Independent Accountants' Report

Plan Administrator
Jewish Hospital & St. Mary's Healthcare 403(b) Plan
Louisville, Kentucky

We were engaged to audit the accompanying statements of net assets available for benefits of the Jewish Hospital & St. Mary's HealthCare 403(b) Plan (Plan) as of December 31, 2010, and the related statements of changes in net assets available for benefits for the year then ended and the accompanying supplemental schedule. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* (ERISA), the Plan administrator instructed us not to perform, and we did not perform, auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company and Transamerica Financial Life Insurance Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certification from the custodians as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan administrator by the custodians is complete and accurate.

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficiently to determine the extent to which the financial statements may have been affected by these conditions.

As described in Note 1, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the accompanying statements of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and related income and distributions be included in the accompanying financial statements.

Since we were not able to apply auditing procedures to satisfy ourselves as to the appropriateness and completeness of the Plan's net assets available for benefits as of December 31, 2010 and 2009, and changes in net assets available for benefits for the years then ended, the scope of our work was not sufficient to enable us to express, and we do not express, an opinion on these accompanying financial statements and supplemental schedule.

Jewish Hospital & St. Mary's HealthCare 403(b) Plan

Notes to Financial Statements

December 31, 2010 and 2009

Note 1: Description of the Plan

The following description of the Jewish Hospital & St. Mary's HealthCare 403(b) Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General

The Plan is a defined contribution plan sponsored by Jewish Hospital & St. Mary's Hospital (Company) for the benefit of substantially all of its employees. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). State Street Bank and Trust Company (State Street) and Transamerica Financial Life Insurance Company (TFLIC) serve as Plan custodians.

As permitted by Department of Labor Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, the Company elected to exclude certain custodial accounts issued to current and former employees prior to January 1, 2009, from net assets available for benefits as of December 31, 2010 and 2009. Investment income and distribution activity pertaining to these contracts was also excluded from the statements of changes in net assets available for benefits for the year ended December 31, 2010. The impact to the Plan pertaining to the exclusion of such accounts is not determinable.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 100 percent of eligible compensation. Employee rollover, catch-up contributions and special Section 403(b) catch-up contributions are also permitted. For the year ended December 31, 2010, the Company made matching contributions of 100 percent of employees' salary deferral amounts on the first three percent of employees' compensation. For the year ended December 31, 2009, the Company made matching contributions based on a service-weighted formula. Employer contributions ranged from 50 percent of employees' salary deferral amounts on the first two percent of employees' compensation up to 50 percent of employees salary deferral amounts on the first six percent of compensation based on this formula. In addition, the Company makes a nonelective contribution of three percent of each eligible participant's compensation. An additional nonelective contribution percentage ranging from two percent to four percent is paid to participants who meet certain criteria. Contributions are subject to certain limitations. Forfeitures are used to reduce Company contributions.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

Jewish Hospital & St. Mary's HealthCare 403(b) Plan

Notes to Financial Statements

December 31, 2010 and 2009

The Plan Document also includes an automatic deferral feature whereby a participant is treated as electing to defer three percent of eligible compensation unless the participant made an affirmative election otherwise.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts, plus earnings thereon, is based on years of continuous service. A participant is fully vested after three years of continuous service. The nonvested balance is forfeited upon termination of service.

Payment of Benefits

Upon termination of service, an employee may elect to receive a lump-sum amount equal to the value of his or her account.

Forfeited Accounts

At December 31, 2010, forfeited nonvested accounts totaled \$138,956. These accounts will be used to reduce future employer contributions. At December 31, 2009, there were no forfeited nonvested accounts maintained within the Plan.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Jewish Hospital & St. Mary's HealthCare 403(b) Plan

Notes to Financial Statements

December 31, 2010 and 2009

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts directly and through a pooled separate account. The statements of net assets available for benefits presents the fair value of the investment in the pooled separate account, as well as the adjustment of the investment in the pooled separate account from fair value to contract value relating to the investment contracts. The contract value of the Plan's direct investment in an investment contract approximates its fair value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. The pooled separate account is valued at fair value based on information reported by the recordkeeper using the audited financial statements of the underlying fund at year-end. The fair value of the investment contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Plan Tax Status

The Internal Revenue Service has not yet established a determination letter program with respect to 403(b) plan arrangements. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan was qualified as of the financial statement date. With a few exceptions, the Plan is no longer subject to U.S. federal, state, local or non-U.S. income tax examinations by tax authorities for years before 2007.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

During the years ended 2010 and 2009, the Plan's investments (including gains and losses on investments bought, sold and held during the year) appreciated in value by \$7,628,244 and \$8,899,505, respectively, as follows:

	<u>2010</u>	<u>2009</u>
Mutual funds	<u>\$ 7,628,244</u>	<u>\$ 8,899,505</u>

Interest and dividends realized on the Plan's investments for the years ended 2010 and 2009 were \$1,500,379 and \$1,033,615, respectively.

Jewish Hospital & St. Mary's HealthCare 403(b) Plan

Notes to Financial Statements

December 31, 2010 and 2009

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

The Plan invests in certain funds of an entity affiliated with the Plan recordkeeper. The Plan paid no recordkeeping fees during 2010. The Plan paid \$75,129 of recordkeeping fees during 2009. The Company provides certain administrative services at no cost to the Plan.

Note 5: Plan Amendments

Effective January 1, 2009, the Plan was amended and restated in order to comply with the new 403(b) regulations. As a result of this amendment and restatement, effective January 1, 2009, all employer matching contributions previously accounted for in another plan will be accounted for in the Plan. The service requirement for employer contributions was also removed from the Plan's provisions. All other significant provisions of the Plan remained unchanged as a result of this amendment and restatement.

Effective January 1, 2010, the Plan was amended and restated in order to change the definition of compensation utilized in the calculation of employer and employee contributions, to change the employer matching contribution formula, to change the timing of employer contributions from an annual basis to a payroll basis and to slightly modify the eligibility requirements of the Plan. In addition, the amendment added a nonelective employer contribution requirement that will be funded to the Plan on an annual basis.

Note 6: Fair Value of Plan Assets

ASC Topic 820, *Fair Value Measurements* (Topic 820), defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Topic 820 also specifies a fair value hierarchy which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Jewish Hospital & St. Mary's HealthCare 403(b) Plan

Notes to Financial Statements

December 31, 2010 and 2009

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 investments include mutual funds. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. The inputs used to determine fair value may include one or a combination of observable inputs such as benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers and market research publications, and the related investments are classified within Level 2 of the valuation hierarchy. Level 2 investments include a pooled separate account. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy and include an investment contract.

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31:

Notes to Financial Statements

December 31, 2010 and 2009

Note 7: Investment Contract With Insurance Company

The Plan has entered into an investment contract with TFLIC. TFLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2010, approximated its contract value. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a periodic basis for resetting.

Notes to Financial Statements

December 31, 2010 and 2009

Note 9: Significant Estimates and Concentrations

Current Economic Conditions

The current protracted economic decline continues to present employee benefit plans with difficult circumstances and challenges, which in some cases have resulted in large and unanticipated declines in the fair value of investments. The financial statements have been prepared using values and information currently available to the Plan.

Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.

Note 10: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Accountants' Report, which is the date the financial statements were available to be issued.
