October 11, 2011

To Michael Gallagher and the Management
of the Southboro Medical Group, Inc. Savings and Retirement Plan:

We have completed a DOL limited-scope audit of the financial statements of the Southboro Medical Group, Inc. Savings and Retirement Plan (the "Plan") as of December 31, 2010 and for the year then ended and have issued our report thereon dated October 11, 2011. As permitted by 29 CR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform any auditing procedures with respect to the information summarized in Note G to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedules taken as a whole.

Our Responsibility under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated June 2, 2011, our responsibility, as described by professional standards and except as discussed in the first paragraph, is to express an opinion about whether the financial statements prepared by management with your oversight are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of your responsibilities. We are responsible for conducting our audit in accordance with auditing standards generally accepted in the United States of America ("US GAAS"). Our responsibility as prescribed by US GAAS, is to plan and perform our audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether caused by error or fraud. Accordingly, there is some risk that a material misstatement of the financial statements would remain undetected. Although not absolute assurance, reasonable assurance is, nevertheless, a high level of assurance. However, an audit is not designed to detect error or fraud that is immaterial to the financial statements.

In accordance with US GAAS we are required to communicate to you fraud involving senior management and fraud (whether caused by senior management or other employees) that causes a material misstatement of the financial statements. We are also required to ensure that you are adequately informed about potential illegal acts that come to our attention, unless the matter is clearly inconsequential. We are not aware of any fraud or potential illegal acts that would cause a material misstatement of the financial statements.

US GAAS also requires that we obtain a sufficient understanding of the Plan's internal controls over financial reporting. However, such understanding is required for the purpose of planning the audit and determining our audit procedures and not to provide any assurance concerning such internal control or to identify internal control deficiencies.

Planned Scope and Timing of the Audit

We have performed the audit according the planned scope and timing previously communicated to you in our engagement letter.

Significant Accounting Policies

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note B of the financial statements. During the year, the Plan did not adopt or change any significant accounting policies or principles except for FASB Accounting Standards Update No. 2010-06, "Fair Value Measurements and Disclosures: Improving Disclosures about Fair Value Measurements" and Accounting Standards Update No. 2010-25, "Plan Accounting - Defined Contribution Pension Plans: Reporting Loans to Participants by Defined Contribution Pension Plans". Also, we noted no significant unusual transactions, or other significant transactions in controversial or emerging areas for which there is a lack of authoritative accounting guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no sensitive accounting estimates used in the Plan's financial statements.

Significant Audit Adjustments

For purposes of this letter, US GAAS define a significant audit adjustment as a proposed correction of the financial statements that, in our judgment, may not have been detected except through our auditing procedures. The definition includes adjustments that were not recorded by the Plan because they are not material to the financial statements.

We proposed no corrections to the financial statements that could, in our judgment, either individually or in the aggregate, have a significant effect on the Plan's financial statements.

Disagreements with Management

For purposes of this letter, US GAAS define a disagreement with management as a disagreement, whether or not satisfactorily resolved, concerning a financial accounting, reporting, or auditing matter that could be significant to the Plan's financial statements or the auditor's report thereon. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 11, 2011.

Consultation by Management with Other Accountants

We are not aware of any consultations by management with other accountants during the year about auditing or accounting matters related to the Plan.

Major Issues Discussed with Management Prior to Our Retention

No major issues were discussed with management prior to our being retained as auditors for the current fiscal year, including the application of generally accepted accounting principles or US GAAP.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing our audit.

Communicating Internal Control Related Matters Identified in an Audit

US GAAS requires that the auditor must evaluate any control deficiencies identified during an audit and report any deficiencies to the Plan's management that are believed to be material control weaknesses or significant control deficiencies. A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.

We encountered no material control weaknesses or significant control deficiencies during the audit.

This information is intended solely for the information and use of the person(s) charged with governance of the Plan and the Plan's management and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditors' Report

To the Plan Administrator of The Southboro Medical Group, Inc. Savings and Retirement Plan:

We were engaged to audit the financial statements and supplemental schedule of The Southboro Medical Group, Inc. Savings and Retirement Plan (the "Plan") as of December 31, 2010 and for the year then ended, as listed in the accompanying index. The financial statements and supplemental schedule are the responsibility of the Plan's management. The statement of net assets available for plan benefits as of December 31, 2009, was reported on by other auditors whose report dated August 27, 2010, disclaimed an opinion for the reasons described in the following paragraph.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note G, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of December 31, 2010 and for the year then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN:

The following description of The Southboro Medical Group, Inc. Savings and Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of The Southboro Medical Group, Inc. (the "Company") who have attained the age of 21 and six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Upon meeting eligibility requirements participants may contribute up to 100% of their plan compensation on a pre-tax basis, subject to Internal Revenue Code ("IRC") limitations. Participants may also contribute funds from another qualified plan ("rollover contributions"), subject to certain requirements. Participants age 50 and older may make additional "catch-up" contributions up to IRC limitations. Effective July 1, 2010, the Plan was amended to include an automatic enrollment for new employees who do not opt-out, in the amount of 4%.

Participant contributions may be matched by the Company at a percentage of the participants' contributions, as determined by the Company. For the plan year ended December 31, 2010 the Company matched 100% of each participant's deferral contributions up to 2% of the participant's compensation and 50% of the next 2% of compensation, for a maximum match of 3% of compensation. The Company may also make a non-discretionary contribution. For the Plan year ended December 31, 2010 the Company contributed 2% of participant compensation for a total non-elective contribution of \$425,360.

Participant Accounts

Each participant's account is credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants' accounts based on each participant's account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Vesting

Participants are fully vested in that portion of their account which represents their contributions and the income earned thereon. Participants become 100% vested in the Company's contributions and earnings thereon upon death, total and permanent disability, or attainment of normal retirement age. Otherwise, a participant's interest in the Company's contributions and earnings thereon vests according to the following schedule:

THE SOUTHBORO MEDICAL GROUP, INC. SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

<u>Completed Years of Service</u>	<u>Percent Vested</u>
1 year	33%
2 years	67%
3 years	100%

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture, as defined by the Plan. Forfeited balances are first used to restore re-employed participants' accounts. Any remaining forfeitures may be used to pay plan expenses or to reduce Company contributions. During 2010, \$11,457 of forfeitures were used to reduce Company contributions. Unallocated forfeitures at December 31, 2010 and 2009 were \$32,492 and \$11,439, respectively.

Distribution of Benefits

The benefit to which a participant is entitled is equal to the value of the participant's vested interest in their account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Distributions under the Plan may be made in lump sums or installment payments. Separated participants who have a vested account balance of less than \$1,000 will receive a lump sum distribution of 100% of their vested benefits. Participants who have a vested account balance in excess of \$1,000 may defer distribution of their account balance until their normal retirement date or as otherwise provided for in the Plan.

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

Loans

A participant may request a loan in an amount not less than \$1,000. The loan amount is limited to the lesser of one-half of the participant's vested account balance or \$50,000. Loans must bear a reasonable rate of interest. All loans are collateralized by the participant's account and must be supported by a promissory note. All loans must be repaid within five years unless the proceeds are used to acquire a principal residence, in which case a longer repayment period is allowed. No more than one loan may be outstanding at any time. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for plan benefits. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Adoption of Accounting Pronouncements

In January 2010, FASB issued Accounting Standards Update No. 2010-06, "Fair Value Measurements and Disclosures: Improving Disclosures about Fair Value Measurements" ("ASU 2010-06"). ASU 2010-06 requires new disclosures relating to certain transfers and other activity within the fair value hierarchy and provides clarification with respect to disclosures about inputs and valuation techniques and the level of disaggregation required for fair value measurement disclosures. The Plan adopted required provisions of this amendment on December 31, 2010, resulting in no effect on its financial position.

In September 2010, FASB issued Accounting Standards Update No. 2010-25, "Plan Accounting - Defined Contribution Pension Plans: Reporting Loans to Participants by Defined Contribution Pension Plans" ("ASU 2010-25"). ASU 2010-25 requires participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Participant loans were previously classified as investments at fair value. The Plan has retrospectively adopted the amendment for the Plan years ending December 31, 2010 and 2009, resulting in no effect on its financial position.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for plan benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

THE SOUTHBORO MEDICAL GROUP, INC. SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Expenses of the Plan

Substantially all of the administrative expenses incurred by the Plan are paid by the Plan.

Payment of Benefits

Benefits are recorded when paid.

Reclassification

Certain 2009 amounts have been reclassified to conform with the presentation in the 2010 financial statements.

Stable Value Fund Morley Stable	5,216,228 *	4,439,792 *

* Represents 5% or more of net assets available for plan benefits.

Net appreciation in fair value of investments for the year ended December 31, 2010, by investment type, is as follows:

	2010
Mutual funds	\$ 1,942,432
Common collective trusts	239,354
	<u>\$ 2,181,786</u>

D. FAIR VALUE MEASUREMENTS:

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable and supported by little or no market activity and are significant to the fair value of the assets or liabilities.

THE SOUTHBORO MEDICAL GROUP, INC. SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds – Valued at the net asset value of the shares held by the Plan at year end as determined by quoted market prices.

Common collective trust – Valued at net asset value as reported in the audited financial statements by the investment manager based on the fund's underlying assets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level and by investment class, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Description	2010

The common collective trust held by the Plan is a stable value investment which primarily invests in insurance contracts and corporate and government agency bonds. The fair value of the common collective trust has been estimated using the net asset value per share of the investment. Redemptions are allowed every 30 days for participants; however the Plan is subject to a twelve month redemption notice period. There are no unfunded commitments.

E. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the trustee are considered party-in-interest transactions.

F. TAX STATUS:

The Internal Revenue Service ("IRS") has determined in its opinion letter dated March 31, 2008, that the Plan and related trust are designed in accordance with Section 401(a) of the Internal Revenue Code ("IRC") and the trust is therefore exempt from federal income taxes under the provisions of Section 501(a). The plan has been amended since the date of the letter. The plan administrator believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and is qualified as of the financial statement date. Additionally, the related trust is believed to be tax-exempt as of the financial statement date and, accordingly, no provision for income taxes has been recorded in the Plan's financial statements.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan did not recognize any interest or penalty expense for the year ended December 31, 2010. The Form 5500 remains subject to examination by the IRS for the years ended December 31, 2007 through December 31, 2010.

THE SOUTHBORO MEDICAL GROUP, INC. SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

G. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Wells Fargo Bank, N.A., the trustee of the plan were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The trustee has certified as to the completeness and accuracy of the investments (including notes receivable from participants) held by the Plan as of December 31, 2010, the investment earnings and other investment-related transactions of the Plan for the year then ended, and the information contained in the Schedule of Assets (Held at End of Year).

H. PLAN TERMINATION:

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their accounts.

I. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through October 11, 2011, the date these financial statements were available for issuance.
