MERIT ELECTRIC COMPANY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2010 and 2009

1. Summary of Significant Accounting Policies

A summary of the major accounting policies followed by the Merit Electric Company ("Company") 401(k) Plan ("Plan") in the preparation of the accompanying financial statements is presented below:

The Plan was initiated on January 1, 1998. The financial statements of the Plan are prepared under the accrual method of accounting.

The 401(k) Plan is qualified under Section 401(a) of the Internal Revenue Code and is exempt from Federal Income Taxes under 501(a) of the Internal Revenue Code.

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2008, that the Plan, related trust, and all amendments through that date are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan and has concluded that as of December 31, 2010 and 2009, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. For federal income tax purposes the tax returns essentially remain open for possible examination for a period of three years after the date on which those returns are filed.

The Plan's investments in pooled separate accounts are reported at fair value as determined by ING Life Insurance and Annuity Company, the Issuer, based on quoted market values of underlying assets. Purchases and securities are recorded on a trade-date basis. The Fixed Account Fund is valued based on similar instruments.

The participant loans are classified as notes receivable and measured at their unpaid balance plus any accrued but unpaid interest.

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Investments

The Plan's investments are held by a retirement plan insurance company and are composed of general and pooled funds. Pooled separate accounts are comprised of stocks, bonds, mutual funds, and real estate investments.

2. Investments (Continued)

The general fund is composed of a Guaranteed Interest Account stated at fair value which provides a guaranteed interest rate for a period of time as determined by the Plan. For the years ended December 31, 2010 and 2009, the average yield was 2.94% and 3.06%.

3. Plan Participants' Equity

The net assets available for Plan benefits are composed of the trust fund established by the Plan's Trustee for the benefit of the plan participants.

4. Description of Plan

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the company who have six months of service, 500 hours of service during the plan year, are age twenty-one or older and are employed in a job classification covered by the Plan. It is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA).

The trustee of the Plan is the plan administrator, who is the managing member of the plan sponsor/Company. Among other duties, the trustee is responsible for overseeing the Plan and evaluating plan management and service providers. ING Life Insurance and Annuity Company serves as the custodian of the Plan's assets. The custodian's duties include receiving contributions, holding and investing fund assets in accordance with the directions of the participants, making distributions as directed by the plan administrator, recordkeeping, and transaction processing, including maintaining complete and accurate account records for all plan participants, allocating contributions and earnings, posting distributions and forfeitures to participant accounts, and preparing participant statements and reports. Holzknecht Umali, Inc. serves as the third party administrator responsible for plan administration, compliance, maintaining records for participant loans, and preparing the Plan's annual form 5500.

Contributions

For 2010 and 2009, participants may contribute a percentage of their annual wages up to the federal mandated limit of $16,500 with an additional $5,500 catch-up contribution for employees at age 50 by the end of the year. Effective May 2010 the Plan added a provision to allow for employee post tax ROTH contributions. Participants may also roll over amounts into the Plan from other qualified plans.

The Plan also allows for discretionary employer matching and/or profit sharing contributions that are determined and funded on an annual basis. For the years ended 2010 and 2009, the Company made a matching contribution of $-0- and $64,951.

4. Description of Plan (Continued)

Participant Loans

Loans are treated as participant directed investments. Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The maximum cannot exceed limits specified by the Internal Revenue Service (IRS) for the outstanding balance of all other loans made to the participant by any other plan maintained by the Employer or a related company. Loan terms may not exceed 5 years, except for the purchase of a primary residence, and principal and interest is paid weekly through payroll deductions. The loans are collateralized by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined quarterly by the plan administrator. At December 31, 2010 and 2009, interest rates on outstanding loans range from 5.25% to 10.25%.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100% vested in amounts contributed from their salary deferrals. Participants will always be vested if they are employed on or after their normal retirement age. The vesting percentage in the participant's account generated from discretionary profit sharing and matching contributions is determined as follows:

Years of Service	Vested Percent
Less than 1	0%
1-2	20%
2-3	40%
3-4	60%
4-5	80%
5 or more	100%

Forfeitures

Forfeitures result from nonvested benefit payments remaining in the Plan for all terminated employees. Upon reaching the break-in service requirement as defined by the Plan agreement, forfeitures generated are added to the forfeiture reserve balance and shall be used to reduce future employer contributions. At December 31, 2010 and 2009, and the total forfeited non-vested accounts that have not been applied totaled $6,624 and $4,629.

4. Description of Plan (Continued)

Administrative Charges

All administrative expenses of the Plan, except amounts paid for certain investments, advisory services and bank charges, are paid by the Company.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will be entitled to receive 100% of their account balance in either a lump sum amount or in annual installments over a specified period of time. On termination of service for reasons other than death, disability or retirement, a participant will be entitled to receive only the vested percentage of their account balance and the remainder of their account will be forfeited.

5. Continuation of the Plan

The Company plans to continue the Plan indefinitely, but has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

6. Participant Directed Investments

Investments held by the Plan represent participant-directed accounts where individual participants decide how funds held in trust for them are allocated among various investments. Participants should see the ING Retirement Plan website for the available investment choices.

7. Certification Information

As permitted by 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, information prepared and certified by a bank or insurance company, which is regulated, supervised and subject to periodic examination by a state or federal agency, need not be audited. The plan administrator has obtained certifications from the ING Life Insurance and Annuity Company (custodian) that all information provided by them is complete and accurate. Information included in the accompanying financial statements and notes to financial statements as to investments, net appreciation (depreciation) in fair value of investments, interest income and all information in the Supplemental Schedule H, line 4i, Schedule of Assets (held at year end), is presented solely upon reliance on those certifications. The independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information in the financial statements, notes to financial statements, and supplemental schedule.

8. Party-in-Interest Transactions

Plan investments are in funds managed by ING Life Insurance and Annuity Company, an entity that is a party-in-interest with respect to the Plan. These transactions qualify as exempt party-interest transactions. Fees paid by the Plan Sponsor for the investment management services amounted to $7,079 and $5,785 for the years ended December 31, 2010 and 2009.

9. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

	Fair Value Measurements Using:		
December 31, 2010	(Level 2)	(Level 3)	Total
Fixed Account Investment Fund	$ -0-	$ 342,246	$ 342,246
Pooled Separate Accounts	1,628,060	-0-	1,628,060
Mutual Funds	$ 1,628,060	$ 342,246	$ 1,970,306
December 31, 2009			
Fixed Account Investment Fund	$ -0-	$ 290,975	$ 290,975
Pooled Separate Accounts	1,503,079	-0-	1,503,079
Mutual Funds	$ 1,503,079	$ 290,975	$ 1,794,054

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are other than quoted prices that are observable; and Level 3 inputs are unobservable inputs used for valuing the asset and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

9. Fair Value Measurements (Continued)

Level 2 Fair Value Measurements

The fair value of pooled separate funds is based on quoted net asset values of the underlying assets held by the Plan at year-end, but is not publicly quoted in an active market.

Level 3 Fair Value Measurements

The fixed account funds are not actively traded and significant other observable inputs are not available. There is also a possible market value adjustment if funds are withdrawn prior to their maturity. Thus, the fair value of the fixed account investment is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The following table reconciles the beginning and ending fair values of the Plan's Level 3 portfolio:

	Fixed Account Fund
Balance, December 31, 2009	$ 290,975
Realized Gain	9,298
Contributions and Distributions, Net	41,973
Balance, December 31, 2010	$ 342,246

10. Investments Requiring Disclosure

The following investments represent 5 percent or more of the Plan's net assets at December 31:

	2010	2009
Fidelity VIP Contrafund Port I	$ 324,033	$ 290,238
ING Fixed Account	342,246	290,975
ING Index Plus Large Cap Port I	189,619	179,956
ING Money Market Portfolio I	120,660	189,750
ING Oppenheimer Global Port I	208,898	189,932
ING T.RowePrice Divrsd MidCap Gr Pt I	165,731	123,545
ING Intermediate Bond Port I	123,935	94,275

11. Prohibited Transactions

During the year ended December 31, 2009, the Company did not remit a certain employee contribution to the Plan custodian in a timely manner as prescribed by the Department of Labor and was considered a prohibited transaction. The Company corrected and reimbursed the lost earnings to the Plan during the year ended December 31, 2010.

12. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit and overall volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

13. Subsequent Events

Subsequent events were evaluated by management through September 30, 2011, which is the date the financial statements were available to be issued. No additional disclosures were considered necessary.
