregated for purposes of determining the earnings or losses on investments. A participant's account does not share in the investment performance of other participants who have directed their own investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- D. Vesting – Participants are always one hundred percent (100%) vested in their contributions and rollovers plus actual Plan earnings or losses thereon. Vesting in the employer contribution portion of their accounts plus actual earnings or losses thereon is based on years of service. A participant becomes one hundred percent (100%) vested after six (6) years of credited service. Upon reaching the normal retirement age, death or disability, the participant will become fully vested in the employer contributions.
- E. Investment Options – Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan offered a guaranteed investment contract and various mutual funds in pooled separate accounts as investment options for its participants. Participants may exchange or transfer money between their investment choices at any time.
- F. Notes Receivable from Participants – Loans are available under the Plan. Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum of \$50,000, reduced by any outstanding loan balance during the prior one-year period, or fifty percent (50%) of their vested account balance, whichever is less. The participant's vested account will provide the security for the loan and the interest rate will be based on the rates available for similar loans from commercial lending institutions. Principal and interest payments are paid ratably through payroll deductions and are due at least quarterly. The repayment period will not be longer than five (5) years.
- G. Payment of Benefits – Benefit payments may be made upon death, disability, normal retirement or termination of employment. If a participant's vested account is \$5,000 or less, then the participant's vested account will be paid in a single sum. If a participant's vested account is more than \$5,000, then the participant may choose to have their vested account paid under any of the optional forms available under the Plan. The Plan currently offers annuity options or a single sum payment as forms of benefit payments.

Participants may withdraw all or any part of their vested account resulting from rollover contributions. If a participant is age fifty-nine and one-half (59½) or older, they may withdraw all or any part of their vested account at any time. If a participant has a financial hardship, they may be able to withdraw all or any part of their vested account, if they satisfy certain immediate and heavy financial needs.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 6, 2010 AND DECEMBER 31, 2009

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

- H. Administrative Expenses – Certain expenses directly related to operation the Plan may be paid from Plan assets. Also, specific fees may be charged directly to a participant's account in response to transactions they requested under the Plan. Plan expenses include investment management fees, general administration and recordkeeping expenses, and per-use fees.
- I. Forfeited Accounts – The non-vested portion of a terminated participant's account balance remains in the Plan as a forfeiture. Forfeitures may first be used to pay Plan expenses. Any forfeitures left after paying Plan expenses are reallocated among participants. At December 31, 2009, forfeited accounts totaled \$15,847. In 2010, administrative expenses paid by the Plan were reduced by \$17,503 from forfeited accounts, \$8,851 was reallocated to participants, and \$8,314 was transferred to another plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Company to make estimates and assumptions in determining the reported amount of assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from Plan assets during the reporting period. Actual results could differ from those estimates.

C. Recent Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2010-06, *Improving Disclosures About Fair Value Measurements*. ASU 2010-06 amends the FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*. This amendment requires new disclosures on the value of and the reasons for transfers in and out of Levels 1 and 2 of the fair value hierarchy and additional disclosures about purchases, sales, issuances and settlements within Level 3 fair value measurements. ASU 2010-06 also clarifies existing disclosure requirements on levels of disaggregation and about input and valuation techniques. This is effective for fiscal years beginning after December 15, 2010.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Recent Accounting Pronouncements (Continued)

In September 2010, the FASB issued ASU 2010-25, *Reporting Loans to Participants by Defined Contribution Plans*. ASU 2010-25 amends the FASB ASC Topic 962-325, which required most investments held by a plan, including participant loans, to be presented at fair value. This amendment requires that participant loans be classified as notes receivables from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This is effective for fiscal years ending after December 15, 2010.

D. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Net appreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation or depreciation of investments held at year-end. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis.

E. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

F. Benefits Paid

Benefits are recorded when paid. There were no amounts requested by participants but not yet paid as of December 6, 2010.

G. Subsequent Events

Subsequent events have been evaluated through October 12, 2011, the date these financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

FASB ASC 820 provides the framework for measuring fair value. That framework provides a three-level fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Quoted prices in active markets for identical assets or liabilities.
- Level 2 – Inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts: Valued at the net asset value of shares held by the Plan at year-end.

Guaranteed Investment Contract: Fair value represents the amount the Company would receive if they terminated the contract at the reporting date which is book value less an early withdrawal charge.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	December 31, 2009

There were no significant transfers between Level 1 and Level 2 investments during the year ended December 31, 2009.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets:

	Guaranteed Investment Contract
Balance, beginning of year	\$ 466,990

Purchases, sales, issuances, and settlements, net	(3,929)

NOTE 4 – GUARANTEED INVESTMENT CONTRACT

Principal Life Insurance Company (the "Custodian") offers a guaranteed interest account that provides a guaranteed interest rate for a specified period of time as determined, or allowed, by the sponsor's retirement plan. The rate credited is the rate in effect on the day when each deposit is directed to the account. Guaranteed interest accounts promise contract value for a benefit event (termination, death, disability and retirement); however, there is a possible surrender charge when funds are withdrawn prior to their maturity.

VAUGHN CONSTRUCTION 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 6, 2010 AND DECEMBER 31, 2009

NOTE 4 – GUARANTEED INVESTMENT CONTRACT (CONTINUED)

Thus the guaranteed investment contracts are considered not benefit responsive. Fair market value is the amount plan sponsors would receive currently if they were to withdraw or transfer funds with the plan prior to their maturity. This fair market value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceeds crediting rates.

NOTE 5 – INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Custodian except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule.

NOTE 6 – INVESTMENTS (UNAUDITED)

At December 6, 2010 and December 31, 2009, all investments of the Plan were participant-directed. The following presents investments that represent five percent (5%) or more of the Plan's net assets at:

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Pooled separate accounts	\$ 938,810
Guaranteed investment contract	<u>12,685</u>
NET APPRECIATION IN FAIR VALUE OF INVESTMENTS	<u>\$ 951,495</u>

NOTE 7– PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of funds managed by the Custodian. Therefore, these transactions qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known violations of party-in-interest transactions. Fees paid by the Plan for the investment management services are netted against net appreciation in fair value of investments.

NOTE 8 – PLAN TERMINATION

Effective December 6, 2010, the Plan was terminated by the Company. Contributions were discontinued and participants' accounts continued to be credited with investment earnings. All Plan assets were transferred to another plan.

NOTE 9 – TAX STATUS

The Plan is a prototype non-standardized profit sharing plan with CODA sponsored by Principal Life Insurance Co that has been adopted by the Company. The prototype non-standardized profit sharing plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service ("IRS") stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan was amended subsequent to receiving the opinion letter, the Company believes that the Plan was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan and has concluded that as of December 6, 2010, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examinations for years that are considered closed for tax filing purposes.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 6, 2010 AND DECEMBER 31, 2009

NOTE 10 – PROHIBITED TRANSACTIONS

During 2006 through 2009, the Company failed to remit to the Plan's Custodian certain participant contributions totaling \$36,317 within the period prescribed by Department of Labor regulations. During 2010, the Company made contributions to the affected participants' accounts to compensate those participants for lost investment earnings relating to these prohibited transactions. There were no prohibited transactions during 2010.

NOTE 11 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
