RADIANT RESEARCH, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

1. DESCRIPTION OF THE PLAN

The following description of the Radiant Research, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for complete information regarding the Plan's definitions, benefits, eligibility, and other matters.

General - The Plan is a defined contribution plan established by Radiant Research, Inc. (the Company) under the provisions of Section 401(a) of the Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of Radiant Research, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was most recently amended in February 2010.

Plan Administration - The Plan is administered by certain employees of the Company. No employees receive compensation from the Plan. Fidelity Management Trust Company (Fidelity) is the trustee and Fidelity Investments Institutional Operations Company, Inc. (FIIOC) is the record keeper.

Eligibility - Employees who are at least 18 years of age and who have completed one month of service, as defined by the Plan provisions, are eligible to participate in the Plan. Employees are admitted to the Plan beginning the first day of the month following attainment of the eligibility requirements. Individuals designated as temporary employees or on-call employees are eligible to participate upon attaining age 21 and 1,000 hours of service during a plan year.

Contributions - Participants may contribute to the Plan through voluntary deferrals of earned compensation. Participants may elect to defer up to 60% of pre-tax eligible compensation, as defined by the Plan, subject to certain limitations under the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to certain limitations under the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Effective February 1, 2010, the Plan was amended to implement automatic enrollment. Absent a specific election otherwise, employees will be automatically enrolled in the Plan with a 3% deferral once they are eligible.

The Company may elect to make discretionary matching contributions. Through February 2009, the Company contributed 50% of the first 6% of base compensation that a participant contributed to the Plan up to a maximum of \$2,000.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the Company's discretionary contribution (if any), Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. All amounts in participant accounts are participant directed.

1. **DESCRIPTION OF THE PLAN** (Continued)

Vesting - Participants are immediately vested in their contributions to the Plan and earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after four years of credited service.

Notes Receivable From Participants - A participant may borrow 50% of his or her vested account balance up to a maximum of \$50,000. The minimum loan amount is \$1,000. Loans are repayable through payroll deductions over a period ranging up to 5 years, unless the loan is used to acquire a principal residence, in which case the loan term may range up to 10 years. Loans are secured by the balance of the participant's account. The interest rate is determined by the Plan Administrator based on the prevailing market conditions and is fixed over the life of the loan. The interest rates on outstanding loans ranged from 4.25% to 8.75% and 4.25% to 9.25% at December 31, 2010 and 2009, respectively.

Payment of Benefits - On termination of service, death, disability, retirement, or upon attaining the age of 59½, a participant or beneficiary may elect to receive a distribution of their vested account balance. The distribution may be in the form of a lump-sum payment. Benefit distributions are recorded when paid. If a participant's vested benefit is less than \$5,000, the benefit will automatically be distributed to the participant if no other election is made.

Hardship Withdrawals - Under certain conditions, participants are permitted to withdraw, in a single sum, all or a portion of their vested account balance. These conditions include unreimbursed medical expenses, the purchase of a participant's principal residence, the payment of postsecondary education tuition or to prevent eviction or foreclosure from the participant's principal residence. A participant's right to make deferrals to the Plan will be suspended for 6 months after the receipt of a hardship withdrawal.

Administrative Expenses - The Company pays a portion of the administrative expense of the Plan. Participants pay a portion of the administrative expenses from their account balances.

Forfeited Accounts - At December 31, 2010 and 2009, forfeited non-vested accounts totaled approximately \$1,100 and \$17,000, respectively. These accounts will be used to reduce future employer contributions and administrative fees.

Subsequent Events - Subsequent events have been evaluated through July 11, 2011, the date the financial statements were available to be issued.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting and Use of Estimates - The accompanying financial statements of the

RADIANT RESEARCH, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Plan are prepared using the accrual method of accounting. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 10 for discussion of fair value measurements.

Net Appreciation in Fair Value of Investments and Income Recognition - Net appreciation in the fair value of mutual funds includes both realized and unrealized gains and losses. Purchases and sales of securities are reported on a trade date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis.

Notes Receivable from Participants - In September 2010, the Financial Accounting Standards Board issued an accounting standards update, which provides guidance on how loans to participants should be classified and measured by defined contribution plans. This update requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This update requires retrospective application to all periods presented. This update was adopted for the year ended December 31, 2010, and retrospectively applied to December 31, 2009. Prior year amounts and disclosures have been revised to reflect the retrospective application of adopting this new update. The adoption resulted in a reclassification of participant loans totaling \$81,606 from investments to notes receivable from participants as of December 31, 2009. There was no impact to the net assets as of December 31, 2010 or 2009 as a result of the adoption. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

3. **INVESTMENTS**

Participants may direct their account balance into the investment options offered under the Plan in 1% increments. Investment options are shares of mutual funds and a money market fund. Participants may change their investment elections and make transfers between investment options daily.

The following represent individual investments greater than 5% of total net assets as of December 31:

4. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan's management has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, certain information certified by a trust company need not be subjected to independent audits.

The Plan's management has obtained certifications from the trustee, Fidelity Management Trust Company, that the following information provided by the trustee and included in the Plan's financial statements and supplemental schedules, is complete and accurate:

1. Fair value of investments and notes receivable from participants as of December 31, 2010 and 2009;
2. Investment income and interest income on notes receivable from participants earned for the years ended December 31, 2010 and 2009;
3. Investment transactions for the years ended December 31, 2010 and 2009.

5. EXCESS CONTRIBUTIONS PAYABLE

Excess contributions payable of \$17,156 and \$31,022 at December 31, 2010 and 2009, respectively, have been accrued to certain active participants to return excess deferral contributions and earnings as required to satisfy the relevant nondiscrimination provisions of the Plan.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

RADIANT RESEARCH, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

6. **PLAN TERMINATION** (Continued)

In the event of Plan termination, participants will become 100% vested in their employer contributions in accordance with ERISA.

7. **TAX STATUS**

The Internal Revenue Service has determined and informed Fidelity by a letter dated March 31, 2008, that the prototype plan and related trust adopted by the Company are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

8. **PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are shares of mutual funds and a money market fund managed by an affiliate of Fidelity. Fidelity Management Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

9. **RISKS AND UNCERTAINTIES**

The Plan provides for various investment fund options which in turn invest in a combination of stocks, bonds, and other investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of the funds, it is reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

10. **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level one measurements) and the lowest priority to unobservable inputs (level three measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level One - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level Two - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level two input must be observable for substantially the full term of the asset or liability.

Level Three - Inputs to the valuation methodology are unobservable and significant to the overall fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds and money market fund:	Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its
