INDEPENDENT AUDITORS' REPORT

TO THE PLAN ADMINISTRATOR GREAT LAKES INTEGRATED 401(k) PLAN

We were engaged to audit the financial statements of the Great Lakes Integrated 401(k) Plan (the Plan) as of December 31, 2010, and for the year then ended, and the supplementary schedule as of December 31, 2010 as listed in the accompanying table of contents. These financial statements and schedule are the responsibility of the Plan's administrator. The financial statements of the Plan as of and for the year ended December 31, 2009 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Principal Trust Company, the trustee of the Plan from February 10, 2009 through December 31, 2010, and WyStar Global Retirement Solutions, a division of Wachovia Bank, N.A, the custodian of the Plan from January 1, 2009 through February 9, 2009. Their report, dated September 24, 2010, indicated that because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and the form and content of the information included in the financial statements other than that derived from the information certified by the trustees, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplementary schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

GREAT LAKES INTEGRATED 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Great Lakes Integrated 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering all employees of Great Lakes Integrated (the Company), except employees covered by a collective bargaining agreement and/or certain non-resident aliens. Employees are eligible to participate in the Plan and receive matching contributions upon completion of twelve consecutive months of service and at least 1,000 hours of service as defined in the Plan agreement. Plan entry dates are either January 1st or July 1st following the date of eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

A participant may contribute, through payroll reductions, from 1% to 20% of annual pre-tax compensation, up to the maximum dollar amount allowed by law (plus catch-up contributions as defined by the Plan document). Participants may also make rollover contributions to the Plan from other qualified defined benefit or defined contribution plans.

The Company contributes 25% of the first 4% of compensation that the participant contributes to the Plan. The Company does not match catch-up contributions. Employer matching contributions totaled \$50,977 and \$42,228 for the Plan years ended December 31, 2010 and 2009, respectively. Additionally, employer discretionary contributions can be made annually as determined by the Company. During the years ended December 31, 2010 and 2009, the Company did not make any discretionary contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary employer and matching contributions, and any earnings thereon, and charged with an allocation of administrative expenses. Discretionary contributions are allocated as a percentage of compensation of eligible participants for the Plan year. Allocation of the earnings and expenses are based on the participant's account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, employer matching contributions, and employer discretionary contributions plus actual earnings thereon.

Investment Options

Upon enrollment in the Plan, participants may direct contributions to their accounts into various investment options offered by the Plan.

GREAT LAKES INTEGRATED 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (continued)

Payment of Benefits

On termination of service due to death, retirement, or separation of service, a participant may elect to receive partial payments or a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also elect to receive periodic payments through a life annuity or a joint and survivor annuity equal to the value of the participant's vested interest in his or her account. Participants may also be permitted to receive a distribution from their account prior to termination of employment if they experience financial hardship.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's total vested account balance. Note receivable terms range from one to five years. The notes receivable are secured by the balance in the participant's account and bear interest at a fixed rate determined by the Company. Principal and interest are paid ratably through payroll deductions. Interest income of \$7,749 and \$5,820 for 2010 and 2009, respectively, has been recorded as other income in the accompanying Statements of Changes in Net Assets Available for Benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through common collective trusts. Contract value, as reported to the Plan by Principal Trust Company, the trustee of the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals, wrapper fees, and administrative expenses. The Statements of Net Assets Available for Benefits present the fair values of the common collective trusts as well as the adjustments from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on the investments purchased and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan allows administrative expenses to be paid either by the Plan or the Company, at the discretion of the Company.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Notes Receivable from Participants

In September 2010, GAAP clarified how loans to participants should be classified and measured by defined contribution benefit plans. Participant loans were previously classified as investments at fair value. The guidance requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. As required, the Plan has retrospectively adopted the guidance for the Plan year ended December 31, 2009.

Reclassifications

Certain reclassifications have been made to the 2009 financial statements to conform with the 2010 financial statement presentation. Such reclassifications had no effect on changes in net assets available for benefits as previously reported.

Subsequent Events

The Company evaluated events through September 19, 2011, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. INVESTMENTS

The following table presents the fair value of investments at December 31, 2010 and 2009. The investments and investment activity have been certified as complete and accurate by Principal Trust Company, the trustee of the Plan from February 10, 2009 through December 31, 2010, and WyStar Global Retirement Solutions, a division of Wachovia Bank, N.A, the custodian of the Plan from January 1, 2009 through February 9, 2009, and have not been audited by the independent auditors. Individual investments that represent 5% or more of the Plan's net assets are separately identified.

	<u>7,922,249</u>	<u>6,993,335</u>
	<u>\$ 9,968,262</u>	<u>\$ 8,822,898</u>

* This amount represents contract value for this investment.

The Plan's investments (including gains and losses on investments purchased and sold, as well as held during the year) appreciated in value by \$786,862 and \$1,419,705 during the years ended December 31, 2010 and 2009, respectively.

4. FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. It applies to fair value measurements already recognized or permitted by existing standards. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs used in valuation models (Level 3 measurements).

GREAT LAKES INTEGRATED 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (continued)

The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in inactive markets. Level 2 includes those inputs other than quoted prices that are observable for the asset or liability. Level 2 inputs are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Registered investment companies – Valued at the closing price reported on the active market on which the individual securities are traded.

Common collective trusts – Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. TAX STATUS

The Company adopted a Prototype Non-Standardized Profit Sharing Plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2008, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter, however the Plan sponsor believes the Plan as currently designed, is being operated in compliance with the applicable requirement of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

5. TAX STATUS (continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to the year ended December 31, 2008.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts

7. PARTY-IN-INTEREST

Certain Plan investments at December 31, 2010 and 2009 are invested in funds managed by Principal Trust Company. Principal Trust Company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Certain Plan investments were invested in funds managed by WyStar Global Retirement Solutions, a division of Wachovia Bank, N.A., through February 9, 2009. WyStar Global Retirement Solutions was the custodian as defined by the Plan, and therefore, these transactions qualified as party-in-interest transactions.

8. CORRECTIVE DISTRIBUTIONS PAYABLE

In order to pass the 2010 and 2009 Actual Deferral Percentage (ADP) Test, the Plan administrator elected to refund excess elective deferrals and earnings thereon to certain highly-compensated employees. The calculated amount was \$13,176 for 2010, and was distributed in February 2011. The calculated amount for 2009 was \$17,440, and was distributed August 2010. These amounts have been included as excess contributions payable in the accompanying Statements of Net Assets Available for Benefits.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. RECONCILIATION TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2010 and 2009 to the Form 5500:
